Woman Hurt As Bus, Auto Hit In Beaver

Midland Residents Also Are Involved In Other Accidents

A Midland woman was listed in "fairly good" condition this morning at Rochester General Hospital following an accident in East Rochester Tuesday afternoon.

Mrs. Nellie Taber, 48, of 469 Beaver Ave. suffered contusions of the scalp and lacerations and abrasions of the left lower leg when a car in which she was riding and a Rochester Transit Co. bus collided at 2:50.

The accident occurred at Case St. and Route 65 when, according to police, a bus operated by Harry Eckles, 70, of Beaver pulled into the path of the car driven by Eugene Taber, 22, of 360 Wood Ln., Midland.

Taber and Eckles escaped injury.

Another passenger in the Taber auto, Charles Baye, 48, of 372 Midland Ave., suffered abrasions of the lower lip and was treated and released at the hospital.

Two other accidents involving Midland residents were reported in the Beaver - Rochester area within a 24-hour period.

Ronald Williams, 18, of 328 Ohio Ave., was treated and released at Rochester General Hospital at 10:45 a. m. Tuesday following an accident on Route 65 near Rochester. He suffered contusions and abrasions of the cheek.

The other accident involved Michael P. Hornick of 1213 Beaver Ave., at 12:35 a. m. today when he was traveling south on Buffalo St. in Beaver and his car skidded into a utility pole.

Hornick escaped injury, but the right front of his car was damaged. Beaver police reported.

Herbert Will Speak At Republican Dinner

John D. Herbert, state treasurer, will be the speaker at the annual Lincoln birthday dinner sponsored by the Columbiana County Republican central and executive committee.

The event will be Feb. 22 at the Masonic Temple in Salem.

Tickets may be obtained through all Republican clubs and precinct committeemen in the county.

The next meeting of the county Republican Advisory Group will be at noon on Feb. 14 in the Wick Hotel, Lisbon.

Fire Routs Over 30 In Apartment House

CLEVELAND (AP) — A fire early today routed more than 30 persons—most of them dressed only in night clothes—from an East Side apartment building into 14-degree weather. No one was reported injured.

The fire caused heavy damage to the top two floors of the three - story Brookside Apartments. No estimate of the damage was immediately available and the cause of the fire was not determined.

Johnson Proposes Plan

$2 Billion Asked To Rebuild Cities

WASHINGTON (AP) — President Johnson proposed today a $2.3-billion, six-year federal aid program for rebuilding selected American cities "on an unprecedented scale."

The President, in his message to Congress on the cities outlined a vast program for rebuilding center cities, reorganizing and governing metropolitan areas and building new towns outside existing metropolitan areas to provide for the nation's fast-growing population.

In his demonstration program, available to any U.S. city, Johnson proposed:

"That we make massive additions to the supply of low- and moderate-cost housing.

"That we combine physical reconstruction and rehabilitation with effective social programs throughout the rebuilding process.

"That we achieve new flexibility in adminisitrative procedures.

"That we focus all the techniques and talent within our society on the crisis of the American city."

Johnson said "there are few cities and towns in America which could not participate in the demonstration cities program. We shall take special care to see that urban communities of all sizes are included. The impact of the program will be significant, involving as much as 15 or 20 per cent of the existing substandard structures."

The message amounted to an operating plan for a major phase of the principal assignment Johnson has given the new Department of Housing and Urban Development — to make cities better places in which to live. The President had sketched broad outlines of his rebuilding proposals in his State of the Union message two weeks ago.

Johnson spelled out qualifications for cities to take part in the program, including a requirement that the demonstration be of sufficient magnitude to "arrest blight and decay in entire neighborhoods" and "bring about a change in the total environment of the area affected."

The federal aid, he said, would take two forms. First would be "the complete array of all available plants and urban aids in the fields of housing, renewal, transportation, education, welfare, economic opportunity and related programs."

Finally, the President said, there would be special grants of up to 80 per cent of the nonfederal cost of the demonstration projects.

"These grants are to supplement the efforts of local communities," Johnson said. "They are not to be substituted for those efforts."

To get the new program rolling, Johnson proposed planning grants totaling $12 million. To carry out the program he said he would recommend appropriations over a six-year period totaling more than $2.3 billion, or an average of nearly $400 million a year.

Challenges Reams To Debate

Rep. McIlwain Enters Ohio's Governor Race

COLUMBUS, Ohio (AP) — State Rep. Harry H. McIlwain filed for the Democratic gubernatorial nomination today and challenged State Sen. Frazier Reams Jr., his lone opponent, to a public debate.

"I here and now throw out the challenge that he and I get a statewide hookup to debate the issues before the primary," McIlwain said at a news conference here.

The Cincinnati attorney said he has had no contact with Reams, who previously called for a "consolidated" state ticket to avoid a fight in the May 3 primary campaign.

"I'm convinced that the Democrats of Ohio want an open primary," McIlwain said, "with a voice in the selection of their candidate for the high office of governor.

"I have always walked and fought for the little people, both as a lawyer and a legislator, and I intend to stay with them now and give them a voice which they are entitled to have in the state government in the best tradition of the Democratic party."

McIlwain said he rejected what he called a defeatist attitude held by some who feel that Republican Gov. James A. Rhodes cannot be defeated for re-election.

McIlwain said he would campaign on the issues of high bonded indebtedness, mental health, education, highway safety, and juvenile problems, among others.

"These programs were moving forward until Gov. Rhodes took the reigns of government," McIlwain asserted.

"He has sabotaged them under the false colors of economy, for instead of economy, he is practicing waste, waste of human lives and resources and like a carnival barker in a flying circus, he has sought to detract from the sorriness of his program by noise and show."

"This indeed has been a special interest administration with the bankers getting the lion's share."

He said John Weithe of Cincinnati, Hamilton County Democratic vice chairman, would serve as his campaign finance chief. Weithe accompanied McIlwain and his wife here from Cincinnati.

Mrs. McIlwain, the former Marjorie Burris of Columbus, filed her husband's petitions for him with the secretary of state in advance of the news conference in the Neil House.

Fiery Crash Of Spy Plane Claims Pilot

U.S. Military Puts Tight Security On New Mexico Area

ROY, N.M. (AP)—The military clamped a tight security cover around a northeast New Mexico ranching area today after the flaming crash of a 2,000-mile per hour American spy plane.

One test pilot was killed and another injured slightly when the black SR71 spiraled to earth near the Texas border Tuesday. Both men parachuted out of the burning jet. One was found dead by ranch workers.

A spokesman at Edwards Air Force Base, Calif. said the SR71 was on a routine long-range test flight. The spokesman said that it was the first reported accident for the new series of 'twin - engine surveillance craft capable of scanning 60,000 square miles of earth from an altitude of 80,000 feet.

The Lockheed Aircraft Corp., which builds the secret craft, identified the dead pilot as James T. Zwaver of Lancaster, Calif. The injured man, Bill Weaver, 37, of Northridge, Calif., was not believed seriously hurt.

A rancher who carried Weaver by helicopter to a hospital quoted him as saying he didn't know what happened to the plane.

"Everything was going fine and suddenly—whoot," Albert Mitchell Jr. quoted Weaver as saying.

Mitchell and several other eyewitnesses said they heard explosions before the plane began a long fall to earth, trailing smoke.

The SR71, slightly heavier and longer model of the YF12A built by Lockheed, went into service Jan. 7.

Jury Studies Fate Of 4 In Sale Of Drug

CHICAGO (AP) — A jury of seven housewives and five men is deliberating the fate of Dr. Andrew C. Ivy and three others charged with fraud and conspiracy in the sale and promotion of Krebiozen.

Krebiozen is a substance taken by some cancer sufferers which the government contends is not an effective medication.

The jury heard tre testimony of 178 witnesses, 121 testifying for the government and 57 for the defense. The trial ends its ninth month Friday, and is the longest trial in Chicago's federal court history.

A transcript of the trial filled more than 18,000 pages and formed a stack of books seven feet high.

The defendants are Dr. Ivy, 72, director of medical research at Roosevelt University and chief sponsor of Krebiozen; Dr. Stevan Durovic, 60, developer of Krebiozen; his brother, Marko, 64, a lawyer; and Dr. William F.P. Phillips, 52, a general practitioner who has administered the drug.

Senate Split Over Issue Of Bombing

25 Of 50 Taking Position Against Renewing Air Raids

WASHINGTON (AP) — The Senate is widely divided on the issue of whether President Johnson should order a resumption of the bombing of North Viet Nam targets in the absence of any Communist peace feelers.

Of 50 senators willing to take a position in an Associated Press survey, 25 said they are against renewing air strikes at this point. Twenty-five said they favor resumption of bombing, most of them contending such action is inevitable.

If the bombings are revived, however, only 18 think they should be expanded to include industrial and military targets in the areas of Hanoi, the North Vietnamese capital, and Haiphong, its chief port.

Senatorial reluctance to take side on the bombing issue was emphasized by the refusal of 39 members to commit themselves on a decision they said is President Johnson's sole responsibility.

The White House said late Tuesday that the President had made no decision on the resumption of bombings. Sources said Tuesday night after Senate and House leaders met with Johnson that the congressional group had been given no word on whether the air strikes would be resumed.

Senators were asked in the AP survey: 1. Do you favor resumption of bombing of North Viet Nam targets such as those being hit before the suspension? 2. Do you favor expansion of the bombing to include military and industrial targets in such areas as Hanoi and Haiphong?

Senate Democratic Leader Mike Mansfield and Sen. J.W. Fulbright, D-Ark., chairman of the Senate Foreign Relations Committee, led the list of those opposed to resuming air attacks.

Senate Republican Leader Everett M. Dirksen, who said that "war admits of no holiday," nevertheless declined to take a position because he said, "You don't make a final judgment unless you are sure you have the facts."

Sen. Thomas H. Kuchel of California, the assistant Republican leader, declined comment. Sen. Russell B. Long of Louisiana, the assistant Democratic leader, said he favors resumption of bombings. He said that if the President decides to widen their scope, he will support the action.

The two women senators, Margaret Chase Smith, R-Maine, and Maurine B. Neuberger, D-Ore., said they are opposed to renewing bombings now and against widening their scope if they are resumed.

Sen. Robert F. Kennedy, D-N.Y., said he wants to prolong the pause in attacks in the hope that "we can find some point of negotiation." He said he would not favor expansion to include targets near Hanoi or Haiphong.

Sen. George D. Aiken, R-Vt., said he would not resume bombings unless Communist countries made it clear they wanted to fight the war to a finish.

Huge Display Of Firepower

U.S. Warplanes And Destroyers Rip Red Targets

SAIGON, South Viet Nam (AP) — U.S. warplanes flew more than 400 combat missions against suspected Red targets in South Viet Nam today and three U.S. 7th Fleet destroyers unloosed a coastal barrage of 729 heavy shells in a massive display of American firepower.

A U.S. spokesman said hundreds of huts and small buildings were hit in the bombardment of Viet Cong concentrations and supply camps, but the suspension of American air attacks against the Communist North continued into the 34th day.

U.S. Air Force and Navy planes, including the eight-engine B52 Stratofortresses from Guam, took part in the all-out assault.

On the ground, U.S. and other Allied troops extended their post-truce offensive but failed to prod the Viet Cong or North Vietnamese regulars out of their jungle hideaways.

Although long columns slogged through the forests and rice paddies, military spokesmen reported no major encounter with the enemy or any sign of the whereabouts of the North Vietnamese troops in the central highlands.

U.S. Marines fanned out of their big base at Da Nang, 380 miles northeast of Saigon, on 300 patrols in the last 24 hours, but mostly met only an occasional gunshot, mine or booby trap. They were seeking the Viet Cong mortar crews who lobbed 42 shells into the base Tuesday, killing three Americans and two Vietnamese.

One patrol came across an unknown number of Viet Cong shortly after midnight and a moderately heavy firefight ensued. One Viet Cong was killed, a spokesman said, and Marine casualties were moderate.

The multipronged Allied offensive began with the end of the 3¼-day Allied cease - fire Sunday night. The U.S. Command reported today that the truce brought a sharp decline in U.S. combat deaths last week but the number of Americans wounded went down only slightly.

Twenty-two Americans were killed and 193 wounded compared with 52 killed and 237 wounded in the previous week, a U.S. spokesman said. One American was reported missing in action or captured compared with three in the seven-day period that ended Jan. 15.

Spellers Get Set For County Bees

Canton and Washington, D.C., are beckoning to spellers from Columbiana County as plans are under way for competition on local levels which will be climaxed by the countywide finals on April 1 at the gymnasium-auditorium of David Anderson High School in Lisbon.

The five finalists from the 32 in the bee at Lisbon, as in the past, will advance to the regional event at Timken High School in Canton on April 22. The winner at Canton will participate in the National Spelling Bee June 6-11 at Washington.

THE CONTEST for students in the East Liverpool school system will be held March 25 at East Junior High School.

The countywide parochial bee is scheduled March 26 at St. Aloysius School here, with schools from Salem, Wellsville, East Palestine and Leetonia also participating. Each parochial school will send three finalists here.

The Wellsville public school spelldown will be March 16 at MacDonald School and the county system finals March 18 at Fairfield School.

Dates for qualifying spelldowns in Salem, Lisbon and Leetonia public schools have not yet been scheduled. The spelldown in Columbiana village will be held March 9 at South Side School.

Based on enrollment, the various school systems will send

House OKs Measure, 99-0

Senate In West Virginia Due Minimum Wage Bill

CHARLESTON, W. Va. (AP) — The House-approved minimum wage bill was scheduled for introduction in the Senate today and was expected to be referred to committee. Otherwise, the 1 p. m. meetings scheduled for both houses promised to be brief, with no major legislation at passage or amendment stage.

The minimum wage proposal took the spotlight Tuesday, although the delegates had nothing to say about the measure in passing it 99-0. The House has approved proposed state wage and hour laws in the past, but the lack of debate and unanimous vote were unprecedented.

As approved, the bill—similar to one the House passed 85-15 last year—provides a $1-an-hour minimum wage for workers in businesses with six or more persons at any one separate location. But it excludes those included in 15 exempt categories.

The measure requires time and a half pay for work beyond 48 hours a week.

Supporters of the bill say it is designed mainly to benefit motel, restaurant, hospital and laundry workers and clerks in retail outlets not large enough to be covered by federal law.

Steps Taken On 2 Fronts By Johnson

LBJ Confers With Congress Leaders, Key Security Aides

WASHINGTON (AP) — President Johnson has made new moves on diplomatic and political fronts amid mounting indications of a possible early resumption of the bombing of North Viet Nam targets.

The political move came at dusk Tuesday night when the President summoned 20 congressional leaders from both parties to meet with him and key members of the National Security Council to discuss Viet Nam and other matters. One source reported the meeting was not called as a result of any emergency development.

Part of the 2½-hour session was devoted to a presentation of evidence from aerial reconnaissance and reports of refugees.

These reports indicated that Hanoi has used the 34-day pause in the bombings to rebuild roads and bridges and increase the flow of supplies — and perhaps armed troops — to Viet Cong guerrillas in South Viet Nam.

Earlier, in a series of messages to foreign governments, Johnson had acted to clear the way diplomatically for a resumption of the bombings if and when he decides that is necessary.

Announcement of Tuesday night's White House meeting was not made until the session was under way. White House press secretary Bill D. Moyers reported Johnson had asked the congressional leaders to "regard the information divulged as confidential."

Vice President Hubert H. Humphrey was on hand, along with Secretary of State Dean Rusk and Secretary of Defense Robert S. McNamara.

Also attending were Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff; William F. Raborn, director of the Central Intelligence Agency; Gen. Maxwell D. Taylor, former ambassador to Saigon who now is a presidential consultant on Viet Nam; and roving Ambassador W. Averell Harriman, just back from an overseas peace mission.

The congressional delegation included most of the top Democratic and Republican leaders of the Senate and House as well as the chairmen and ranking members of such committees as Foreign Relations, Armed Services and Appropriations.

These were some of the items of evidence, mostly photographic, being weighed by the administration as it considered a resumption of bombings:

More Skirmishing Due On Section 14-B

WASHINGTON (AP) — More parliamentary skirmishing was in prospect today in the Senate battle over the bill to repeal section 14B of the Taft-Hartley law which authorizes states to outlaw union shop contracts.

Democratic Leader Mike Mansfield told newsmen he believed he would have "a little more favorable position" today in his effort to circumvent a filibuster and get the bill up for debate.

Republican Leader Everett M. Dirksen, chief strategist of the forces opposing the legislation, declared he was confident of blocking it "so long as we have breath and ingenuity."

They were seeking the Viet Cong mortar crews who lobbed 42 shells into the base Tuesday, killing three Americans and two Vietnamese.

One patrol came across an unknown number of Viet Cong shortly after midnight and a moderately heavy firefight ensued. One Viet Cong was killed, a spokesman said, and Marine casualties were moderate.

The multipronged Allied offensive began with the end of the 3¼-day Allied cease - fire Sunday night. The U.S. Command reported today that the truce brought a sharp decline in U.S. combat deaths last week but the number of Americans wounded went down only slightly.

Twenty-two Americans were killed and 193 wounded compared with 52 killed and 237 wounded in the previous week, a U.S. spokesman said. One American was reported missing in action or captured compared with three in the seven-day period that ended Jan. 15.

Spellers Get Set For County Bees

Canton and Washington, D.C., are beckoning to spellers from Columbiana County as plans are under way for competition on local levels which will be climaxed by the countywide finals on April 1 at the gymnasium-auditorium of David Anderson High School in Lisbon.

The five finalists from the 32 in the bee at Lisbon, as in the past, will advance to the regional event at Timken High School in Canton on April 22. The winner at Canton will participate in the National Spelling Bee June 6-11 at Washington.

THE CONTEST for students in the East Liverpool school system will be held March 25 at East Junior High School.

The countywide parochial bee is scheduled March 26 at St. Aloysius School here, with schools from Salem, Wellsville, East Palestine and Leetonia also participating. Each parochial school will send three finalists here.

The Wellsville public school spelldown will be March 16 at MacDonald School and the county system finals March 18 at Fairfield School.

Dates for qualifying spelldowns in Salem, Lisbon and Leetonia public schools have not yet been scheduled. The spelldown in Columbiana village will be held March 9 at South Side School.

Based on enrollment, the various school systems will send

House OKs Measure, 99-0

Senate In West Virginia Due Minimum Wage Bill

CHARLESTON, W. Va. (AP) — The House-approved minimum wage bill was scheduled for introduction in the Senate today and was expected to be referred to committee. Otherwise, the 1 p. m. meetings scheduled for both houses promised to be brief, with no major legislation at passage or amendment stage.

The minimum wage proposal took the spotlight Tuesday, although the delegates had nothing to say about the measure in passing it 99-0. The House has approved proposed state wage and hour laws in the past, but the lack of debate and unanimous vote were unprecedented.

As approved, the bill—similar to one the House passed 85-15 last year—provides a $1-an-hour minimum wage for workers in businesses with six or more persons at any one separate location. But it excludes those included in 15 exempt categories.

The measure requires time and a half pay for work beyond 48 hours a week.

Supporters of the bill say it is designed mainly to benefit motel, restaurant, hospital and laundry workers and clerks in retail outlets not large enough to be covered by federal law.

Steps Taken On 2 Fronts By Johnson

LBJ Confers With Congress Leaders, Key Security Aides

WASHINGTON (AP) — President Johnson has made new moves on diplomatic and political fronts amid mounting indications of a possible early resumption of the bombing of North Viet Nam targets.

The political move came at dusk Tuesday night when the President summoned 20 congressional leaders from both parties to meet with him and key members of the National Security Council to discuss Viet Nam and other matters. One source reported the meeting was not called as a result of any emergency development.

Part of the 2½-hour session was devoted to a presentation of evidence from aerial reconnaissance and reports of refugees.

These reports indicated that Hanoi has used the 34-day pause in the bombings to rebuild roads and bridges and increase the flow of supplies — and perhaps armed troops — to Viet Cong guerrillas in South Viet Nam.

Earlier, in a series of messages to foreign governments, Johnson had acted to clear the way diplomatically for a resumption of the bombings if and when he decides that is necessary.

Announcement of Tuesday night's White House meeting was not made until the session was under way. White House press secretary Bill D. Moyers reported Johnson had asked the congressional leaders to "regard the information divulged as confidential."

Vice President Hubert H. Humphrey was on hand, along with Secretary of State Dean Rusk and Secretary of Defense Robert S. McNamara.

Also attending were Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff; William F. Raborn, director of the Central Intelligence Agency; Gen. Maxwell D. Taylor, former ambassador to Saigon who now is a presidential consultant on Viet Nam; and roving Ambassador W. Averell Harriman, just back from an overseas peace mission.

The congressional delegation included most of the top Democratic and Republican leaders of the Senate and House as well as the chairmen and ranking members of such committees as Foreign Relations, Armed Services and Appropriations.

These were some of the items of evidence, mostly photographic, being weighed by the administration as it considered a resumption of bombings:

More Skirmishing Due On Section 14-B

WASHINGTON (AP) — More parliamentary skirmishing was in prospect today in the Senate battle over the bill to repeal section 14B of the Taft-Hartley law which authorizes states to outlaw union shop contracts.

Democratic Leader Mike Mansfield told newsmen he believed he would have "a little more favorable position" today in his effort to circumvent a filibuster and get the bill up for debate.

Republican Leader Everett M. Dirksen, chief strategist of the forces opposing the legislation, declared he was confident of blocking it "so long as we have breath and ingenuity."

Gov. Breathitt To Sign Kentucky Rights Measure

FRANKFORT, Ky. (AP) — Gov. Edward T. Breathitt, adding a touch of drama to Kentucky's new civil rights bill, will sign it Thursday morning at the base of Abraham Lincoln's statue in the Capitol rotunda.

He hailed the unprecedented action of the General Assembly as "another step in Kentucky's steady civil rights progress over the past 15 years."

The state has become the first south of the Mason-Dixon Line to enact a comprehensive measure barring racial discrimination in public accommodations and jobs. The law takes effect July 1.

It contains wider coverage than the federal Civil Rights Act of 1964 and is much stronger than a version which died in committee in a 1964 legislative session.

The only opposition voiced by senators in less than an hour of debate was on the ground it is too weak.

The measure, which glided through the House 76-12 last week, won 36-1 Senate approval Tuesday. By bipartisan agreement, no amendments were offered although a dozen had been prepared.

Sen. C.W.A. McCann, D-Louisville, said, "Today, gentlemen, you are making history. You are giving the Negro what he should have had when Lincoln freed him 100 years ago."

The Very Rev. Robert Estill, chairman of the State Human Rights Commission, said, "As a native Kentuckian I am very proud of our legislators and particularly of Gov. Breathitt for his leadership. However, none of us can pat ourselves on the back for doing something we should have done long ago."

Some Republicans, who reluctantly tore up proposed amendments, had second thoughts about the bill.

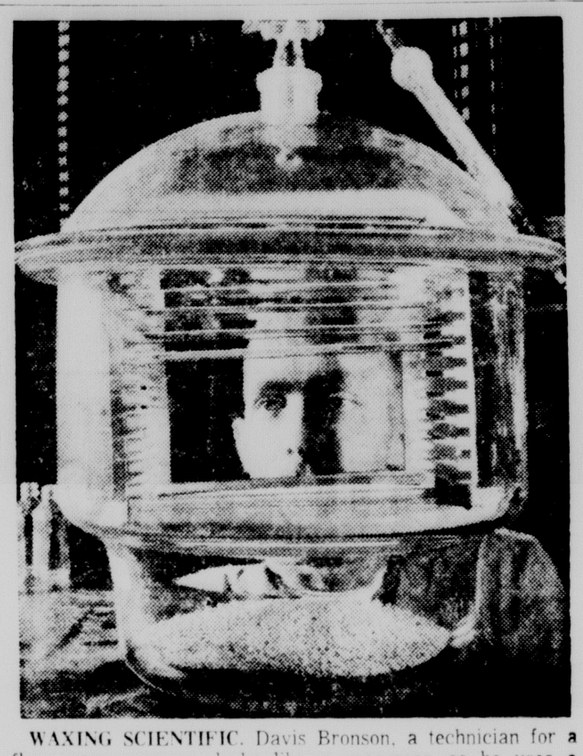

"It's nothing but a hollow fraud," said Sen. Donald Johnson, R-Alexandria. "We're giving the Negroes nothing whatsoever."

"This bill is so weak I imagine it can be passed in Alabama," said Sen. Scott Miller, R-Louisville, who had planned an amendment to include all employers.

The bill's fair employment section affects employers of as few as eight persons. The federal version now covers 100.

It grants Negroes access to places not covered in the U. S. act — such as bowling alleys, golf driving ranges, skating rinks, automatic coin laundries, and some taverns without food service.

Exempt under the state bill are barber and beauty shops, private clubs and owner-occupied rooming houses with five or fewer rooms for rent.

Negro Woman Appointed U.S. Judge By President

NEW YORK (AP) — When Constance Baker Motley was a high school senior in her home town of New Haven, Conn., her father, a chef, asked why she had already decided to become a lawyer.

"...Law is difficult," she replied, "and I want to do something that's difficult."

She certainly did. Most of Mrs. Motley's adult years have been spent in the eye of one legal hurricane or another, and her selection Tuesday by President Johnson to be a federal district court judge is not likely to ease her burden.

She is believed to be the first Negro woman to be nominated for a federal judgeship.

Northern born and Southern educated, with graduate work at Columbia University Law School, she has helped break several precedents in her 21-year career.

As second-ranking attorney in the legal defense fund of the National Association for the Advancement of Colored People — the $2-million - a - year agency that handles many of the nation's civil rights cases — she has argued many times before the U.S. Supreme Court.

In 1964, she left the fund to enter a special election, and became New York's first Negro woman state senator. A year later, she was named by the Democrats as Manhattan's first woman borough president, a $35,000-a-year post.

Mrs. Motley, 44, has always seemed to move with the storm.

She represented James H. Meredith when he became the first known Negro to enroll at the University of Mississippi. She led a battery of five lawyers to get Harvey Gantt admitted to Clemson College in 1962. She was the NAACP's chief legal tactician in the struggle over Alabama school desegregation, and she was instrumental in getting Charlayne Hunter and Hamilton Holmes into the University of Georgia in 1961.

While still in law school, Mrs. Motley was brought onto the NAACP fund's staff by Thurgood Marshall, then its chief counsel, later a U.S. circuit judge, and now solicitor-general.

Hope Of Raising Living Standard Stirs Cherokee

WAVERLY, Ohio (AP)—Hope of improving their standards of living is causing a ripple of excitement these days among an estimated 175 people of Cherokee Indian descent living in this area.

Announcement of a recently approved grant of $11,337 for a study of needed antipoverty projects has raised the hopes of most and favorable reaction seemed unanimous.

The federal grant specifies that at least two Cherokee Indians be included on the Community Action Committee that will make the study and guide the projects.

Most of the Indians who settled about 1860 along Straight Creek in Adams County were from Oklahoma. Their descendants today reside in an area near the confluence of the Pike, Highland, Adams and Ross County lines.

C. A. Way, assistant county school superintendent and a member of the committee, has received a list of those with Indian blood. Selection of the two to serve on the committee is expected soon.

It is estimated that 175 people of Cherokee descent live in the area. Their economic conditions range from what observers say is tolerable to very bad. Many are on relief rolls. Among the youth, the school drop-out rate ranges from 70 to 90 per cent.

Some do not have electricity and haul water from some distance. Coal and wood stoves provide heat for cooking and living. Newspaper often serve three purposes—providing reading material, wall paper and broken window coverings.

Dr. Crawford, Acting Pitt Chancellor, Dies

PITTSBURGH (AP)— A spokesman for the University of Pittsburgh said acting chancellor Dr. Stanton C. Crawford died today of a heart attack. He was 68.

The spokesman said Crawford was stricken at his home in Pittsburgh after attending a banquet at Duquesne University.

Crawford assumed the post of acting chancellor June 18 after Dr. Edward H. Litchfield resigned as chancellor after suffering a heart attack. Crawford was associated with Pitt for 43 years.

He was named to the position while Pitt was in the midst of a financial crisis. The university had to borrow $1.5 million from the state to meet its June payroll.

Crawford, in his seven months as acting chancellor, had inaugurated a series of weekly faculty meetings in an effort to help Pitt from its difficulties. He also supervised the development of plans for Pitt to become more closely related with the state.

A recent Ford Foundation study that commented on Pitt's woes commended Crawford for the administrative changes he had started.

Crawford recently outlined the philosophy of his job as acting chancellor.

"Progress will be made in the interim before a new chancellor is appointed, but it will be progress within the existing framework. Obviously, it would not be wise at this time to make any substantial changes in the administrative structure or in the educational program," he said.

Crawford was a native of Steubenville, Ohio, and came to Pitt in 1922 as a graduate student in biology. He earned his doctor of philosophy in 1926 and served until 1933 as head of Pitt's Johnstown center.

He was named dean of the college in 1935 and held that post for 21 years. In 1956, Crawford became secretary of the board of trustees.

He is survived by his widow, Mary, and two daughters.

Funeral arrangements were incomplete.

Planning Progress Outlined During Quota Club Meeting

The progress of the City Planning Commission was discussed during the meeting of the Quota Club Tuesday night at Mary Patterson Memorial.

Don Eckert, commission chairman, explained the extensive study required by the various phases of the program. He said the first phase of the plan will be completed in July and pointed out how local organizations will be able to assist in the many projects necessary for completion of the work.

During a question-and-answer session, he touched on transportation, including the new proposed airport, a centrally - located shopping mall, parking facilities and renovation of stores and buildings.

Miss Gladys DeBolt, a member of the commission, also discussed the work. Mrs. Marguerite Sayre, program chairman, introduced the speakers.

Copies of the charter, bylaws and rules of procedure were distributed by the president, Mrs. Marie Hays. Miss Ethelyn Exley, recording secretary, passed out membership cards denoting dues paid. Miss DeBolt, treasurer, handled registration.

Members were reminded of the annual inspection visit of Mrs. Madge Rittinger of Columbus, 6th District governor, at a dinner session Feb. 22 at the Travelers Hotel. Annual reports are to be presented by all standing committee chairmen.

Refreshments were served 22 at a buffet table covered with a red satin cloth and centered with an arrangement of red carnations, white mums and snapdragons highlighted with Valentine hearts. Red and white tapers in silver candelabra completed the setting. Mrs. Hays poured at the silver service.

Mrs. Evelyn Popp was a guest.

The next luncheon session will be Feb. 8 at the hotel.

Weevils' Control To Be Discussed At Salem Meeting

SALEM — The control of the alfalfa weevil will be discussed during a meeting at 9:45 a.m. Feb. 2 in the Home Savings and Loan Community Room at 650 E. State St.

Joe D. Pittman, county agriculture agent, said he anticipates that the weevil will be present in the county this summer in large numbers, with possible serious damage. Because of this, he said, it is most important that farmers be able to identify the weevil early and understand the chemicals that best will control it.

Dr. B. D. Blair, extension entomologist, will discuss "The Alfalfa Weevil — What It Is and Control Methods." Don Graffis, extension agronomist, will discuss whether or not alfalfa should be grown.

"Alfalfa versus Substitution in the Dairy Ration" will be discussed by John Staubus, extension dairyman. Ray Krofta, extension economist, will speak on "Costs and Return in Forage Crop Production."

2 Firms Approve Merger In April

NEW YORK (AP)—Directors have approved a plan to merge the American Bank Stationery Co., Baltimore, into the Mosler Safe Co., it was announced Tuesday.

The merger is scheduled to go into effect in April, subject to the approval of stockholders of the two companies at special meetings in March.

The proposal calls for Mosler to issue two shares of its common stock for each one of American's. American would be a Mosler subsidiary.

Mosler makes safes and ottice systems equipment. American produces magnetically coded imprinted checks, business forms and financial stationery.

Dr. Crawford, Acting Pitt Chancellor, Dies

PITTSBURGH (AP)—A spokesman for the University of Pittsburgh said acting chancellor Dr. Stanton C. Crawford died today of a heart attack. He was 68.

The spokesman said Crawford was stricken at his home in Pittsburgh after attending a banquet at Duquesne University.

Crawford assumed the post of acting chancellor June 18 after Dr. Edward H. Litchfield resigned as chancellor after suffering a heart attack. Crawford was associated with Pitt for 43 years.

He was named to the position while Pitt was in the midst of a financial crisis. The university had to borrow $1.5 million from the state to meet its June payroll.

Crawford, in his seven months as acting chancellor, had inaugurated a series of weekly faculty meetings in an effort to help Pitt from its difficulties. He also supervised the development of plans for Pitt to become more closely related with the state.

A recent Ford Foundation study that commented on Pitt's woes commended Crawford for the administrative changes he had started.

Crawford recently outlined the philosophy of his job as acting chancellor.

"Progress will be made in the interim before a new chancellor is appointed, but it will be progress within the existing framework. Obviously, it would not be wise at this time to make any substantial changes in the administrative structure or in the educational program," he said.

Crawford was a native of Steubenville, Ohio, and came to Pitt in 1922 as a graduate student in biology. He earned his doctor of philosophy in 1926 and served until 1933 as head of Pitt's Johnstown center.

He was named dean of the college in 1935 and held that post for 21 years. In 1956, Crawford became secretary of the board of trustees.

He is survived by his widow, Mary, and two daughters.

Funeral arrangements were incomplete.

Planning Progress Outlined During Quota Club Meeting

The progress of the City Planning Commission was discussed during the meeting of the Quota Club Tuesday night at Mary Patterson Memorial.

Don Eckert, commission chairman, explained the extensive study required by the various phases of the program. He said the first phase of the plan will be completed in July and pointed out how local organizations will be able to assist in the many projects necessary for completion of the work.

During a question-and-answer session, he touched on transportation, including the new proposed airport, a centrally - located shopping mall, parking facilities and renovation of stores and buildings.

Miss Gladys DeBolt, a member of the commission, also discussed the work. Mrs. Marguerite Sayre, program chairman, introduced the speakers.

Copies of the charter, bylaws and rules of procedure were distributed by the president, Mrs. Marie Hays. Miss Ethelyn Exley, recording secretary, passed out membership cards denoting dues paid. Miss DeBolt, treasurer, handled registration.

Members were reminded of the annual inspection visit of Mrs. Madge Rittinger of Columbus, 6th District governor, at a dinner session Feb. 22 at the Travelers Hotel. Annual reports are to be presented by all standing committee chairmen.

Refreshments were served 22 at a buffet table covered with a red satin cloth and centered with an arrangement of red carnations, white mums and snapdragons highlighted with Valentine hearts. Red and white tapers in silver candelabra completed the setting. Mrs. Hays poured at the silver service.

Mrs. Evelyn Popp was a guest.

The next luncheon session will be Feb. 8 at the hotel.

Weevils' Control To Be Discussed At Salem Meeting

SALEM — The control of the alfalfa weevil will be discussed during a meeting at 9:45 a.m. Feb. 2 in the Home Savings and Loan Community Room at 650 E. State St.

Joe D. Pittman, county agriculture agent, said he anticipates that the weevil will be present in the county this summer in large numbers, with possible serious damage. Because of this, he said, it is most important that farmers be able to identify the weevil early and understand the chemicals that best will control it.

Dr. B. D. Blair, extension entomologist, will discuss "The Alfalfa Weevil — What It Is and Control Methods." Don Graffis, extension agronomist, will discuss whether or not alfalfa should be grown.

"Alfalfa versus Substitution in the Dairy Ration" will be discussed by John Staubus, extension dairyman. Ray Krofta, extension economist, will speak on "Costs and Return in Forage Crop Production."

2 Firms Approve Merger In April

NEW YORK (AP)—Directors have approved a plan to merge the American Bank Stationery Co., Baltimore, into the Mosler Safe Co., it was announced Tuesday.

The merger is scheduled to go into effect in April, subject to the approval of stockholders of the two companies at special meetings in March.

The proposal calls for Mosler to issue two shares of its common stock for each one of American's. American would be a Mosler subsidiary.

Mosler makes safes and office systems equipment. American produces magnetically coded imprinted checks, business forms and financial stationery.

The Value Of Contrary Opinion

If President Johnson's honeymoon with Congress is over, as many observers are sure it is, the question is whether it could have been prolonged.

After all, every honeymoon must end sometimes, even the happiest.

When political honeymoons end, it is no reflection on the honeymooners. It is something that happens inevitably with the passage of time.

If it happened to Lyndon B. Johnson a little earlier than had been expected by some of the romanticists who try to find resemblances to personal life in politics, the reason could be his remarkable success with government by consensus.

There is just so much consensus in the American political makeup. When it has been used up, its place is taken by something equally commonplace in political behavior — contrary opinion.

The value of contrary opinion in a people's government should be obvious to all, but it isn't. People whose opinions are being challenged resent a contrary opinion. Politicians whose positions are challenged fight to the last man.

People are called harsh names for questioning the status quo. In our times, they are smeared with labels and innuendoes about their character and their loyalty. But, because they are Americans, born and bred in a society that jealously guards the right to dissent, they are not intimidated.

This is how the Johnson honeymoon is ending. Government by consensus has hit its peak and is on the downhill slope. This is no reflection on President Johnson, who is as knowledgeable a politician as he ever was.

It is, rather, a tribute to the innate nature of the Republic.

When enough people have been saying yes long enough, enough other people will say no. That is contrary opinion. That is America.

A Tiny Handful

The shocking traffic in narcotics that has been revealed on the fringes of two of Ohio's state universities apparently included some students.

This type of going astray always is a worry for parents of college students away from home on their own. The universities themselves do everything they can think of to create a healthful climate and activities to sustain it. Yet trouble can happen and does happen and, in some fashion or another has happened for generations.

It is unfortunate that Kent State and Ohio State are thrust, as a result, into the limelight. Yet the fact is that only a tiny handful of students fell victim — a number you could count on both of your hands.

Compare this with the 14,500 enrolled on the campus at Kent and the 40,000 at Columbus, and the records of both universities are pretty good.

Other Side Of Involvement

A Bronx storekeeper who helped a New York City policeman fight off a mob last spring and was praised for heroism is still enduring the tragic consequences of "getting involved."

The immediate consequence was an ice-pick wound in the back. When he recovered and went home to the Bronx, his neighbors taunted him and his wife. They boycotted his store. He had to sell out and liquidate his grocery inventory for a fraction of its true value. He and his wife currently are being supported by a daughter—and the daughter is soon to be married.

The storekeeper, Enrique Negron, is a Puerto Rican. His neighbors are Puerto Ricans. They "hate cops"; that is the code they live by. They hate people who do not "hate cops." They hate Enrique Negron because he was willing "to get involved" when he interceded to keep his neighbors from mauling and possibly killing a policeman.

There is another side to the question of "getting involved" in the violence of the times we live in. It's never mentioned when sanguine philosophers explain why we owe it to mankind to help our fellowmen. But it's there.

Enrique Negron, who says he would help again in the same circumstances, knows that virtue in these instances is its own reward. There may be no other.

Line To Hold At 3.2

By Neil Gilbride

WASHINGTON

President Johnson, fighting to stave off the threat of inflation, won't provide an expected boost in White House wage guideline in his economic message to Congress Thursday.

Although the labor movement doesn't like it, Johnson won't budge from the four-year-old 3.2 per cent guideline despite booming industrial production figures.

The guideline means that wage increases up to 3.2 per cent per year are non - inflationary and okay with the White House. Thus, under the formula, a worker making $3 per hour could get a 9.6-cent hourly hike without incurring Johnson's displeasure.

BIG LABOR, from AFL-CIO President George Meany on down, never has accepted the guideline, so what do union chieftains have to be mad about?

They think Johnson has abandoned the rules in failing to hike the wage guideline to 3.4 or possibly 3.6 per cent on the basis of the government's own economic figures.

"They're just grabbing 3.2 per cent out of thin air without any economic justification at all," said one high union official.

The theory of the guideline is that productivity — the amount of goods a worker produces per hour — has been rising 3.2 per cent a year. So industry can grant that much in wage increases without boosting prices.

Labor, and many economists, had expected an increase because the nation's industrial production rose more rapidly than expected in 1965.

One member of the President's Economic Advisory Council, which originally formulated the wage - price guidelines, hinted strongly months ago that an increase to at least 3.4 per cent might be in the cards this year.

WHITE HOUSE economists reportedly now argue that any boost in the wage guideline would have an inflationary effect, even if government figures do indicate some justification for an increase.

Even more worrisome to top labor leaders—briefed in advance of Johnson's economic message — is the hint of wage controls if signs of inflation increase.

The economic message will propose no such controls, but high administration officials mentioned the subject at the briefing.

"We do not believe there is any immediate threat of inflation so serious as to warrant extraordinary measures," Meany said after the session.

But if the demands of Viet Nam require controls, Meany added, they should be applied across the board to all costs, prices, profits and wages.

Some labor spokesmen believe Johnson has been using the "suggested" guidelines as almost a substitute for mandatory controls.

JOHNSON used the wage - price guidelines, for instance, to hold steelworkers' wage demands to 3.2 per cent, and more recently pressured the steel industry to roll back a $5-per-ton price increase to $2.75.

Johnson and Secretary of Labor W. Willard Wirtz sharply criticized the New York transit strike settlement for exceeding the guideline. Federal sources estimated the increase at about 4.6 per cent.

The guidelines do leave room for maneuvering in particular industries where productivity or wage increases differ from the national average.

But both labor and industry have at times criticized the guidelines for creating inflexibility at the bargaining table.

"The guidelines have produced strikes that wouldn't have occurred otherwise," said one labor spokesman.

There Is No Peace

By Truman Twill

When I was young, there was peace.

It didn't last long, but temporarily we had an illusion that war would be no more — we who were young. The world had been made safe for democracy, we were told, and in a world made safe for democracy there could be no war.

The people themselves never would choose war over peace. There even was talk for a time about making future warmakers fight it out man to man if it came to a military showdown — our Woodrow Wilson against their Kaiser Bill. That was pretty funny.

But it never would be necessary because the League of Nations would outlaw war. The Kellogg-Briand Pact, also known as the Treaty of Paris, would make war impossible.

The International Court of Justice at the Hague would settle disputes on a judicial basis. Sanctions and boycotts would cool off would-be belligerents.

Later on, the United Nations was going to do the same job.

And after this war's over, there will be a new hope raised for the comfort of mankind—something for trusting souls to believe in while international wheelers and dealers get on with their wheeling and dealing.

Anyone who tries to stop them will have to fight. That's the way the game is played.

While the gullible humans of this disordered world believe in prospects of peace and ever-loving kindness, its movers and shakers believe in strong-arming their way to power.

They know when the time comes to beat the drums and ring the gongs that peace dreamers will have to recognize that civilization needs saving again and it is time for everybody to stand shoulder to shoulder once more in defense of all that is worth saving, etc.

And that is what happens to peace.

It exists only in dreams.

People talk about it endlessly, but few do anything about it not even sporadically. This is because few are at peace with themselves or the world. Occasionally, someone like Albert Schweitzer is at peace, but when it happens his contemporaries put him in a display case and look upon him as a curiosity. They should. A man at peace is a rare specimen indeed.

There will be no peace on earth until wheelers and dealers and movers and shakers get it out of their heads they can run the world to suit themselves. And when will that happen? Never.

If you and you and you got into the driver's seat tomorrow, you would be plotting by tomorrow night how to run the world to suit yourselves—we'd have more wars to fight.

When I was young there was peace on earth. I didn't know then about wheelers, dealers, movers and shakers getting ready for World War II before the last corpses of World I had been decently covered with earth.

An atheist may be sworn in as a witness in court, even though he denies belief in God, provided he admits that an oath would be binding on his conscience. If the witness is conscientiously opposed to taking an oath, he may be permitted to testify merely on affirmation, which is equivalent in law to an oath.

Now For The Other Barrel!

Quill Aiming 'Book' At Pennsy

By Victor Riesel

Never let it be said that Mike Quill and his followers are not an orderly lot. They are devout men and there are times they are so devoted to the book of rules, it indeed becomes their bible.

Victor Riesel

There's nothing like a sudden affection for each and every rule, especially on a railroad when a union is preparing to throw the book at an employer. It's better than a strike. But the line slows to a walk or stops entirely, depending on their fealty to regulations. Yet the men are on the job—and are paid.

Now, Quill's Transport Workers Union is throwing the book at the Pennsylvania Railroad. They shut the line down in '60. Now they plan to slow it up.

If the union snarls the line's 10,000 miles of road, there will be outcries—which will re-echo in the Senate, just as labor and its allies launch their drive to outlaw local option privileges on the union-shop ban.

This is certain to revive the unrevered memory of the big blitz of '66, which hit New York City. And it will recall Labor Department reports that '65 was the past decade's peak year for strikes.

IT WILL MAKE Senate Majority Leader Mike Mansfield less enthusiastic over what he believes to be a command performance—and the command is not from President Lyndon Johnson.

The national labor leaders have been pressuring the erudite Mr. Mansfield to hit the non-contrite Everett Dirksen with everything in the legislative rule book.

Labor President George Meany, in a private talk, urged Mr. Mansfield to keep the Senate in session throughout the day and night, when the Republicans start their filibuster against the repeal of 14B. Keeping the older Republicans on a 20-hour schedule, or longer, would crack the elder statesmen and probably smash the filibuster after a while.

Mr. Mansfield has refused. When the labor men appealed directly to President Johnson, he talked confidentially with the majority leader earlier this month. Then he told Mr. Meany that nothing more could be done with that chap. He's very independent.

THE PRESIDENT gave his word he'd back labor's major objective which would enable them to launch sweeping unionization campaigns in 19 states. The President kept his word. He tried to move Mr. Mansfield, who stepped into Mr. Johnson's big shoes in the Senate.

The President is a veteran at this. He would have expected a President to take his advice when he was majority leader (if that President were of his own party). And he probably is taking Mr. Mansfield's counsel—that it will be unwise—and undoubtedly futile — to attempt to smash the filibuster with tough tactics.

So the union chiefs now feel that Mr. Mansfield will call for a premature vote on cloture (closing debate).

And the 14B repealer will be ready for floral wreaths inscribed with "Rest in Peace."

THERE WILL BE a noisy battle. And it will put President Johnson on the spot. One senator, who could not be more friendly to the labor movement, put it this way the other day:

"This really is labor's test of influence. The union chiefs have made 14B repeal the most singular issue not only of their legislative program but of their strength. Obviously repeal now is a symbol. This means they have, unwisely I think, taken a special interest issue, of benefit mainly to themselves and their movement, and have made it the prime issue of the session.

"This puts Lyndon Johnson on the spot. Whether the labor leaders think so or not, many of us sincerely believe that the public will think that repeal of 14B in a knock-down fight at this time makes the Democratic party theirs. And thus a party of special interest. And you know what happened to the Republican party when the public thought that of the G.O.P."

THIS, SAID HE, won't be noticed until the real heat is poured on for repeal, all other legislation is held up, the headlines are screaming and all this against a panorama of war news.

Couple this with the strike-rattling on the rail lines by several unions and the aftermath of the transit strike and labor could suddenly find itself on the defensive.

That's why Mr. Mansfield may get up more blood pressure than legislative pressure and the President is not asking for a command performance.

LETTERS TO THE EDITOR

Use Of 'Schism' Questioned

EDITOR OF THE REVIEW

The article "The Sacred And The Secular" by Alan Rich which appeared in Monday's Review is excellent in every respect, except one.

In the article, Mr. Rich says, "It (the Catholic Church) continued to foster a richer and more meaningful style long after Luther and Calvin effected their schism."

The words to which not only I, but all responsible church historians Catholic as well as Protestant — take exception are: "Luther and Calvin effected their schism."

History shows that it was not the intention of Martin Luther to "start a new Church" or to "effect a schism." Rather, Luther prepared his 95 Theses as points which he wished to debate with theologians. He tacked them to the door of the Church in Wittenberg, Germany, which was a university community.

Because printing by press was in its infancy, it was the custom to announce such topics by fastening them to the door of the local church. The 95 Theses were written in Latin; that evening, they were copied down and translated into German, and then privately printed and distributed, all unknown to Luther. His sole intention was to debate, to test his ideas, not in public, but rather within the limits of the university and the church. It was only after his Theses became widely known that he was declared heretic and schismatic by Pope Leo X, and declared outlaw by Emperor Charles V.

Also, Luther and Calvin are often placed together; they were not partners or associates. In fact, in many respects, they were hostile and antagonistic to each other.

I realize that this may not seem very exemplary conduct on the part of two oustanding churchmen. But we must realize that they were also men and, therefore, fallible and imperfect. Both believed strongly in the rightness of their views, not before men, but before Almighty God, who alone they confessed to be their judge.

This letter is written, not in a polemical vein, but rather to correct a misunderstanding that is widely held by Protestant and Catholic alike. Thank you again for a vivid and timely and penetrating article.

Complaint On Snowy Streets

EDITOR OF THE REVIEW

The other day my husband and I went on a small trip out of town, not thinking it would snow as badly as it did.

It snowed all day and on our trip we didn't have much trouble, for in every town we went into ash trucks and scrapers were on all highways. Not only were they on the main roads, but also on the side roads. This was a blessing to us for it was a necessary trip and we also had our daughter with us. When we got to the Wellsville highway, things got too much to handle.

We live on Vine St. here in town and we thought our best bet would be to go up Bradshaw Ave. But it was out of the question. Then we tried to go up Penn. Ave. to get on Vine, but there wasn't a chance of that. We doubled back to Ravine St. and got stuck. A friend and neighbor helped us and he also told us that in the 10 hours that the heavy snow had been falling not one ash truck or scraper had been up that way. From what we saw down town things didn't look too good either. We had to walk up Vine St. And the snow was piling up bad along the street. I felt ashamed that this was my home town.

You more than likely do not think of me as a responsible spokesman, but I am a taxpayer and really I love East Liverpool. But I would be ashamed for an outsider to come to our town in weather and a time like this. This is our town and I feel each of us has a right to our thoughts and I feel I must speak mine.

Boost In Membership Urged

EDITOR OF THE REVIEW

I am writing this letter on behalf of VFW Post 9285 in Wellsville.

The membership is lagging about 50 per cent. It will have to be brought up to 100 per cent by Jan. 30 to keep our "accidental death" and "dismemberment" policy in effect.

I feel that the other veterans' organizations in the county, the district and the state are doing their best to maintain the hospitals and domicillaries. We should also feel the need and the responsibility to help in this cause to keep these benefits available.

Our drill team, which won the state title, was one of the most outstanding units at that time. It was one to be proud of and an honor to belong.

I know quite well of the civic and community pride which goes into making up a parade and having a representative from your organization or community.

I would like to see our drill team come together again this year for parades and competition.

War On Pigeons Stirs Comment

EDITOR OF THE REVIEW

I have read with great interest the controversy over getting rid of the pigeons in East Liverpool, following Mrs. Donna Richards Wilson's suggestion in Council.

I must admit pigeons are not too clean, but how about dogs running at large destroying lawns and flower beds and causing an obnoxious odor?

I have never heard of pigeons barking and keeping folks awake or biting anyone. And what of cats that cause rabies?

The Value Of Contrary Opinion

If President Johnson's honeymoon with Congress is over, as many observers are sure it is, the question is whether it could have been prolonged.

After all, every honeymoon must end sometimes, even the happiest.

When political honeymoons end, it is no reflection on the honeymooners. It is something that happens inevitably with the passage of time.

If it happened to Lyndon B. Johnson a little earlier than had been expected by some of the romanticists who try to find resemblances to personal life in politics, the reason could be his remarkable success with government by consensus.

There is just so much consensus in the American political makeup. When it has been used up, its place is taken by something equally commonplace in political behavior — contrary opinion.

The value of contrary opinion in a people's government should be obvious to all, but it isn't. People whose opinions are being challenged resent a contrary opinion. Politicians whose positions are challenged fight to the last man.

People are called harsh names for questioning the status quo. In our times, they are smeared with labels and innuendoes about their character and their loyalty. But, because they are Americans, born and bred in a society that jealously guards the right to dissent, they are not intimidated.

This is how the Johnson honeymoon is ending. Government by consensus has hit its peak and is on the downhill slope. This is no reflection on President Johnson, who is as knowledgeable a politician as he ever was.

It is, rather, a tribute to the innate nature of the Republic.

When enough people have been saying yes long enough, enough other people will say no. That is contrary opinion. That is America.

A Tiny Handful

The shocking traffic in narcotics that has been revealed on the fringes of two of Ohio's state universities apparently included some students.

This type of going astray always is a worry for parents of college students away from home on their own. The universities themselves do everything they can think of to create a healthful climate and activities to sustain it. Yet trouble can happen and does happen and, in some fashion or another has happened for generations.

It is unfortunate that Kent State and Ohio State are thrust, as a result, into the limelight. Yet the fact is that only a tiny handful of students fell victim — a number you could count on both of your hands.

Compare this with the 14,500 enrolled on the campus at Kent and the 40,000 at Columbus, and the records of both universities are pretty good.

Other Side Of Involvement

A Bronx storekeeper who helped a New York City policeman fight off a mob last spring and was praised for heroism is still enduring the tragic consequences of "getting involved."

The immediate consequence was an ice-pick wound in the back. When he recovered and went home to the Bronx, his neighbors taunted him and his wife. They boycotted his store. He had to sell out and liquidate his grocery inventory for a fraction of its true value. He and his wife currently are being supported by a daughter—and the daughter is soon to be married.

The storekeeper, Enrique Negron, is a Puerto Rican. His neighbors are Puerto Ricans. They "hate cops"; that is the code they live by. They hate people who do not "hate cops." They hate Enrique Negron because he was willing "to get involved" when he interceded to keep his neighbors from mauling and possibly killing a policeman.

There is another side to the question of "getting involved" in the violence of the times we live in. It's never mentioned when sanguine philosophers explain why we owe it to mankind to help our fellowmen. But it's there.

Enrique Negron, who says he would help again in the same circumstances, knows that virtue in these instances is its own reward. There may be no other.

Line To Hold At 3.2

By Neil Gilbride

WASHINGTON

President Johnson, fighting to stave off the threat of inflation, won't provide an expected boost in White House wage guideline in his economic message to Congress Thursday.

Although the labor movement doesn't like it, Johnson won't budge from the four-year-old 3.2 per cent guideline despite booming industrial production figures.

The guideline means that wage increases up to 3.2 per cent per year are non - inflationary and okay with the White House. Thus, under the formula, a worker making $3 per hour could get a 9.6-cent hourly hike without incurring Johnson's displeasure.

BIG LABOR, from AFL-CIO President George Meany on down, never has accepted the guideline, so what do union chieftains have to be mad about?

They think Johnson has abandoned the rules in failing to hike the wage guideline to 3.4 or possibly 3.6 per cent on the basis of the government's own economic figures.

"They're just grabbing 3.2 per cent out of thin air without any economic justification at all," said one high union official.

The theory of the guideline is that productivity — the amount of goods a worker produces per hour — has been rising 3.2 per cent a year. So industry can grant that much in wage increases without boosting prices.

Labor, and many economists, had expected an increase because the nation's industrial production rose more rapidly than expected in 1965.

One member of the President's Economic Advisory Council, which originally formulated the wage - price guidelines, hinted strongly months ago that an increase to at least 3.4 per cent might be in the cards this year.

WHITE HOUSE economists reportedly now argue that any boost in the wage guideline would have an inflationary effect, even if government figures do indicate some justification for an increase.

Even more worrisome to top labor leaders—briefed in advance of Johnson's economic message — is the hint of wage controls if signs of inflation increase.

The economic message will propose no such controls, but high administration officials mentioned the subject at the briefing.

"We do not believe there is any immediate threat of inflation so serious as to warrant extraordinary measures," Meany said after the session.

But if the demands of Viet Nam require controls, Meany added, they should be applied across the board to all costs, prices, profits and wages.

Some labor spokesmen believe Johnson has been using the "suggested" guidelines as almost a substitute for mandatory controls.

JOHNSON used the wage - price guidelines, for instance, to hold steelworkers' wage demands to 3.2 per cent, and more recently pressured the steel industry to roll back a $5-per-ton price increase to $2.75.

Johnson and Secretary of Labor W. Willard Wirtz sharply criticized the New York transit strike settlement for exceeding the guideline. Federal sources estimated the increase at about 4.6 per cent.

The guidelines do leave room for maneuvering in particular industries where productivity or wage increases differ from the national average.

But both labor and industry have at times criticized the guidelines for creating inflexibility at the bargaining table.

"The guidelines have produced strikes that wouldn't have occurred otherwise," said one labor spokesman.

There Is No Peace

By Truman Twill

When I was young, there was peace.

It didn't last long, but temporarily we had an illusion that war would be no more — we who were young. The world had been made safe for democracy, we were told, and in a world made safe for democracy there could be no war.

The people themselves never would choose war over peace. There even was talk for a time about making future warmakers fight it out man to man if it came to a military showdown — our Woodrow Wilson against their Kaiser Bill. That was pretty funny.

But it never would be necessary because the League of Nations would outlaw war. The Kellogg-Briand Pact, also known as the Treaty of Paris, would make war impossible.

The International Court of Justice at the Hague would settle disputes on a judicial basis. Sanctions and boycotts would cool off would-be belligerents.

Later on, the United Nations was going to do the same job.

And after this war's over, there will be a new hope raised for the comfort of mankind —something for trusting souls to believe in while international wheelers and dealers get on with their wheeling and dealing.

Anyone who tries to stop them will have to fight. That's the way the game is played.

While the gullible humans of this disordered world believe in prospects of peace and ever-loving kindness, its movers and shakers believe in strong-arming their way to power.

They know when the time comes to beat the drums and ring the gongs that peace dreamers will have to recognize that civilization needs saving again and it is time for everybody to stand shoulder to shoulder once more in defense of all that is worth saving etc.

And that is what happens to peace.

It exists only in dreams.

People talk about it endlessly, but few do anything about it not even sporadically. This is because few are at peace with themselves or the world. Occasionally, someone like Albert Schweitzer is at peace, but when it happens his contemporaries put him in a display case and look upon him as a curiosity. They should. A man at peace is a rare specimen indeed.

There will be no peace on earth until wheelers and dealers and movers and shakers get it out of their heads they can run the world to suit themselves. And when will that happen?

Never.

If you and you and you got into the driver's seat tomorrow, you would be plotting by tomorrow night how to run the world to suit yourselves—we'd have more wars to fight.

When I was young there was peace on earth. I didn't know then about wheelers, dealers, movers and shakers getting ready for World War II before the last corpses of World I had been decently covered with earth.

Now For The Other Barrel!

Quill Aiming 'Book' At Pennsy

By Victor Riesel

Never let it be said that Mike Quill and his followers are not an orderly lot. They are devout men and there are times they are so devoted to the book of rules, it indeed becomes their bible.

Victor Riesel

There's nothing like a sudden affection for each and every rule, especially on a railroad when a union is preparing to throw the book at an employer. It's better than a strike. But the line slows to a walk or stops entirely, depending on their fealty to regulations. Yet the men are on the job—and are paid.

Now, Quill's Transport Workers Union is throwing the book at the Pennsylvania Railroad. They shut the line down in '60. Now they plan to slow it up.

If the union snarls the line's 10,000 miles of road, there will be outcries—which will re-echo in the Senate, just as labor and its allies launch their drive to outlaw local option privileges on the union-shop ban.

This is certain to revive the unrevered memory of the big blitz of '66, which hit New York City. And it will recall Labor Department reports that '65 was the past decade's peak year for strikes.

IT WILL MAKE Senate Majority Leader Mike Mansfield less enthusiastic over what he believes to be a command performance—and the command is not from President Lyndon Johnson.

The national labor leaders have been pressuring the erudite Mr. Mansfield to hit the noncontrite Everett Dirksen with everything in the legislative rule book.

Labor President George Meany, in a private talk, urged Mr. Mansfield to keep the Senate in session throughout the day and night, when the Republicans start their filibuster against the repeal of 14B. Keeping the older Republicans on a 20-hour schedule, or longer, would crack the elder statesmen and probably smash the filibuster after a while.

Mr. Mansfield has refused. When the labor men appealed directly to President Johnson, he talked confidentially with the majority leader earlier this month. Then he told Mr. Meany that nothing more could be done with that chap. He's very independent.

THE PRESIDENT gave his word he'd back labor's major objective which would enable them to launch sweeping unionization campaigns in 19 states. The President kept his word. He tried to move Mr. Mansfield, who stepped into Mr. Johnson's big shoes in the Senate.

The President is a veteran at this. He would have expected a President to take his advice when he was majority leader (if that President were of his own party). And he probably is taking Mr. Mansfield's counsel—that it will be unwise—and undoubtedly futile — to attempt to smash the filibuster with tough tactics.

So the union chiefs now feel that Mr. Mansfield will call for a premature vote on cloture (closing debate).

And the 14B repealer will be ready for floral wreaths inscribed with "Rest in Peace."

THERE WILL BE a noisy battle. And it will put President Johnson on the spot. One senator, who could not be more friendly to the labor movement, put it this way the other day:

"This really is labor's test of influence. The union chiefs have made 14B repeal the most singular issue not only of their legislative program but of their strength. Obviously repeal now is a symbol. This means they have, unwisely I think, taken a special interest issue, of benefit mainly to themselves and their movement, and have made it the prime issue of the session.

"This puts Lyndon Johnson on the spot. Whether the labor leaders think so or not, many of us sincerely believe that the public will think that repeal of 14B in a knock-down fight at this time makes the Democratic party theirs. And thus a party of special interest. And you know what happened to the Republican party when the public thought that of the G.O.P."

THIS, SAID HE, won't be noticed until the real heat is poured on for repeal, all other legislation is held up, the headlines are screaming and all this against a panorama of war news.

Couple this with the strike-rattling on the rail lines by several unions and the aftermath of the transit strike and labor could suddenly find itself on the defensive.

That's why Mr. Mansfield may get up more blood pressure than legislative pressure and the President is not asking for a command performance.

LETTERS TO THE EDITOR

Use Of 'Schism' Questioned

EDITOR OF THE REVIEW:

The article "The Sacred And The Secular" by Alan Rich which appeared in Monday's Review is excellent in every respect, except one.

In the article, Mr. Rich says, "It (the Catholic Church) continued to foster a richer and more meaningful style long after Luther and Calvin effected their schism."

The words to which not only I, but all responsible church historians Catholic as well as Protestant — take exception are: "Luther and Calvin effected their schism."

History shows that it was not the intention of Martin Luther to "start a new Church" or to "effect a schism." Rather, Luther prepared his 95 Theses as points which he wished to debate with theologians. He tacked them to the door of the Church in Wittenberg, Germany, which was a university community.

Because printing by press was in its infancy, it was the custom to announce such topics by fastening them to the door of the local church. The 95 Theses were written in Latin; that evening, they were copied down and translated into German, and then privately printed and distributed, all unknown to Luther. His sole intention was to debate, to test his ideas, not in public, but rather within the limits of the university and the church. It was only after his Theses became widely known that he was declared heretic and schismatic by Pope Leo X, and declared outlaw by Emperor Charles V.

Also, Luther and Calvin are often placed together; they were not partners or associates. In fact, in many respects, they were hostile and antagonistic to each other.

I realize that this may not seem very exemplary conduct on the part of two oustanding churchmen. But we must realize that they were also men and, therefore, fallible and imperfect. Both believed strongly in the rightness of their views, not before men, but before Almighty God, who alone they confessed to be their judge.

This letter is written, not in a polemical vein, but rather to correct a misunderstanding that is widely held by Protestant and Catholic alike. Thank you again for a vivid and timely and penetrating article.

Complaint On Snowy Streets

EDITOR OF THE REVIEW:

The other day my husband and I went on a small trip out of town, not thinking it would snow as badly as it did.

It snowed all day and on our trip we didn't have much trouble, for in every town we went into ash trucks and scrapers were on all highways. Not only were they on the main roads, but also on the side roads. This was a blessing to us for it was a necessary trip and we also had our daughter with us. When we got to the Wellsville highway, things got too much to handle.

We live on Vine St. here in town and we thought our best bet would be to go up Bradshaw Ave. But it was out of the question. Then we tried to go up Penn. Ave. to get on Vine, but there wasn't a chance of that. We doubled back to Ravine St. and got stuck. A friend and neighbor helped us and he also told us that in the 10 hours that the heavy snow had been falling not one ash truck or scraper had been up that way. From what we saw down town things didn't look too good either. We had to walk up Vine St. And the snow was piling up bad along the street. I felt ashamed that this was my home town.

You more than likely do not think of me as a responsible spokesman, but I am a taxpayer and really I love East Liverpool. But I would be ashamed for an outsider to come to our town in weather and a time like this. This is our town and I feel each of us has a right to our thoughts and I feel I must speak mine.

Hays Says Much Of Aid To Viet 'Being Stolen'

WASHINGTON (AP) — Secretary of State Dean Rusk seeking more foreign aid funds from Congress for South Viet Nam, ran into charges today that corruption and black market operations are draining off much U.S. aid.

"I'm reluctant to vote for this," said Rep. Wayne L. Hays, D-Ohio, "I think most of the aid we are sending out there is being stolen."

Hays said the wife of an American civilian worker in South Viet Nam sent $36,000 in money orders back to the United States in six months.

Rusk asked the House Foreign Affairs Committee to approve a $415-million increase in foreign aid funds for the current year, of which $275 million would go to South Viet Nam.

The funds are needed mainly to ease the war strain on South Viet Nam's economy, he said, and to head off a threat of inflation.

Concern over the way aid is being used in South Viet Nam also was expressed by Rep. Clement J. Zablocki, D-Wis.

Zablocki said there were indications previous South Viet Nam government leaders had left office "up to their armpits in gold." He asked for assurances that the United States was taking measures to prevent corruption.

David E. Bell, director of the Agency for International Development, who appeared with Rusk as a witness, said the United States was making a determined effort to tighten controls. But he acknowledged that some is being siphoned off through corruption and black markets.

In asking for the aid money, Rusk said "there is no alternative — except defeat and surrender—to meeting force with force."

Continued Good Health Seen For Steel Industry

NEW YORK (AP) — The nation's No. 1 and No. 3 steel producers report earnings increased in 1965 and there were indications of continuing health in the steel industry.

Bethlehem Steel Corp., the No. 2 producer, was also expected to make public its 1965 financial figures shortly.

The Bethlehem report follows the announcement of the No. 1 producer, U.S. Steel Co., that 1965 profits exceeded the previous year's by $275,576,312 to $236,785,114.

Third-largest Republic Steel Corp. earlier reported profits of $77,302,188 or $4.90 a share compared with $72,277,183 or $4.58 a share a year earlier. It was the third straight year of higher earnings for the big Cleveland producer.

The Republic report was accompanied by a statement from chairman T. F. Patton that profits this year may slip unless "reasonable price increases are forthcoming." These are needed he said, to offset increased labor costs.

In a news conference Tuesday Roger M. Blough, U.S. Steel chairman, said the nation's steel consumption in the first half of this year could exceed the high levels that produced 1965's higher profits.

Blough told newsmen he believes domestic steel consumption could reach 48 million tons through June, compared with a level of near 47 million tons in the first half of 1965.

U.S. Steel's earnings, equal to $4.62 a share compared with $3.91 a year earlier, were reached despite a decline in fourth quarter profits to $49,037,753 from $69,014,566 in the like period of 1964.

Although Blough said consumption should be up in the first half of 1966 he said production would be down slightly, with the rest of that consumed coming from inventories and from imports. Blough said the imports are "still much too high."

The U.S. Steel earnings figured out to $4.62 a share, compared to $3.91 a share. The profits for the year increased despite a fourth-quarter drop due to increased use of inventories by steel users.

Blough said the Viet Nam war has had little direct effect on the steel industry, but he said that by increasing economic activity it may have indirectly affected production.

Despite the increase in profits steel figures are still below the records set in the 1950s. U.S. Steel's all-time high for profits was in 1957, $419,406,956.

Sales last year amounted to $4,464,975,021. In 1964 sales were $4,129,352,578.

Blough said average employment in the last quarter of 1965 was 198,194, compared with 199,979 in the last quarter of 1964. Average employment for all of 1965, Blough said, was 208,838.

He said the total payroll for 1965 was $1,863,868,738. In 1964, he said, it was $1,795,037,541.

Noted Trio Will Play Here

The Tichman Trio, an outstanding group of American artists, will present the second concert in the current Tri-State Civic Music Association series next Tuesday at 8:15 p.m. at Westgate School.

They are Herbert Tichman, clarinetist; Ruth Tichman, pianist, and Dorothy Reichenberger, cellist. It is rarely possible to hear finished performances of the major works written for this combination of instruments and it was for this purpose that Herbert Tichman created the trio several seasons ago. Their current repertory includes original works by classic, romantic and modern composers written for this specific combination of instruments.

HERBERT TICHMAN is considered one of the foremost solo clarinetists and has appeared extensively in this country, Europe and the Middle East. A native of Philadelphia, he studied there and at the Juilliard School of Music.

It was at Juilliard that he met Mrs. Tichman, who was born in Manchuria of Russian parents and came to this country at the age of 17. Settling in New York City, she was able to study with the renowned Nadia Reisenberg and Edward Steuerman. She was the recipient of the American Artists Award at Juilliard. An interesting non-musical sidelight of her student days, she won an impressive collection of medals and ribbons as a track star. The couple has three daughters, Nina, Nadya and Nomi.

FOLLOWING their marriage, they toured first as a clarinet-piano duo in this country and then went to Europe. Before returning to the United States, they spent a year of research and concertizing under the auspices of a Fulbright Fellowship and the U. S. State Department. Tichman recently was appointed to the teaching staff at Juilliard.

Dorothy Reichenberger was graduated from Bryn Mawr College and holds a master's degree from Sarah Lawrence College. She studied in Paris under a Harriet Hale Woolley Music Fellowship. She also has been awarded fellowships to work under the renowned Pablo Casals, both at the Casals Festival in Puerto Rico and at the Music Academy in Switzerland.

Dominican Army Objection To Bosch Expected To Go On

SANTO DOMINGO, Dominican Republic (AP) — If the Dominican Republic's top military men go abroad, their departure is not expected to lessen the army's opposition to ex-President Juan Bosch and his Dominican Revolutionary party.

In a move to lessen tensions, provisional President Hector Garcia-Godoy ordered top armed forces and rebel officers to diplomatic posts abroad Jan. 6.

The rebel chiefs, headed by Col. Francisco Caamano Deno, left Jan. 22. The Supreme Armed Forces Council began a series of meetings Monday to decide whether it, too, would comply.

The general expectation is that it will, probably by early next week. Three of the army's four top officers are affected by the order, including the armed forces minister, Commodore Francisco Rivera Caminero.

Rivera Caminero and the man named to succeed him, the navy chief of staff, Commodore Emilio Jimenez, conferred with Garcia-Godoy for 90 minutes Tuesday.

The two officers met later with Ambassador Ellsworth Bunker, the U.S. member of the Organization of American States political committee which negotiated an end to the rebellion.

The meetings indicated the military leaders are under heavy pressure to accept Garcia-Godoy's order.

The final decision is up to the general officers who collectively run the armed forces. Since the assassination of dictator Rafael Leonidas Trujillo in 1961, there has been an upsurge of opposition to caudillism — or bossism — both political and military.

Power in the armed forces passed to the general officers and they have exercised it much like corporation officers. The armed forces minister has acted as chairman of the board and the three chiefs of staff and their subchiefs as directors. The brigade and base commanders are the chief stockholders.

There have been six armed forces ministers since the death of Trujillo.

These changes from Trujillo's strong rule have had little, if any, effect on the military's basic structure or orientation, which, like that of the political parties, is fundamentally one of self preservation.

The army considers Bosch and his party the most serious threat to it. But there is widespread fear that if the military chiefs decide to resist the president's order, violence will ensue, and this might force the OAS and the Inter-American Peace Force to take measures which could mean drastic changes in the armed forces. Military leaders want to avoid this.

Ivy GOP Club President Also 'Pete The Doorman'

NEW YORK (AP) — The Ivy Republican Club on the fashionable upper East Side has re-elected Peter Grippi as its president for a third term.

Today and Thursday, the victorious Mr. Grippi will be relaxing at his place on Mastic Beach, Long Island.

Then he will be back at the plush Sutton Terrace Apartments on East 63rd Street near the East River — opening doors and hailing cabs.

Peter Grippi, 55, the political leader, is also Pete the doorman at the Sutton Terrace Apartments.

He also is a judge at wrestling matches, shop steward of nearly 30 men in the AFL-CIO Building Service Employes Union, onetime auto mechanic, onetime builder and house painter — and onetime Democrat.

When Pete became doorman at Sutton Terrace in 1950 he had come full circle, for the apartment house is only a block away from the building where he was born.

His political career dates back to 1942.

"A friend of mine couldn't get a little favor done," he says. "The Democratic club told him they wanted $200 to do the favor. So I went to Mr. Malee (Thomas Mallee, then and now the Republican leader in the district) and got the same favor done for nothing."

So Grippi joined the Ivy Republican Club. He sold more ads for the club's annual journal and brought in more new club members than anyone else.

Four years ago Grippi was elected president, and he has been chairing meetings and setting club policies — "with Mr. Mallee" — ever since. He was re-elected again Tuesday night.

The club's name dates back more than 100 years and has nothing to do with the Ivy League. But the membership is loaded with doctors, lawyers and other prominent persons.

"They might like the glory," he says, "but they wouldn't want to spend the time and they'd probably be embarrassed going around and pushing for ads and members the way I do."

Grippi has his own nine-room house and two-car garage — one side for the boat, "a 16-footer with a 50-horsepower kicker."

His hobbies are restoring old paintings and boating and fishing near his home.

But politics, wrestling, his art work, and his boat have not caused Pete to slack up on his job as doorman.

Hays Says Much Of Aid To Viet 'Being Stolen'

WASHINGTON (AP) — Secretary of State Dean Rusk seeking more foreign aid funds from Congress for South Viet Nam, ran into charges today that corruption and black market operations are draining off much U.S. aid.

"I'm reluctant to vote for this," said Rep. Wayne L. Hays, D-Ohio, "I think most of the aid we are sending out there is being stolen."

Hays said the wife of an American civilian worker in South Viet Nam sent $36,000 in money orders back to the United States in six months.

Rusk asked the House Foreign Affairs Committee to approve a $415-million increase in foreign aid funds for the current year, of which $275 million would go to South Viet Nam.

The funds are needed mainly to ease the war strain on South Viet Nam's economy, he said, and to head off a threat of inflation.

Concern over the way aid is being used in South Viet Nam also was expressed by Rep. Clement J. Zablocki, D-Wis.

Zablocki said there were indications previous South Viet Nam government leaders had left office "up to their armpits in gold." He asked for assurances that the United States was taking measures to prevent corruption.

David E. Bell, director of the Agency for International Development, who appeared with Rusk as a witness, said the United States was making a determined effort to tighten controls. But he acknowledged that some is being siphoned off through corruption and black markets.

In asking for the aid money, Rusk said "there is no alternative — except defeat and surrender—to meeting force with force."

Continued Good Health Seen For Steel Industry

NEW YORK (AP) — The nation's No. 1 and No. 3 steel producers report earnings increased in 1965 and there were indications of continuing health in the steel industry.

Bethlehem Steel Corp., the No. 2 producer, was also expected to make public its 1965 financial figures shortly.

The Bethlehem report follows the announcement of the No. 1 producer, U.S. Steel Co., that 1965 profits exceeded the previous year's by $275,576,312 to $236,785,114.

Third-largest Republic Steel Corp. earlier reported profits of $77,302,188 or $4.90 a share compared with $72,277,183 or $4.58 a share a year earlier. It was the third straight year of higher earnings for the big Cleveland producer.

The Republic report was accompanied by a statement from chairman T. F. Patton that profits this year may slip unless "reasonable price increases are forthcoming." These are needed he said, to offset increased labor costs."

In a news conference Tuesday Roger M. Blough, U.S. Steel chairman, said the nation's steel consumption in the first half of this year could exceed the high levels that produced 1965's higher profits.

Blough told newsmen he believes domestic steel consumption could reach 48 million tons through June, compared with a level of near 47 million tons in the first half of 1965.

U.S. Steel's earnings, equal to $4.62 a share compared with $3.91 a year earlier, were reached despite a decline in fourth quarter profits to $49,037,753 from $69,014,566 in the like period of 1964.

Although Blough said consumption should be up in the first half of 1966 he said production would be down slightly, with the rest of that consumed coming from inventories and from imports. Blough said the imports are "still much too high."

The U.S. Steel earnings figured out to $4.62 a share, compared to $3.91 a share. The profits for the year increased despite a fourth-quarter drop due to increased use of inventories by steel users.

Blough said the Viet Nam war has had little direct effect on the steel industry, but he said that by increasing economic activity it may have indirectly affected production.

Despite the increase in profits steel figures are still below the records set in the 1950s. U.S. Steel's all-time high for profits was in 1957, $419,406,956.

Sales last year amounted to $4,464,975,021. In 1964 sales were $4,129,352,578.

Blough said average employment in the last quarter of 1965 was 198,194, compared with 199,979 in the last quarter of 1964. Average employment for all of 1965, Blough said, was 208,838.

He said the total payroll for 1965 was $1,863,868,738. In 1964, he said, it was $1,795,037,541.

Waits Applications

WASHINGTON (AP) — The Civil Service Commission announced today it will receive applications until Feb. 23 for the postmastership at Chillicothe, Ohio, at an annual salary of $8,961.

Noted Trio Will Play Here

The Tichman Trio, an outstanding group of American artists, will present the second concert in the current Tri-State Civic Music Association series next Tuesday at 8:15 p.m. at Westgate School.

They are Herbert Tichman, clarinetist; Ruth Tichman, pianist, and Dorothy Reichenberger, cellist. It is rarely possible to hear finished performances of the major works written for this combination of instruments and it was for this purpose that Herbert Tichman created the trio several seasons ago. Their current repertory includes original works by classic, romantic and modern composers written for this specific combination of instruments.

HERBERT TICHMAN is considered one of the foremost solo clarinetists and has appeared extensively in this country, Europe and the Middle East. A native of Philadelphia, he studied there and at the Juilliard School of Music.

It was at Juilliard that he met Mrs. Tichman, who was born in Manchuria of Russian parents and came to this country at the age of 17. Settling in New York City, she was able to study with the renowned Nadia Reisenberg and Edward Steuerman. She was the recipient of the American Artists Award at Juilliard. An interesting non-musical sidelight of her student days, she won an impressive collection of medals and ribbons as a track star. The couple has three daughters, Nina, Nadya and Nomi.

FOLLOWING their marriage, they toured first as a clarinet-piano duo in this country and then went to Europe. Before returning to the United States, they spent a year of research and concertizing under the auspices of a Fulbright Fellowship and the U. S. State Department. Tichman recently was appointed to the teaching staff at Juilliard.

Dorothy Reichenberger was graduated from Bryn Mawr College and holds a master's degree from Sarah Lawrence College. She studied in Paris under a Harriet Hale Woolley Music Fellowship. She also has been awarded fellowships to work under the renowned Pablo Casals, both at the Casals Festival in Puerto Rico and at the Music Academy in Switzerland.

Dominican Army Objection To Bosch Expected To Go On

SANTO DOMINGO, Dominican Republic (AP) — If the Dominican Republic's top military men go abroad, their departure is not expected to lessen the army's opposition to ex-President Juan Bosch and his Dominican Revolutionary party.

In a move to lessen tensions, provisional President Hector Garcia-Godoy ordered top armed forces and rebel officers to diplomatic posts abroad Jan. 6.

The rebel chiefs, headed by Col. Francisco Caamano Deno, left Jan. 22. The Supreme Armed Forces Council began a series of meetings Monday to decide whether it, too, would comply.

The general expectation is that it will, probably by early next week. Three of the army's four top officers are affected by the order, including the armed forces minister, Commodore Francisco Rivera Caminero.

Rivera Caminero and the man named to succeed him, the navy chief of staff, Commodore Emilio Jimenez, conferred with Garcia-Godoy for 90 minutes Tuesday.

The two officers met later with Ambassador Ellsworth Bunker, the U.S. member of the Organization of American States political committee which negotiated an end to the rebellion.

The meetings indicated the military leaders are under heavy pressure to accept Garcia-Godoy's order.

The final decision is up to the general officers who collectively run the armed forces. Since the assassination of dictator Rafael Leonidas Trujillo in 1961, there has been an upsurge of opposition to caudillism — or bossism — both political and military.

Power in the armed forces passed to the general officers and they have exercised it much like corporation officers. The armed forces minister has acted as chairman of the board and the three chiefs of staff and their subchiefs as directors. The brigade and base commanders are the chief stockholders.

There have been six armed forces ministers since the death of Trujillo.

These changes from Trujillo's strong rule have had little, if any, effect on the military's basic structure or orientation, which, like that of the political parties, is fundamentally one of self preservation.

The army considers Bosch and his party the most serious threat to it. But there is widespread fear that if the military chiefs decide to resist the president's order, violence will ensue, and this might force the OAS and the Inter-American Peace Force to take measures which could mean drastic changes in the armed forces. Military leaders want to avoid this.

Dimes Canvass Slated

Ivy GOP Club President Also 'Pete The Doorman'

NEW YORK (AP) — The Ivy Republican Club on the fashionable upper East Side has re-elected Peter Grippi as its president for a third term.

Today and Thursday, the victorious Mr. Grippi will be relaxing at his place on Mastic Beach, Long Island.

Then he will be back at the plush Sutton Terrace Apartments on East 63rd Street near the East River — opening doors and hailing cabs.

Peter Grippi, 55, the political leader, is also Pete the doorman at the Sutton Terrace Apartments.

He also is a judge at wrestling matches, shop steward of nearly 30 men in the AFL-CIO Building Service Employes Union, onetime auto mechanic, onetime builder and house painter — and onetime Democrat.

Classes Resume At School Where Fumes Felled 43

PITTSBURGH (AP) — Classes resumed today at a suburban Catholic school where fumes felled 39 pupils, three nuns and a lay teacher attending mass.

Only one of the victims remained hospitalized for observation. She was Eleanor Zdobinski, 6, of Sharpsburg, who was reported in good condition.

The pupils and their teachers were sickened while attending mass Tuesday at Madonna of Jerusalem Roman Catholic Church in Sharpsburg, just across the street from the church's elementary school.

Police said carbon monoxide fumes were backed up by a clogged chimney and snow-covered vents. The vents and chimney were cleared and regular service was held Tuesday night.

Mica is the most nearly transparent of minerals.

Motorists Fined In County Court

LISBON — Two motorists were fined $10 each Tuesday in Southwest Area County Court on speeding charges.

Charles R. Wetzel, 48, of Cleveland and Leo Maines, 38, of 513 Cherry St., Salem, pleaded guilty in separate cases before Judge J. L. MacDonald. Maines also pleaded guilty to a charge of operating an unsafe motor vehicle and was given a $5 suspended fine.

Albert A. Moser, 59, of Columbiana was fined $10 on a charge of excessive speed for road conditions. His fine was suspended.

Kenneth Marker, 42, of Lisbon R. D. 1 was fined $10 on a charge of failure to stop in an assured clear distance.

William Proctor, 50, of Paris was fined $5 on a charge of operating a motor vehicle left of center.

A Clairton (Pa.) man, Ruther S. Sinkler, 33, forfeited a $100 appearance bond on a charge of failure to display a use tax decal on a commercial motor vehicle.

When you want to separate the large outer leaves from a head of cabbage, par boil the whole head.

Small fry usually enjoy cinnamon toast, and it's quick and easy to prepare. Just sprinkle buttered toast with a sugar-cinnamon mixture. If you want to keep this spicy combination on hand, shake together in a jar a cup of sugar and a couple of tablespoons of cinnamon; cover tightly.

Miss Nancy Darrah Weds In Church Ceremony Here

The familiar traditions were observed by Miss Nancy E. Darrah when she became the bride of Robert A. Marshall Saturday afternoon at 1:30 o'clock in the Emmanuel Presbyterian Church.

She wore the heirloom pearl and amethyst circlet pin, borrowed from her maternal grandmother, Mrs. S. Foster Dickie, and the locket pin of her great-aunt, Mrs. John McGinley King.

—:—

THE BRIDE is the daughter of Mr. and Mrs. Richard D. Darrah of Oakmont, Pa. Her husband's parents are Mr. and Mrs. Frank Marshall of Ontario, Calif. They are all former local residents.

The Rev. Russell Mase officiated for the double-ring ceremony before an altar banked with flowers, ferns and candelabra. Satin bows marked the family pews. Mrs. Jane Rife, church organist, presented a half-hour recital of wedding music.

Given in marriage by her father, the bride wore a floor-length gown of silk peau de soie. The fitted bodice, accented with Chantilly lace and pearls, was designed with a scoop neckline and elbow-length sleeves. The back of the skirt was enhanced with a chapel train.

—:—

HER double-crown of lace and crystals held an elbow-length veil of imported silk illusion. She carried a white prayer book topped with a white orchid and satin streamers.

Miss Jacqueline C. Darrah, sister of the bride, was maid of honor. She was attired in a floor-length gown fashioned with an embroidered white bodice and aqua nylon and taffeta skirt. The Empire waist was accented with an olive green velvet ribbon. She wore a matching headpiece and carried an arrangement of pink roses.

Lisa Lynn Darrah, niece of the bride, was flower girl and appeared in a white organza dress styled with an Empire waist accented by a pink ribbon placed over the left shoulder. She carried a basket of flowers.

John Lones of Erie, cousin of the bridegroom, served as best man. Ushers were Richard Darrah, brother of the bride; Richard Sheppard, cousin of the bridegroom, and C. R. Veon.

MRS. ROBERT MARSHALL
Will Reside In California.

The mother of the bride chose a turquoise lace dress and the bridegroom's mother a pink lace dress. Matching accessories and white orchid corsages complemented their attire.

—:—

A RECEPTION for 100 followed at The Willows in Industry. The buffet table was centered with a two-tier cake encircled by ferns. Purple and pink roses and white chrysanthemums formed the arrangement on the bride's table.

Miss Susan Heath registered guests from Tarentum, Erie, Gettysburg, Ellwood City, Pittsburgh and Washington, Pa.

For her honeymoon trip, the bride wore a beige silk jumper with silk paisley blouse and her bridal orchid.

The newlyweds are graduates of East Liverpool High School, the bride in 1960 and her husband in 1957. She was graduated from the Art Institute in Pittsburgh and taught crafts in the Oakmont Residence, Inc., nursing home.

The bridegroom completed four years service in the Air Force and is employed as a dispatcher with Trans International Airlines of Oakland, Calif., where the couple will reside.

Midland Woman Ends Practical Nurse Study

Miss Evelyn McWhorter of 364 Ohio Ave., Midland, has completed a course of instruction at St. Francis General Hospital's Alvernia School of Practical Nursing at Pittsburgh.

The one-year course included study and experience in clinical nursing. Miss McWhorter is eligible for a state examination to become a licensed practical nurse.

Guests Visit Elkton Homes

Mr. and Mrs. Lloyd Apple and family of Columbiana and Jessica Marchbanks of Lisbon were Sunday dinner guests of Mr. and Mrs. Raymond Apple of Elkton.

George Eells attended a meeting of IGA merchants Sunday at Canton, where plans were made for attending a convention at Chicago in June.

Mr. and Mrs. Leland Baker entertained the Canasta Club Saturday night.

Mrs. Richard Rudibaugh was hostess to a clothing party Monday night, with 17 attending.

Parents Report Injured Airman Now Improving

Airman 3 C James McGeehan of Midland, injured in a Colorado auto accident Jan. 16, was described as being "in good condition, but uncomfortable," by his parents, Mr. and Mrs. J. Paul McGeehan of Ohio Ave., Midland, on their return from Denver, Colo., Monday.

Airman McGeehan suffered lacerations of the face, a broken cheek bone, a broken left leg and mouth injuries in the mishap. He is a patient at Fitzsimmons Army Hospital, Denver.

McGeehan said the accident happened about 50 miles west of Denver on U.S. Route 6 at Loveland Pass. Airman McGeehan and two friends were returning to Lowry Air Force Base at 6:30 p. m. when the car in which they were riding crossed over the center line on a curve and hit an oncoming auto head-on.

Airman McGeehan is attending Intelligence School at Lowry.

The McGeehans left for Denver Jan. 19 to be with their son after they heard of the accident. McGeehan said his son is expected to be in the hospital for at least six months.

4-H Winter Workshop Set For Feb. 25-27

LISBON — A group from Columbiana County will take part in a senior 4-H winter workshop Feb. 25-27 at Camp Aldersgate, Leesville Lake.

The workshop will include sessions on military careers, international youth exchanges, leadership development and recreation leadership.

Recreation will include ice skating, tobogganing and other activities.

The camp fee of $8.50, covering meals, lodging and insurance, must be paid before Feb. 11 to the Columbiana County Cooperative Extension Service Office at Lisbon. The program will begin Friday afternoon and conclude Sunday afternoon.

Ohio Bell Recognizes 2 Veteran Employes

Two veteran employes of the Ohio Bell Telephone Co.'s traffic department here are being recognized this month for their years of service.

Mrs. Verna H. Smith of Pyramus Avenue, Chester, will mark 30 years of employment with the phone company on Jan. 30. She is a service assistant with the firm's long-distance center here.

Mrs. Katherine Chema, an operator, marked 20 years with Ohio Bell on Jan. 19. She resides on Lazer Rd.

Club Holds Meeting At Huygheville Home

Mrs. Marianne Martin of Huygheville entertained members of the NCB Club at her home with a birthday party in honor of Mrs. Marsha Householder of Minerva.

Business was conducted by Mrs. Elaine Van Dyke, after which bingo was played.

Prize-winners were Mrs. Olive Martin, Mrs. Joyce Board, Mrs. Eunice Iddings, Mrs. Betty Rockhold, Mrs. Brenda Board, Mrs. Blanche Householder and Mrs. Joyce Grodhaus.

A buffet lunch was served by the hostess, assisted by Mrs. Joyce Board. The table was covered with a white crocheted cloth made by Mrs. Peg Jones, mother of the hostess. It featured a cut glass lazy susan for a centerpiece.

Gifts from each member were presented Mrs. Householder.

The next meeting will be at the home of Mrs. Blanche Householder in Huygheville.

Miss Nancy Darrah Weds In Church Ceremony Here

The familiar traditions were observed by Miss Nancy E. Darrah when she became the bride of Robert A. Marshall Saturday afternoon at 1:30 o'clock in the Emmanuel Presbyterian Church.

She wore the heirloom pearl and amethyst circlet pin, borrowed from her maternal grandmother, Mrs. S. Foster Dickie, and the locket pin of her great-aunt, Mrs. John McGinley King.

—:—

THE BRIDE is the daughter of Mr. and Mrs. Richard D. Darrah of Oakmont, Pa. Her husband's parents are Mr. and Mrs. Frank Marshall of Ontario, Calif. They are all former local residents.

The Rev. Russell Mase officiated for the double-ring ceremony before an altar banked with flowers, ferns and candelabra. Satin bows marked the family pews. Mrs. Jane Rife, church organist, presented a half-hour recital of wedding music.

Given in marriage by her father, the bride wore a floor-length gown of silk peau de soie. The fitted bodice, accented with Chantilly lace and pearls, was designed with a scoop neckline and elbow-length sleeves. The back of the skirt was enhanced with a chapel train.

—:—

HER double-crown of lace and crystals held an elbow-length veil of imported silk illusion. She carried a white prayer book topped with a white orchid and satin streamers.

Miss Jacqueline C. Darrah, sister of the bride, was maid of honor. She was attired in a floor-length gown fashioned with an embroidered white bodice and aqua nylon and taffeta skirt. The Empire waist was accented with an olive green velvet ribbon. She wore a matching headpiece and carried an arrangement of pink roses.

Lisa Lynn Darrah, niece of the bride, was flower girl and appeared in a white organza dress styled with an Empire waist accented by a pink ribbon placed over the left shoulder. She carried a basket of flowers.

John Lones of Erie, cousin of the bridegroom, served as best man. Ushers were Richard Darrah, brother of the bride; Richard Sheppard, cousin of the bridegroom, and C. R. Veon.

MRS. ROBERT MARSHALL
Will Reside In California.

The mother of the bride chose a turquoise lace dress and the bridegroom's mother a pink lace dress. Matching accessories and white orchid corsages complemented their attire.

—:—

A RECEPTION for 100 followed at The Willows in Industry. The buffet table was centered with a two-tier cake encircled by ferns. Purple and pink roses and white chrysanthemums formed the arrangement on the bride's table.

Miss Susan Heath registered guests from Tarentum, Erie, Gettysburg, Ellwood City, Pittsburgh and Washington, Pa.

For her honeymoon trip, the bride wore a beige silk jumper with silk paisley blouse and her bridal orchid.

The newlyweds are graduates of East Liverpool High School, the bride in 1960 and her husband in 1957. She was graduated from the Art Institute in Pittsburgh and taught crafts in the Oakmont Residence, Inc., nursing home.

The bridegroom completed four years service in the Air Force and is employed as a dispatcher with Trans International Airlines of Oakland, Calif., where the couple will reside.

Guests Visit Elkton Homes

Mr. and Mrs. Lloyd Apple and family of Columbiana and Jessica Marchbanks of Lisbon were Sunday dinner guests of Mr. and Mrs. Raymond Apple of Elkton.

Mr. and Mrs. Leland Baker entertained the Canasta Club Saturday night.

Mrs. Richard Rudibaugh was hostess to a clothing party Monday night, with 17 attending.

Parents Report Injured Airman Now Improving

Airman 3 C James McGeehan of Midland, injured in a Colorado auto accident Jan. 16, was described as being "in good condition, but uncomfortable," by his parents, Mr. and Mrs. J. Paul McGeehan of Ohio Ave., Midland, on their return from Denver, Colo., Monday.

Airman McGeehan suffered lacerations of the face, a broken cheek bone, a broken left leg and mouth injuries in the mishap. He is a patient at Fitzsimmons Army Hospital, Denver.

McGeehan said the accident happened about 50 miles west of Denver on U.S. Route 6 at Loveland Pass. Airman McGeehan and two friends were returning to Lowry Air Force Base at 6:30 p. m. when the car in which they were riding crossed over the center line on a curve and hit an oncoming auto head-on.

Airman McGeehan is attending Intelligence School at Lowry.

The McGeehans left for Denver Jan. 19 to be with their son after they heard of the accident. McGeehan said his son is expected to be in the hospital for at least six months.

4-H Winter Workshop Set For Feb. 25-27

LISBON — A group from Columbiana County will take part in a senior 4-H winter workshop Feb. 25-27 at Camp Aldersgate, Leesville Lake.

The workshop will include sessions on military careers, international youth exchanges, leadership development and recreation leadership.

Recreation will include ice skating, tobogganing and other activities.

The camp fee of $8.50, covering meals, lodging and insurance, must be paid before Feb. 11 to the Columbiana County Cooperative Extension Service Office at Lisbon. The program will begin Friday afternoon and conclude Sunday afternoon.

Ohio Bell Recognizes 2 Veteran Employes

Two veteran employes of the Ohio Bell Telephone Co.'s traffic department here are being recognized this month for their years of service.

Mrs. Verna H. Smith of Pyramus Avenue, Chester, will mark 30 years of employment with the phone company on Jan. 30. She is a service assistant with the firm's long-distance center here.

Mrs. Katherine Chema, an operator, marked 20 years with Ohio Bell on Jan. 19. She resides on Lazer Rd.

Club Holds Meeting At Huygheville Home

Mrs. Marianne Martin of Huygheville entertained members of the NCB Club at her home with a birthday party in honor of Mrs. Marsha Householder of Minerva.

Business was conducted by Mrs. Elaine Van Dyke, after which bingo was played.

Prize-winners were Mrs. Olive Martin, Mrs. Joyce Board, Mrs. Eunice Iddings, Mrs. Betty Rockhold, Mrs. Brenda Board, Mrs. Blanche Householder and Mrs. Joyce Grodhaus.

A buffet lunch was served by the hostess, assisted by Mrs. Joyce Board. The table was covered with a white crocheted cloth made by Mrs. Peg Jones, mother of the hostess. It featured a cut glass lazy susan for a centerpiece.

Gifts from each member were presented Mrs. Householder.

The next meeting will be at the home of Mrs. Blanche Householder in Huygheville.

Sledding, Skating Resume At Park

Sledding and ice skating facilities at Thompson Park are ready again, according to Joe Walters, park superintendent, who said the snow has been cleared away for both activities.

The skating rink was scraped clear of snow Tuesday afternoon and the sledding track has been packed down.

Both activities are supervised and free to the public. Lighting is provided at the sledding track and ice rink, Walters said.

A parking area has been opened in the center of the park for cars. Those using the facilities will be required to walk to the rink or track.

The park will be open each day from 5 to 10 p. m. and during the afternoons and evenings on weekends.

Deaths and Funerals

Mrs. Ruby Satow

Mrs. Ruby M. Satow, 83, of 1516 Lincoln Ave., Wellsville, widow of John E. Satow, died today at 10 a. m. at East Liverpool Osteopathic Hospital after a long illness.

Mrs. Satow, a native of Burning Springs, W. Va., was born April 24, 1882, to the late John Sink and Lucetta Collins Sink.

She is survived by three daughters, Mrs. Helen Snyder of Tucson, Ariz., Mrs. Clara Stover of East Liverpool and Mrs. Alice Coleman of Wellsville, and three sons, Frank W. Satow of Wellsville, G. Edwin Satow of Glenmoor and Raymond J. Satow of East Liverpool.

The Haugh Funeral Home in Wellsville is arranging services.

Religious Parley Termed Success

BALTIMORE, Md. (AP)—The first high-level meeting between Roman Catholics, Protestants and Greek Orthodox in the United States has been termed a success by those who participated.

The Most Rev. John J. Carberry said Tuesday the meeting represented a major step forward in ecumenism and added that the all-day closed meeting resulted in renewed hope and confidence for the 32 participants.

Rev. Carberry, Catholic bishop of Columbus, Ohio, is chairman of the Bishops' Commission for Ecumenical Affairs, which met with the National Council of Churches.

Bishop Carberry was one of nine Catholics representing his church at the conference, held in both an Episcopal church and Baltimore's Catholic Center.

14-Day Suspensions Received By Tavern

The Ohio State Liquor Control Commission at Columbus has ordered two 14-day suspensions, to be served concurrently, for Higgs Inn on Dresden Ave. Ext. for the sale of beer to a minor and consumption of beer by a minor.

The license is listed in the name of Vernon R. Rose. The suspensions are to begin at noon Feb. 11 and end at noon Feb. 25. The citation was issued for a violation May 2, 1965.

Girl, 18, Killed, 3 Hurt In Fall From Toboggan

AKRON, Ohio (AP)—An 18-year-old girl was killed and three of her companions injured Tuesday night when they fell from a toboggan being towed along a suburban road.

Arlene Stiegele was pronounced dead at Akron General Hospital.

In critical condition was Cheryl Makin, 17. Greg Fulea, 17, was reported in serious condition and Thomas Chakonas, 17, in satisfactory condition.

Police said the toboggan was being towed by a car along a road in suburban Fairlawn Heights when the four teen-agers fell off and were struck by a car following them.

Police said teen-agers in the follow-up car were part of the party and apparently couldn't stop in time. They are all students at Firestone High School.

URA Approves Grant

WASHINGTON (AP) — The Urban Renewal Administration approved Tuesday a $304,501 grant and $347,771 loan to London, Ohio, for its Shady Park renewal project.

The URA also announced a $3,000 grant to the Ohio Department of Development to help prepare comprehensive plans for Adams County.

Taft Criticizes Four-Year House Term Proposal

ST. PAUL, Minn. (AP)—Former Ohio Congressman Robert Taft Jr. said Tuesday night the proposed four-year terms for U. S. representatives "implies that the individual Congressman will become even more subservient to a president of his party."

The proposal, he said at a meeting of the Minnesota Republican Club, "offered the prize prospect of never having to run again except on the broad coattails of an all-providing executive."

Taft announced recently his Republican candidacy for the U. S. House from Ohio's First District. Democratic incumbent John Gilligan probably will seek re-election.

Motorist Denies Hit-Skip Charges

Paul E. Brindley of 819 Lincoln Ave. pleaded not guilty today in Municipal Court on a charge alleging he failed to stop "and give such information as is required by law" after his auto struck a parked car Sunday.

Judge Samuel M. Chertoff set Brindley's hearing for Thursday at 9 a. m. and released him on his own recognizance. The defendant indicated he needed time to obtain counsel.

The affidavit was signed Tuesday by Ethelle Riggs, whose address was not listed. The complaining witness did not appear today, when Brindley's hearing was scheduled. Police said they had no accident report involving a car owned by the complaining witness.

Sledding, Skating Resume At Park

Sledding and ice skating facilities at Thompson Park are ready again, according to Joe Walters, park superintendent, who said the snow has been cleared away for both activities.

The skating rink was scraped clear of snow Tuesday afternoon and the sledding track has been packed down.

Both activities are supervised and free to the public. Lighting is provided at the sledding track and ice rink, Walters said.

A parking area has been opened in the center of the park for cars. Those using the facilities will be required to walk to the rink or track.

The park will be open each day from 5 to 10 p. m. and during the afternoons and evenings on weekends.

Resumes Studies

HAMMONDSVILLE — Miss Karen Workman, daughter of Mr. and Mrs. Clyde Workman of Pine Grove Ridge, has resumed her studies at Mt. Union College at Alliance after having been called home by the death of her grandfather, Bernard McCourt.

Deaths and Funerals

Mrs. Ruby Satow

Mrs. Ruby M. Satow, 83, of 1516 Lincoln Ave., Wellsville, widow of John E. Satow, died today at 10 a. m. at East Liverpool Osteopathic Hospital after a long illness.

Mrs. Satow, a native of Burning Springs, W. Va., was born April 24, 1882, to the late John Sink and Lucetta Collins Sink.

She is survived by three daughters, Mrs. Helen Snyder of Tucson, Ariz., Mrs. Clara Stover of East Liverpool and Mrs. Alice Coleman of Wellsville, and three sons, Frank W. Satow of Wellsville, G. Edwin Satow of Glenmoor and Raymond J. Satow of East Liverpool.

The Haugh Funeral Home in Wellsville is arranging services.

Religious Parley Termed Success

BALTIMORE, Md. (AP)—The first high-level meeting between Roman Catholics, Protestants and Greek Orthodox in the United States has been termed a success by those who participated.

The Most Rev. John J. Carberry said Tuesday the meeting represented a major step forward in ecumenism and added that the all-day closed meeting resulted in renewed hope and confidence for the 32 participants.

Rev. Carberry, Catholic bishop of Columbus, Ohio, is chairman of the Bishops' Commission for Ecumenical Affairs, which met with the National Council of Churches.

Bishop Carberry was one of nine Catholics representing his church at the conference, held in both an Episcopal church and Baltimore's Catholic Center.

14-Day Suspensions Received By Tavern

The Ohio State Liquor Control Commission at Columbus has ordered two 14-day suspensions, to be served concurrently, for Higgs Inn on Dresden Ave. Ext. for the sale of beer to a minor and consumption of beer by a minor.

The license is listed in the name of Vernon R. Rose. The suspensions are to begin at noon Feb. 11 and end at noon Feb. 25. The citation was issued for a violation May 2, 1965.

Girl, 18, Killed, 3 Hurt In Fall From Toboggan

AKRON, Ohio (AP)—An 18-year-old girl was killed and three of her companions injured Tuesday night when they fell from a toboggan being towed along a suburban road.

Arlene Stiegele was pronounced dead at Akron General Hospital.

In critical condition was Cheryl Makin, 17. Greg Fulea, 17, was reported in serious condition and Thomas Chakonas, 17, in satisfactory condition.

Police said the toboggan was being towed by a car along a road in suburban Fairlawn Heights when the four teen-agers fell off and were struck by a car following them.

Police said teen-agers in the follow-up car were part of the party and apparently couldn't stop in time. They are all students at Firestone High School.

130 At Dinner Event

HAMMONDSVILLE — Supt. and Mrs. C. P. Henderson entertained all school employes and members of the Board of Education at a dinner Tuesday night at the Stanton Local High School cafeteria.

More than 130 attended. Henderson screened slides and discussed his European trip, including a visit to Russia.

URA Approves Grant

WASHINGTON (AP) — The Urban Renewal Administration approved Tuesday a $304,501 grant and $347,771 loan to London, Ohio, for its Shady Park renewal project.

The URA also announced a $3,000 grant to the Ohio Department of Development to help prepare comprehensive plans for Adams County.

Taft Criticizes Four-Year House Term Proposal

ST. PAUL, Minn. (AP)—Former Ohio Congressman Robert Taft Jr. said Tuesday night the proposed four-year terms for U. S. representatives "implies that the individual Congressman will become even more subservient to a president of his party."

The proposal, he said at a meeting of the Minnesota Republican Club, "offered the prize prospect of never having to run again except on the broad coattails of an all-providing executive."

Taft announced recently his Republican candidacy for the U. S. House from Ohio's First District. Democratic incumbent John Gilligan probably will seek re-election.

Motorist Denies Hit-Skip Charges

Paul E. Brindley of 819 Lincoln Ave. pleaded not guilty today in Municipal Court on a charge alleging he failed to stop "and give such information as is required by law" after his auto struck a parked car Sunday.

Judge Samuel M. Chertoff set Brindley's hearing for Thursday at 9 a. m. and released him on his own recognizance. The defendant indicated he needed time to obtain counsel.

The affidavit was signed Tuesday by Ethelle Riggs, whose address was not listed. The complaining witness did not appear today, when Brindley's hearing was scheduled. Police said they had no accident report involving a car owned by the complaining witness.

Unofficial Dogcatcher Cited In Cruelty To Animals Case

EASTON, Md. (AP) — State police, accompanied by a national Humane Society official raided the farmyard of Clifford Hughes at Goldsboro, Md., and said they discovered 125 dogs — many of them sick or undernourished.

A number of dead dogs and cats were discovered Tuesday behind a barn, not far from the pen which contained live animals.

Hughes, who called himself the unofficial dogcatcher of Caroline County, was free on $450 bond today on nine charges of cruelty to animals.

Capt. Thomas S. Smith of the state police investigative division said the yard the dogs ran in resembled a pig sty. He said the sick and underfed dogs had to be left there, however, because there was no place to take them.

The Humane Society official, Frank McMahon, director of field services, called conditions "extremely bad" and said some of the dogs were bloody and injured, apparently from fights among themselves.

Smith said that Hughes, a farmer and slaughterhouse employe, brought entrails from where he worked to feed the dogs. He said Hughes told him that he buys, sells and trades dogs besides acting as unofficial dogcatcher.

The raid on the farm near the Delaware line was the second raid led by Smith and McMahon in two weeks.

Last week 100 dogs were discovered at a junk yard near White Hall, Md., near the Pennsylvania line.

Deaconesses: Mrs. Majel Frail and Mrs. Carolyn Vogel, 1966; Mrs. Evelyn Fraser and Mrs. Marion Stanway, 1967; Mrs. Betsy Erwin and Mrs. Hilda Rosenberger, 1968.

Trustees: Fred Huston, Raymond Rolley, Arthur Wolf, 1966; Paul Allen, Thomas Grafton and Jesse Tarr, 1967; Phillip Fraser, Harry Kiggans and Howard Prince, 1968.

Wilbur L. MacLean was elected an honorary life member of the Board of Trustees in recognition of "his long and faithful service to the church."

The nominating committee for 1967 will be: Ed House and Kenneth Bell, co-chairmen, Harold Miller, Mrs. LaVada Drummond, Paul Vogel, Mrs. Carolyn Vogel, Miss Kay Powell, Mrs. Stanway, Harold Reed, Russell Keefer and Mrs. Betty Bright.

Recognition of the 1965 class of church officers was made and ordination and installation of the 1968 class was held at the morning worship Sunday.

Reuther Tells Pastors Need Of 'Moral, Spiritual Force'

COLUMBUS, Ohio (AP) — Labor leader Walter Reuther, applauded strenuously by the Ohio Pastors Convocation, told the 1,500 clergymen: "We need to develop a moral and spiritual force more overwhelming than the H-bomb."

The United Auto Workers president—who serves as national chairman of the Christian Crusade Against Poverty—added, "but we must do it with deeds and not high - sounding platitudes.

"We should strive to have the nations of the world judge us not by our possessions but by our goals," he said Tuesday.

The pastors were to hear more in a three-day, long line of nationally prominent speakers today climaxed by a closing address by the National Council of Churches president, Bishop Reuben H. Mueller.

Reuther said the world spends $200 billion a year in the arms race while 800 million people try to exist on yearly incomes of $100 or less.

"They spend more each year to try to feel secure and yet the result is that everyone feels less secure," he commented.

The UAW chief also said: "I think it is morally wrong to pay the farmers in this country not to produce at a time when the ugly nakedness of poverty can be seen in so many parts of the world."

In a news conference, Reuther said "repeal of the Taft-Hartley Act's section 14-B allowing state "right to work" laws can be accomplished this session of congress although the New York transit strike did nothing to improve "the public climate" toward organized labor.

FCC Seeking Information About CATV

HARRISBURG (AP) — The Federal Communications Commission (FCC) is seeking to learn all it can about the fast growing cable television (CATV) systems with an eye toward possible regulation.

E. William Henry, commission chairman, said here Tuesday he was convinced that "sooner or later Congress will legislate" on the subject.

His comment came at a news conference following an inspection tour of the CATV operations of Perfect TV, Inc. He was accompanied on the tour by three other commission members and nearly a bus load of FCC staff representatives.

Officials of Jerrold Electronics, Philadelphia-based parent company of Perfect TV, disputed any need for regulation of CATV.

Milton E. Shapp, chairman of the board of Jerrold, said he felt "FCC regulation of CATV is not necessary."

He added, however, that he would not oppose legislation if it permitted "CATV systems to continue to grow and[illegible] public."

3 Ohio Areas Due Poverty War Grants

COLUMBUS, Ohio (AP) — Greater Cleveland, Butler County and Mingo Junction in Jefferson County will get newly approved federal grants in the war on poverty.

The Ohio Office of Opportunity announced Tuesday that the Cleveland area will get $242,105 from Washington toward a $271,312 family day - care program covering one year; Butler County will get $54,477 for varied purposes; Mingo's public schools will conduct Saturday classes in remedial reading and mathematics with a $5,722 grant.

The Community Action Commission of the Greater Hamilton area will administer the grant involving Butler County.

The funds allotted there will:

—Finance a supervised study project which will provide tutorial assistance to 80 students from low income areas who have fallen behind their age groups in educational achievement.

—Provide an adult education program to enroll about 100 low income adults who will be given training in pre-high school studies and high school instruction in social studies, mathematics, science and English.

—Help in general administration and coordination of the county's poverty programs.

Butler County will provide $9,930 in local funds.

The Jefferson County Community Action Council will run the Mingo Junction program. Four teachers, a bus driver, a cook and a lunchserver will be employed through the grant each Saturday for six months of classes for 45 disadvantaged children in grades 1-12.

Phone Employe Given Promotion

Jack E. Talbott has been promoted to central office foreman for Ohio Bell's plant department here, replacing Charles Gritton who has joined the company's plant department in Columbus.

Talbott began his telephone career here in 1955 as a cable splicers' helper. A year later he became a splicer and in 1963 was made an apparatusman.

In 1964 he became a central office repairman.

A graduate of East Liverpool High School, he is president of the Lincoln School PTA and is a member of the American Legion.

He and his wife, Barbara, have four children, Jacquelyn Ann, 10; Sherrylynn, 9; Ronald Scott, 7, and Barbara Dianne, 5. They reside at 1810 Smithfield St.

Brothers Won't Seek Supreme Court Post

COLUMBUS, Ohio (AP) — Columbus attorney Merrill D. Brothers, endorsed by the Democratic State Screening Committee for election to the Ohio Supreme Court, says he will not seek election.

In a letter to State Democratic Chairman William L. Coleman, Brothers said Tuesday that he decided not to run because he is now involved in a case before the Supreme Court.

Lakes Council Elects

LANSING, Mich. (AP) — The Great Lakes States Industrial Development Council elected Keith R. McCullagh its president Tuesday, succeeding Robert Harman of the Canton (Ohio) Chamber of Commerce. McCullagh is industrial development representative of the Illinois Central Railroad.

Unofficial Dogcatcher Cited In Cruelty To Animals Case

EASTON, Md. (AP) — State police, accompanied by a national Humane Society official raided the farmyard of Clifford Hughes at Goldsboro, Md., and said they discovered 125 dogs — many of them sick or undernourished.

A number of dead dogs and cats were discovered Tuesday behind a barn, not far from the pen which contained live animals.

Hughes, who called himself the unofficial dogcatcher of Caroline County, was free on $450 bond today on nine charges of cruelty to animals.

Capt. Thomas S. Smith of the state police investigative division said the yard the dogs ran in resembled a pig sty. He said the sick and underfed dogs had to be left there, however, because there was no place to take them.

The Humane Society official, Frank McMahon, director of field services, called conditions "extremely bad" and said some of the dogs were bloody and injured, apparently from fights among themselves.

Smith said that Hughes, a farmer and slaughterhouse employe, brought entrails from where he worked to feed the dogs. He said Hughes told him that he buys, sells and trades dogs besides acting as unofficial dogcatcher.

The raid on the farm near the Delaware line was the second raid led by Smith and McMahon in two weeks.

Last week 100 dogs were discovered at a junk yard near White Hall, Md., near the Pennsylvania line.

Trustees: Fred Huston, Raymond Rolley, Arthur Wolf, 1966; Paul Allen, Thomas Grafton and Jesse Tarr, 1967; Phillip Fraser, Harry Kiggans and Howard Prince, 1968.

Wilbur L. MacLean was elected an honorary life member of the Board of Trustees in recognition of "his long and faithful service to the church."

The nominating committee for 1967 will be: Ed House and Kenneth Bell, co-chairmen, Harold Miller, Mrs. LaVada Drummond, Paul Vogel, Mrs. Carolyn Vogel, Miss Kay Powell, Mrs. Stanway, Harold Reed, Russell Keefer and Mrs. Betty Bright.

Recognition of the 1965 class of church officers was made and ordination and installation of the 1968 class was held at the morning worship Sunday.

Reuther Tells Pastors Need Of 'Moral, Spiritual Force'

COLUMBUS, Ohio (AP) — Labor leader Walter Reuther, applauded strenuously by the Ohio Pastors Convocation, told the 1,500 clergymen: "We need to develop a moral and spiritual force more overwhelming than the H-bomb."

The United Auto Workers president—who serves as national chairman of the Christian Crusade Against Poverty—added, "but we must do it with deeds and not high - sounding platitudes.

"We should strive to have the nations of the world judge us not by our possessions but by our goals," he said Tuesday.

The pastors were to hear more in a three-day, long line of nationally prominent speakers today climaxed by a closing address by the National Council of Churches president, Bishop Reuben H. Mueller.

Reuther said the world spends $200 billion a year in the arms race while 800 million people try to exist on yearly incomes of $100 or less.

"They spend more each year to try to feel secure and yet the result is that everyone feels less secure," he commented.

The UAW chief also said: "I think it is morally wrong to pay the farmers in this country not to produce at a time when the ugly nakedness of poverty can be seen in so many parts of the world."

In a news conference, Reuther said "repeal of the Taft-Hartley Act's section 14-B allowing state "right to work" laws can be accomplished this session of congress although the New York transit strike did nothing to improve "the public climate" toward organized labor.

FCC Seeking Information About CATV

HARRISBURG (AP) — The Federal Communications Commission (FCC) is seeking to learn all it can about the fast growing cable television (CATV) systems with an eye toward possible regulation.

E. William Henry, commission chairman, said here Tuesday he was convinced that "sooner or later Congress will legislate" on the subject.

His comment came at a news conference following an inspection tour of the CATV operations of Perfect TV, Inc. He was accompanied on the tour by three other commission members and nearly a bus load of FCC staff representatives.

Officials of Jerrold Electronics, Philadelphia-based parent company of Perfect TV, disputed any need for regulation of CATV.

Milton E. Shapp, chairman of the board of Jerrold, said he felt "FCC regulation of CATV is not necessary."

He added, however, that he would not oppose legislation if it permitted "CATV systems to continue to grow and[illegible] public."

3 Ohio Areas Due Poverty War Grants

COLUMBUS, Ohio (AP) — Greater Cleveland, Butler County and Mingo Junction in Jefferson County will get newly approved federal grants in the war on poverty.

The Ohio Office of Opportunity announced Tuesday that the Cleveland area will get $242,105 from Washington toward a $271,312 family day - care program covering one year; Butler County will get $54,477 for varied purposes; Mingo's public schools will conduct Saturday classes in remedial reading and mathematics with a $5,722 grant.

The Community Action Commission of the Greater Hamilton area will administer the grant involving Butler County.

The funds allotted there will —Finance a supervised study project which will provide tutorial assistance to 80 students from low income areas who have fallen behind their age groups in educational achievement.

—Provide an adult education program to enroll about 100 low income adults who will be given training in pre-high school studies and high school instruction in social studies, mathematics, science and English.

—Help in general administration and coordination of the county's poverty programs.

Butler County will provide $9,930 in local funds.

The Jefferson County Community Action Council will run the Mingo Junction program. Four teachers, a bus driver, a cook and a lunchserver will be employed through the grant each Saturday for six months of classes for 45 disadvantaged children in grades 1-12.

Phone Employe Given Promotion

Jack E. Talbott has been promoted to central office foreman for Ohio Bell's plant department here, replacing Charles Gritton who has joined the company's plant department in Columbus.

Talbott began his telephone career here in 1955 as a cable splicers' helper. A year later he became a splicer and in 1963 was made an apparatusman.

In 1964 he became a central office repairman.

A graduate of East Liverpool High School, he is president of the Lincoln School PTA and is a member of the American Legion.

He and his wife, Barbara, have four children, Jacquelyn Ann, 10; Sherrylynn, 9; Ronald Scott, 7, and Barbara Dianne, 5. They reside at 1810 Smithfield St.

Brothers Won't Seek Supreme Court Post

COLUMBUS, Ohio (AP) — Columbus attorney Merrill D. Brothers, endorsed by the Democratic State Screening Committee for election to the Ohio Supreme Court, says he will not seek election.

In a letter to State Democratic Chairman William L. Coleman, Brothers said Tuesday that he decided not to run because he is now involved in a case before the Supreme Court.

Lakes Council Elects

LANSING, Mich. (AP) — The Great Lakes States Industrial Development Council elected Keith R. McCullagh its president Tuesday, succeeding Robert Harman of the Canton (Ohio) Chamber of Commerce. McCullagh is industrial development representative of the Illinois Central Railroad.

Meeting Planned For Poultrymen

LISBON — Poultry health will be discussed at a meeting Tuesday at 7 p.m. at Theron's Restaurant for Columbiana - Mahoning County egg-producers and allied industries.

Leading the discussion will be Dr. Clyde Marsh, extension poultry specialist from Ohio State University.

The 1966 Columbiana - Mahoning Extension Poultry Committee elected in January includes:

Columbiana County — Kenneth Eells of Lisbon, Melvin Horst of Columbiana and Paul Wise of Columbiana.

Mahoning County — Edward Barth of Poland, Roy Koch of Petersburg and Francis Less of Greenford.

Allied Industries — Allen Chamberlin of the Mahoning Farm Bureau and Allen Dickey of D. W. Dickey and Sons.

The committee advises and works with the Mahoning and Columbiana County Extension Offices in developing and implementing educational activities of economic value to egg producers.

St. Clair Selects New CD Leader

Donald Parsons of Glenmoor was appointed St. Clair Township Civil Defense Director during a meeting of the township trustees Monday night.

He replaces Herman Heiney, who resigned because of moving from the township.

Harvey Cottrill of Calcutta, chairman of the Zoning Commission, and other members reported the newly - created unit is about to start work.

A delegation from the Sprucevale Rd. area asked for improved snow clearance in the area, referring to travel difficulty over the weekend.

Bills totaling $520 were paid. David Dray, chairman, presided.

Extension Course Set For Fruit Producers

LISBON — Tree fruit producers in the Columbiana-Mahoning County area may attend a business management short course each Wednesday at 8 p. m. in February at Columbiana High School, sponsored by the Cooperative Extension offices of both counties.

Among the subjects discussed will be management planning, financial and other records and using records in production and marketing. Certificates of graduation will be awarded upon completion of all four sessions.

A pre - registration fee of $1 must be posted at the extension office at either Lisbon or Canfield by Saturday. Wives of producers may participate.

Showboat In January Puzzles Old Rivermen

The showboat Rhododendron, owned by the State of West Virginia, was locked through district dams Tuesday in a trip up the Ohio and Monongahela Rivers that is scheduled to end at Morgantown.

Shoved by the Mary Alice, a small sternwheeler, the boat was locked through at Montgomery Dam at 12:20 p. m. after passing East Liverpool in mid - morning. The Rhododendron was covered with a heavy coating of snow, apparently picked up at its former berth on the Kanawha River near Charleston.

The smokestacks, whistle and jackstaff had been "laid down" on the upper deck so the vessel would clear some low bridges on the Mon. Some area rivermen were puzzled by the unaccustomed sight of a showboat in January.

"It was the first showboat we ever locked through in mid-winter," a dam attendant said.

Two Fined At Chester As Result Of Mishaps

Two motorists charged with failure to have their vehicles under control were fined $10 each by Mayor Harry Abrams of Chester in hearings Tuesday.

James Umensetter of Chester R.D. 1 had been cited following a rear-end auto collision Monday afternoon and John William Brenneman of New Cumberland R.D. 2 on New Year's Day when his car ran off Route 30 in the vicinity of Rock Springs Park.

Carolina Hit By 3rd Snow

By The Associated Press

The third and worst snow within 11 days overspread North Carolina today as wintry weather continued through most of the nation.

A belt of snow mixed with sleet and freezing rain swept across northern Georgia and central South Carolina and cold rain fell in Florida. Gale and small-craft warnings went up south of Savannah, Ga., and along Florida's western coast.

In North Carolina, snow harried drivers and forced many schools to close. Late Tuesday afternoon, 2 inches fell at Pope Air Force Base and by midnight, snow was falling over most of the state. A total of 4 inches was predicted before the snow was to end tonight. In the evening, Aberdeen, N.C., reported 3 inches and Raleigh, Waynesboro and Fayetteville 2 inches.

South Carolina was doused with snow mixed with sleet and freezing rain. Schools closed and low temperatures kept roads treacherous. Similar conditions prevailed in northern Georgia, where roads were reported icy.

Before the cold rain reached Florida, Fort Myers had reported a springlike high of 80.

The snow which had crippled traffic and closed schools in Arkansas, Kentucky and Tennessee moved on, but the effects remained. Schools in 18 Kentucky counties stayed closed, rural roads remained slick and more snow was predicted. Temperatures in Tennessee remained under freezing and schools in 38 counties were deserted.

Subzero cold again gripped parts of the Great Plains, the Great Lakes region and New England, and zero readings were common as far south as Kansas.

Beaver Registration Set On Surplus Food

Registration for new applicants for surplus food will be held Feb. 1-16 at the Surplus Food Office at Route 51, Fallston, Pa.

The registration will entitle Beaver County applicants to receive food in March.

"Applicants registering after Feb. 16 will not be eligible for surplus food until April," Benedict Zupi, Beaver County Surplus Food administrator, said.

Sentence Suspended In Forgery Hearing

A Chester area man received a suspended 60-day sentence Tuesday in Common Pleas Court at Lisbon after pleading guilty during arraignment on a forgery indictment.

Judge Raymond S. Buzzard suspended the sentence for Ronald Conkle, 25, of Chester R. D. 1 because Conkle already had served nearly 90 days while awaiting trial. He was unable to post $1,000 bond.

The judge granted Conkle 30 days in which to pay his court costs.

IS CANCER A CURABLE DISEASE?

Medical science has learned much in recent years about the cause and treatment of cancer. We now know that a predictable percentage of people will develop cancer each year.

But, we also know that if the diagnosis is early, before cancer has the time to gain a firm foothold, at least half of cancer attacked victims can be saved by present treatments. Until the soon expected cure for all is discovered, we urge you to get frequent health check-ups.

Dear Friends,

Benefits may be lost to the family for lack of knowledge. If the deceased was covered by Social Security, his beneficiary is eligible for a benefit—likewise the family of a war veteran with active service. Some trade unions and fraternal organizations provide survivor benefits. Your funeral director can assist you to learn of and apply for various benefits to which the survivors may be entitled.

Respectfully,

Richard C. Martin

This is Crucible

Stainless steel bars made by Crucible people at Midland and Syracuse are undoubtedly some of the finest made. Used for a wide number of machine parts essential in the manufacture of machinery, they must be tough and made to close specification. Crucible excels in their production. And not being satisfied with merely good products, the company has a continuing program which seeks better ones. Last year, for example, a new grade of stainless bar, 416 Plus-X, was introduced. A superior product with improved machinability, customers tell us it helps increase production and provides longer tool life. It gives customers more for their money, which is one of the best ways we know to increase sales and improve profits to continue Crucible's progress and growth.

He replaces Herman Heiney, who resigned because of moving from the township.

Harvey Cottrill of Calcutta, chairman of the Zoning Commission, and other members reported the newly - created unit is about to start work.

A delegation from the Sprucevale Rd. area asked for improved snow clearance in the area, referring to travel difficulty over the weekend.

Bills totaling $520 were paid. David Dray, chairman, presided.

Extension Course Set For Fruit Producers

LISBON — Tree fruit producers in the Columbiana-Mahoning County area may attend a business management short course each Wednesday at 8 p. m. in February at Columbiana High School, sponsored by the Cooperative Extension offices of both counties.

Among the subjects discussed will be management planning, financial and other records and using records in production and marketing. Certificates of graduation will be awarded upon completion of all four sessions.

A pre - registration fee of $1 must be posted at the extension office at either Lisbon or Canfield by Saturday. Wives of producers may participate.

Showboat In January Puzzles Old Rivermen

The showboat Rhododendron, owned by the State of West Virginia, was locked through district dams Tuesday in a trip up the Ohio and Monongahela Rivers that is scheduled to end at Morgantown.

Shoved by the Mary Alice, a small sternwheeler, the boat was locked through at Montgomery Dam at 12:20 p. m. after passing East Liverpool in mid - morning. The Rhododendron was covered with a heavy coating of snow, apparently picked up at its former berth on the Kanawha River near Charleston.

The smokestacks, whistle and jackstaff had been "laid down" on the upper deck so the vessel would clear some low bridges on the Mon. Some area rivermen were puzzled by the unaccustomed sight of a showboat in January.

"It was the first showboat we ever locked through in mid-winter," a dam attendant said.

Two Fined At Chester As Result Of Mishaps

Two motorists charged with failure to have their vehicles under control were fined $10 each by Mayor Harry Abrams of Chester in hearings Tuesday.

James Umensetter of Chester R.D. 1 had been cited following a rear-end auto collision Monday afternoon and John William Brenneman of New Cumberland R.D. 2 on New Year's Day when his car ran off Route 30 in the vicinity of Rock Springs Park.

Carolina Hit By 3rd Snow

By The Associated Press

The third and worst snow within 11 days overspread North Carolina today as wintry weather continued through most of the nation.

A belt of snow mixed with sleet and freezing rain swept across northern Georgia and central South Carolina and cold rain fell in Florida. Gale and small-craft warnings went up south of Savannah, Ga., and along Florida's western coast.

In North Carolina, snow harried drivers and forced many schools to close. Late Tuesday afternoon, 2 inches fell at Pope Air Force Base and by midnight, snow was falling over most of the state. A total of 4 inches was predicted before the snow was to end tonight. In the evening, Aberdeen, N.C., reported 3 inches and Raleigh, Waynesboro and Fayetteville 2 inches.

South Carolina was doused with snow mixed with sleet and freezing rain. Schools closed and low temperatures kept roads treacherous. Similar conditions prevailed in northern Georgia, where roads were reported icy.

Before the cold rain reached Florida, Fort Myers had reported a springlike high of 80.

The snow which had crippled traffic and closed schools in Arkansas, Kentucky and Tennessee moved on, but the effects remained. Schools in 18 Kentucky counties stayed closed, rural roads remained slick and more snow was predicted. Temperatures in Tennessee remained under freezing and schools in 38 counties were deserted.

Subzero cold again gripped parts of the Great Plains, the Great Lakes region and New England, and zero readings were common as far south as Kansas.

Beaver Registration Set On Surplus Food

Registration for new applicants for surplus food will be held Feb. 1-16 at the Surplus Food Office at Route 51, Fallston, Pa.

The registration will entitle Beaver County applicants to receive food in March.

"Applicants registering after Feb. 16 will not be eligible for surplus food until April," Benedict Zupi, Beaver County Surplus Food administrator, said.

Sentence Suspended In Forgery Hearing

A Chester area man received a suspended 60-day sentence Tuesday in Common Pleas Court at Lisbon after pleading guilty during arraignment on a forgery indictment.

Judge Raymond S. Buzzard suspended the sentence for Ronald Conkle, 25, of Chester R. D. 1 because Conkle already had served nearly 90 days while awaiting trial. He was unable to post $1,000 bond.

The judge granted Conkle 30 days in which to pay his court costs.

IS CANCER A CURABLE DISEASE?

Medical science has learned much in recent years about the cause and treatment of cancer. We now know that a predictable percentage of people will develop cancer each year.

But, we also know that if the diagnosis is early, before cancer has the time to gain a firm foothold, at least half of cancer attacked victims can be saved by present treatments. Until the soon expected cure for all is discovered, we urge you to get frequent health check-ups.

This is Crucible

Stainless steel bars made by Crucible people at Midland and Syracuse are undoubtedly some of the finest made. Used for a wide number of machine parts essential in the manufacture of machinery, they must be tough and made to close specification. Crucible excels in their production. And not being satisfied with merely good products, the company has a continuing program which seeks better ones. Last year, for example, a new grade of stainless bar, 416 Plus X, was introduced. A superior product with improved machinability, customers tell us it helps increase production and provides longer tool life. It gives customers more for their money, which is one of the best ways we know to increase sales and improve profits to continue Crucible's progress and growth.

Thayer Tallies 31 To Tie School Record At Oak Glen

Senior Tom Thayer, who has been threatening the school scoring record, tied it Tuesday night by pouring in 31 points as Oak Glen avenged a previous loss with an 83-55 rout of visiting Weirton Madonna.

Thayer's 12 field goals and seven fouls tied a two-year-old record set Sam Simmons against Follansbee in 1964. The 6-1 senior made 12 of 26 shots but turned in a complete game by leading his team in rebounds with 18 and coming up with some timely assists.

MADONNA had defeated Oak Glen by a margin of three points earlier this month, but with Thayer leading the charge, the Golden Bears had the contest pretty well under control by halftime.

Coach Bob Starkey's forces held a 13-12 edge at the first quarter stopped but advanced that margin to 31-19 at halftime and put the game out of reach, 56-33, after three periods.

THAYER'S best quarter was the third when he scored 11 points.

Dan Clark backed Thayer in the scoring department with 18 points. Starkey cleared the bench and 10 players gained the scoring column.

THE VICTORY was the fifth in 12 games for Oak Glen while Weirton had carried a 10-2 record into Tuesday's game.

The Bears shot a healthy 46 per cent making 32 of 69 shots while Madonna was way off the mark most of the night hitting 21 of 79 for 26 per cent as Oak Glen's tight zone forced many enemy turnovers.

Oak Glen won the reserve contest, 58-49, as Jim Gadd took scoring honors with 16 points.

Monaca Remains Leader In Sec. 8

By John Como
Review Sportswriter

Midland gained sole possession of second place in WPIAL Section 8 competition Tuesday night by downing New Brighton, 73-52.

While the Leopards were making a successful road trip, Monaca dumped Hopewell, 58-36, to remain the front runner in section competition with a 5-0 slate.

MIDLAND raised its league mark to 4-1 and moved a step ahead of Hopewell, which fell to third place with a 3-2 record. New Brighton dropped to fourth at 2-3.

Midland fell behind 4-2 in the early moments Tuesday, but surged to an 18-11 lead at the end of the first quarter. The Leopards were never threatened the rest of the way as they mounted the lead at will and gained as high as a 26-point advantage in the third period.

WITH BRENT Lake leading the way in the first half, Midland took a 34-17 margin into the dressing room at intermission. Lake hit for 10 points in the first two periods as he pumped in his pet jumper from the corner four times and hit on two one-shot fouls.

Glen Humbert picked up the slack in the second half, scoring 14 points on five goals and four of four fouls. Humbert finished as top point producer with 18 points for the Leopards.

RICH MAHURT gave Humbert an able assist after the intermission by hitting for three buckets at the post position and tallying four free throws in seven attempts. Mahurt and Lake tied for second - place scoring honors on the team with 14 each.

The contest marked the best all-around performance of the season for Midland as it raised its overall slate to 13-4. In all, eight players scored and the Leopards looked sharp as they handled the ball sure-handed in setting up plays.

DEFENSE, which has been the Leopards' trade mark all season, was even tougher than usual as they stole the ball several times and had the Lions forcing their shots.

Unable to work the ball in for close shots, New Brighton was forced to shoot from outside and only Rick Messick hit with consistency.

MESSICK ripped the cords for seven goals and tallied his only free throw attempt to pace the losers with 15.

Substitute guard Glenn Hill brightened the Lion attack after entering the game in the latter part of the third period. He scored four buckets on long jump shots to finish with eight points.

Midland hit for its best percentage of the season as it goaled 29 of 69 shots for a 42 mark.

New Brighton tallied on 19 of 74 shots for 25 per cent in falling for the 12th time in 16 outings.

The Midland Reserves made the evening a complete success by topping the Lion subs in the last second of play, 46-44. Dave Vanlier paced the victory with 15 points.

Dayton's Finkel Misses Only Once

Ron Williams Scores 24 In Win Over Pitt

By TED MEIER
Associated Press Sports Writer

It's getting close to voting time for the 1966 college basketball All-America. One of the leading candidates is Henry Finkel of the University of Dayton Flyers.

The 6-foot-11 senior from Union City, N.J., demonstrated his finesse Tuesday night in pacing Dayton to an 85-57 home-court triumph over Los Angeles Loyola.

The 23-year-old Dayton star missed just one shot as the Flyers chalked up their 14th victory against only three defeats. He made 12 of 13 tries from the field and got four-for-four from the foul line. That added up to 28 points.

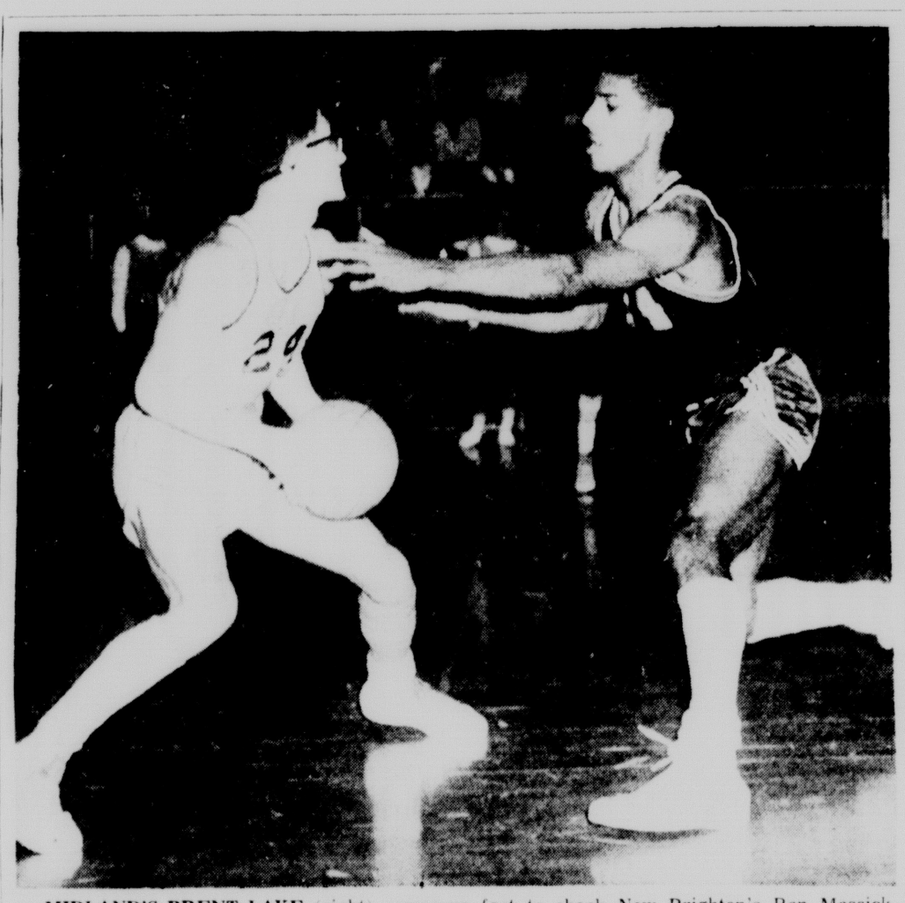

Finkel, a "proven star" in the words of his coach, Don Donoher, will face sterner opposition Saturday night when the Flyers invade Philadelphia to battle the St. Joseph's Hawks, fifth-ranked in the Associated Press poll.

None of the AP Top Ten teams saw action as the mid-year examination lull continued.

Ron Williams, West Virginia's star sophomore, sparked a fast break with 24 points to lead the Mountaineers to an easy 90-79 road victory over Pitt. Larry Szykowny tossed in 29 points for the losing Panthers.

Alabama also won on the road, beating Mississippi State 71-63 in a Southeastern Conference game. Creighton and Villanova, each playing at home, beat LaSalle and St. Peters of New Jersey, respectively.

Wally Anderzunas' 27 points paced the Bluejays over LaSalle's Explorers 104-90. Bill Melchionni got 23 points for Villanova in the Wildcasts' 94-66 conquest of St. Peters. It was victory No. 1,000 for Villanova since the Philadelphia Main Line team started playing in 1921.

MIDLAND'S BRENT LAKE (right) comes up fast to check New Brighton's Ron Messick during action Tuesday night at New Brighton. Midland went on to defeat the Lions, 73-52.

South Side Bows At Center, 68-61

South Side, after leading at halftime, could not keep pace in the second half and dropped a 68-61 decision Tuesday night at Center High School in a Section 22-B contest.

Ken Peden continued his hot scoring pace for South Side by dropping in 23 points but the Rams could not cope with the one-two scoring punch of Center's Marty Morrison who scored 23 and George Zatezalo's 22 points effort.

Center edged to an 18-16 first period lead but South Side came back for a 29-28 margin at halftime. Center inched in front, 50-45, at the end of three periods and protected the lead during the final eight minutes.

The victory left Center with a 5-2 league mark while South Side, fresh from upsetting Bellevue last Friday night, dropped its fifth Section 22 battle while having two victories.

The Center reserves captured the preliminary battle, 52-29.

Beaver Wins In Battle For Section 8 Cellar

In a battle for last place in Section 8, Beaver stepped out of the cellar with a 69-49 victory over visiting Western Beaver Tuesday night.

The victory was the first in league competition for Beaver which has a 1-4 mark while Western dropped its fifth straight Section 8 tilt.

After leading 28-22 at halftime, Beaver took in the third period and steamed to a 46-34 advantage.

Denny Creese, the only Beaver starter in the double figures, poured in 26 points to lead the Bobcats.

Lee Nott paced Western with 13 while Mike Lacey and Don Chevalier had 10 each.

Monaca Remains Leader In Sec. 8

By John Como
Review Sportswriter

Midland gained sole possession of second place in WPIAL Section 8 competition Tuesday night by downing New Brighton, 73-52.

While the Leopards were making a successful road trip, Monaca dumped Hopewell, 58-36, to remain the front runner in section competition with a 5-0 slate.

—:—

MIDLAND raised its league mark to 4-1 and moved a step ahead of Hopewell, which fell to third place with a 3-2 record. New Brighton dropped to fourth at 2-3.

Midland fell behind 4-2 in the early moments Tuesday, but surged to an 18-11 lead at the end of the first quarter. The Leopards were never threatened the rest of the way as they mounted the lead at will and gained as high as a 26-point advantage in the third period.

—:—

WITH BRENT Lake leading the way in the first half, Midland took a 34-17 margin into the dressing room at intermission. Lake hit for 10 points in the first two periods as he pumped in his pet jumper from the corner four times and hit on two one-shot fouls.

Glen Humbert picked up the slack in the second half, scoring 14 points on five goals and four of four fouls. Humbert finished as top point producer with 18 points for the Leopards.

—:—

RICH MAHURT gave Humbert an able assist after the intermission by hitting for three buckets at the post position and tallying four free throws in seven attempts. Mahurt and Lake tied for second - place scoring honors on the team with 14 each.

The contest marked the best all-around performance of the season for Midland as it raised its overall slate to 13-4. In all, eight players scored and the Leopards looked sharp as they handled the ball sure-handed in setting up plays.

—:—

DEFENSE, which has been the Leopards' trade mark all season, was even tougher than usual as they stole the ball several times and had the Lions forcing their shots.

Unable to work the ball in for close shots, New Brighton was forced to shoot from outside and only Rick Messick hit with consistency.

—:—

MESSICK ripped the cords for seven goals and tallied his only free throw attempt to pace the losers with 15.

Substitute guard Glenn Hill brightened the Lion attack after entering the game in the latter part of the third period. He scored four buckets on long jump shots to finish with eight points.

Midland hit for its best percentage of the season as it goaled 29 of 69 shots for a 42 mark.

New Brighton tallied on 19 of 74 shots for 25 per cent in falling for the 12th time in 16 outings.

The Midland Reserves made the evening a complete success by topping the Lion subs in the last second of play, 46-44. Dave Vanlier paced the victory with 15 points.

Dayton's Finkel Misses Only Once

Ron Williams Scores 24 In Win Over Pitt

By TED MEIER
Associated Press Sports Writer

It's getting close to voting time for the 1966 college basketball All-America. One of the leading candidates is Henry Finkel of the University of Dayton Flyers.

The 6-foot-11 senior from Union City, N.J., demonstrated his finesse Tuesday night in pacing Dayton to an 85-57 home-court triumph over Los Angeles Loyola.

The 23-year-old Dayton star missed just one shot as the Flyers chalked up their 14th victory against only three defeats. He made 12 of 13 tries from the field and got four-for-four from the foul line. That added up to 28 points.

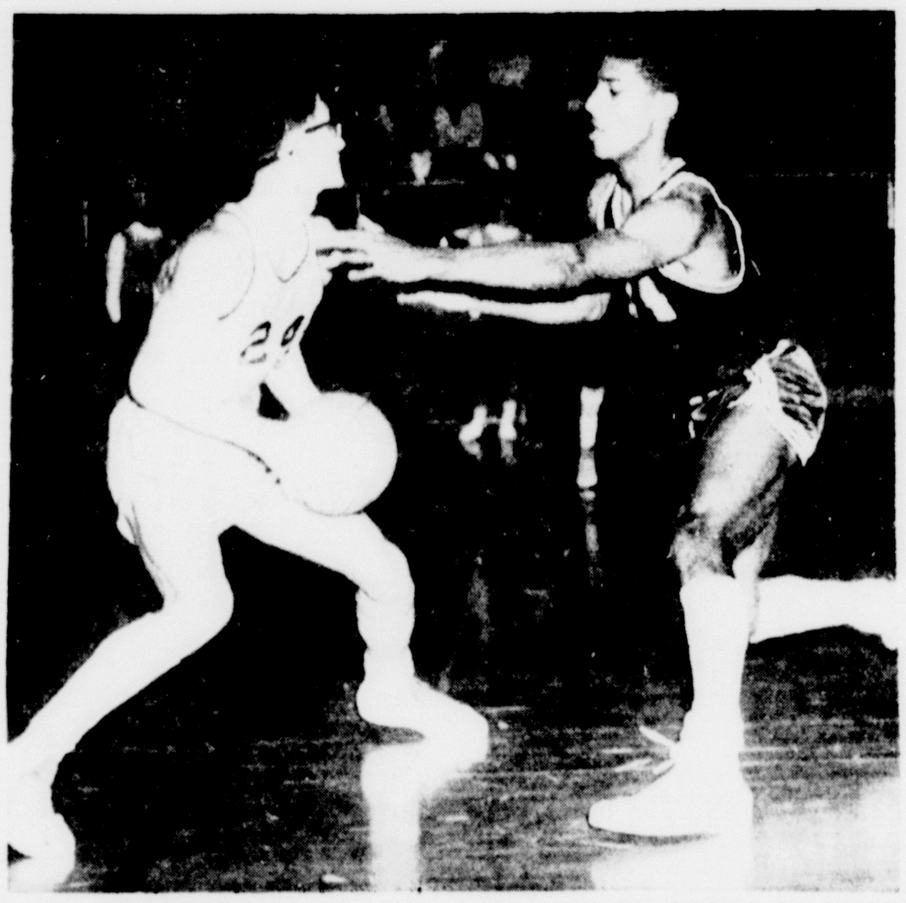

Finkel, a "proven star" in the words of his coach, Don Donoher, will face sterner opposition Saturday night when the Flyers invade Philadelphia to battle the St. Joseph's Hawks, fifth-ranked in the Associated Press poll.

None of the AP Top Ten teams saw action as the mid-year examination lull continued.

Ron Williams, West Virginia's star sophomore, sparked a fast break with 24 points to lead the Mountaineers to an easy 90-79 road victory over Pitt. Larry Szykowny tossed in 29 points for the losing Panthers.

Alabama also won on the road, beating Mississippi State 71-63 in a Southeastern Conference game. Creighton and Villanova, each playing at home, beat LaSalle and St. Peters of New Jersey, respectively.

Wally Anderzunas' 27 points paced the Bluejays over LaSalle's Explorers 104-90. Bill Melchionni got 23 points for Villanova in the Wildcasts' 94-66 conquest of St. Peters. It was victory No. 1,000 for Villanova since the Philadelphia Main Line team started playing in 1921.

MIDLAND'S BRENT LAKE (right) comes up fast to check New Brighton's Ron Messick during action Tuesday night at New Brighton. Midland went on to defeat the Lions, 73-52.

South Side Bows At Center, 68-61

South Side, after leading at halftime, could not keep pace in the second half and dropped a 68-61 decision Tuesday night at Center High School in a Section 22-B contest.

Ken Peden continued his hot scoring pace for South Side by dropping in 23 points but the Rams could not cope with the one-two scoring punch of Center's Marty Morrison who scored 23 and George Zatezalo's 22 points effort.

Center edged to an 18-16 first period lead but South Side came back for a 29-28 margin at halftime. Center inched in front, 50-45, at the end of three periods and protected the lead during the final eight minutes.

The victory left Center with a 5-2 league mark while South Side, fresh from upsetting Bellevue last Friday night, dropped its fifth Section 22 battle while having two victories.

The Center reserves captured the preliminary battle, 52-29.

Beaver Wins In Battle For Section 8 Cellar

In a battle for last place in Section 8, Beaver stepped out of the cellar with a 69-49 victory over visiting Western Beaver Tuesday night.

The victory was the first in league competition for Beaver which has a 1-4 mark while Western dropped its fifth straight Section 8 tilt.

After leading 28-22 at halftime, Beaver took in the third period and steamed to a 46-34 advantage.

Denny Creese, the only Beaver starter in the double figures, poured in 26 points to lead the Bobcats.

Lee Nott paced Western with 13 while Mike Lacey and Don Chevalier had 10 each.

The Beaver reserves won, 75-31.

Salem Trips Westgate For 14th Straight

Westgate kept pace for three quarters but were nosed out in the final period in dropping a 41-32 verdict to undefeated Salem Tuesday on the Salem court.

While Westgate dropped its sixth game in 11 starts, Salem pushed its winning streak to 14 straight.

Westgate battled Salem on even terms in the first half which ended 18-18. The young Quakers could only manage a 27-25 edge after three periods before pulling away in the fourth quarter.

Altomare and Cody with 12 points each paced Salem while Dan Cunningham dropped in nine and Bill Montgomery tallied eight for Westgate.

Westgate plays at Beaver Local Thursday.

BURBICK HARDWARE

Horse Of Year Successful In Hialeah Bow

MIAMI, Fla. (AP) — A sturdy little bay gelding named Roman Brother is likely to be the next thoroughbred to become a millionaire.

Roman Brother, 5-year-old son of Third Brother, made his first start of the season at Hialeah Park Tuesday and was impressive under 123 pounds for seven furlongs.

With his regular rider, Braulio Baeza, in the saddle, Roman Brother ran the distance in a brisk 1:24 1-5 and won ridden out. Near the finish, Selari came at him, but Roman Brother just galloped away.

Six other older horses went postward, and Selari, at 114 pounds, finished second, followed by Sunstruck, Prime Minister, Tudor Manor, Judge Morris and Rub Down.

Roman Brother, a Florida-bred owned by Lou Wolfson of Harbor View Farm and trained by Burley Parke, was 3 to 5 favorite and paid $3.40 and $2.40.

Roman Brother, horse of the year in 1965 in some yearend polls, earned $5,200 in the $8,000 event and boosted his lifetime winnings to $940,403. He was bought at the Hialeah sales in 1963 for $23,500.

He is the richest horse ever sold at public auction and the first from a sales ring to be named horse of the year.

Swamp Fever Is Feared In Horse's Death

BOWIE, Md. (AP) — Horsemen and officials of Bowie race course awaited an autopsy report today to see if the uncurable disease swamp fever caused the death of the thoroughbred, East India II.

The horse died late Monday on a farm near Laurel, after having been isolated since Friday with four other horses from the stable of trainer Bryan Webb.

The four still under strict quarantine must undergo a lengthy and expensive inoculation test believed to be the only certain method of determining the existence of the highly contagious swamp fever.

Restrictions were lifted Tuesday for 17 other thoroughbreds trained by Webb after they were cleared by blood tests at a laboratory in College Station, Tex. The horses will be allowed to resume training.

Testing began for 27 other horses from the stables of five other trainers, as the Maryland Racing Commission moved to determine if the dreaded equine disease actually existed.

Federal and state veterinarians met at Bowie again Tuesday to discuss methods of controlling the situation. And J. Newton Brewer Jr., chairman of the Maryland Racing Commission, said Gov. J. Millard Tawes and various racing groups had pledged full support.

Webb said he would await the autopsy report before conceding that swamp fever killed East India II.

Winds, Rains Predicted For Golf Tourney

SAN FRANCISCO (AP) — Whole gale winds and heavy rains were predicted for today's start of the Lucky International Open Golf Tournament in San Francisco.

That's enough weather to dampen the spirits, if not the games, of this year's top money winners — Arnold Palmer who won in Los Angeles, Bill Casper who won in San Diego and Don Massengale who won at the Crosby in Pebble Beach.

They are all in the Lucky. Serious putting starts Thursday and if the weather man is correct, the rains will have diminished to scattered showers.

The golfers teed off today in the pro-am contest, which has prize money of $5,000. Gov. Edmund G. Brown, who has a 16-stroke handicap because that's the tournament limit, was one of the amateurs.

"I'm a 22 handicap," he told the tournament directors, "so I don't want a pro that will be bothered by my game." He was in a foursome with professional Mike Souchak.

They started early on the Harding Park golf course.

The regular tournament will be over 72 holes for $50,000. The winner will receive $7,500.

Along with Palmer, Casper and Massengale are Tony Lema, Ken Venturi, Gene Littler, Chi-Chi Rodriguez and defending champion George Archer.

Keep white pepper on hand to use in pale - colored sauces and similar dishes.

Mantle's Operation Successful

Injuries Force Yankees' Kubek To Quit At Age 29

NEW YORK (AP) — The first chink in what once seemed an impregnable New York Yankee armor has left a deep crack in the Bombers' infield.

Shortstop Tony Kubek, hampered by injuries through most of last year's sixth-place Yankee finish, has decided, at age 29, to retire from baseball.

Kubek, who played on seven pennant winners in his nine years as a Yankee, announced his decision Monday after undergoing a thorough examination at the Mayo Clinic last fall.

Reports from the clinic indicated that pressure on Kubek's spinal cord which apparently is the result of a fracture in the cervical section of the neck could affect his reflexes.

The fracture, previously undiscovered, apparently was suffered several years ago and bone spurs and nerve damage have developed. Doctors at the clinic told Kubek that months of rest might alleviate the condition but the veteran infielder felt there was a possibility of permanent damage if he tried to play.

There was speculation that Kubek might have suffered the original injury in the final game of the 1960 World Series against Pittsburgh when a grounder hit by Bill Virdon struck a pebble, bounced up, hit Kubek in the throat and caused him to snap his head back. The bouncer led to a five-run eighth inning for the Pirates and Pittsburgh went on to win the game and the Series on Bill Mazeroski's lead-off home run in the lest half of the ninth inning.

Kubek, who was Rookie of the Year in 1957, had a career average of .266 in 1,092 games as a Yankee. He batted .218 last year in 109 games.

"Naturally, we are very sorry to lose the services of such a fine shortstop as Kubek," said Yankee General Manager Ralph Houk. "But we heartily concur in Tony's decision to retire. His own future health comes first and we all join in wishing Tony the best of everything in the future and a speedy recovery from his physical difficulties."

But the Kubek cloud had a silver lining for Houk when Tony's keystone partner, Bobby Richardson, notified the club he would be back for 1966.

Richardson said there had been a "good chance" that he would not return for another season were Kubek healthy. "Tony, Ralph Houk and I have had a sort of three-way gentlemen's agreement about this for some time." Richardson explained.

Meanwhile, the Mayo Clinic doctors had another important Yankee patient. Mickey Mantle underwent a two-hour operation for the removal of a bone chip in his right shoulder and was reported in satisfactory condition.

Houk said a hospital spokesman told him Mantle would be ready for the March 1 opening of spring training at Fort Lauderdale, Fla. "We understand now," Houk said, "that Mickey should have no more pain and it is very happy news for us."

OSU, Bearcats, Toledo May Reap Frosh Harvest

COLUMBUS, Ohio (AP) — There's an extraordinary crop of college freshmen basketball talent in Ohio this year.

The fledgling phenoms are likely to make life more enjoyable for a host of Buckeye coaches in the next few years. But Ohio State, Cincinnati and Toledo figure to reap the greatest benefits.

Ohio State, going through its second straight so-so season, has a strong rookie crop coming up that could team with junior Ron Sepic and sophomore Bill Hosket next year to form a potent combination.

Former Lima Shawnee ace Jeff Miller, Columbus Eastmoor's Steve Howell, Dennis Meadors of Dayton Meadowdale; Steve Barnard of Columbus West and Bruce Schabel of Williamstown, W. Va. are the big names on the Buckeye frosh club.

Miller, a 6-4 corner man with good moves, is leading the team with a 24.2 points per game average and 41 rebounds.

Toledo Coach Bobby Nichols can hardly wait to put his freshmen finds on the floor. The first-year Rockets have bomed the baskets at a merry clip, averaging 107.8 points a game in sweeping aside 11 foes.

John Brisker, Bob Miller, Steve Mix, John Rudley, Calvin Lawshe and Jim Hayes are all scoring in double figures with Brisker leading the way on a 24.0 average.

Brisker and Rudley are all-state players from Michigan and Miller, who has connected at a 60 per cent clip in averaging 19.6 a game, is from Upstate New York.

Mix, 6-foot-6 and growing, is the team's leading rebounder.

Cincinnati, bidding for a Missouri Valley Title, should be bolstered considerably by one of its strongest frosh quints in years.

Dick Haucke, an All-Ohio from Cincinnati LaSalle, is the top gun with a 22.5 average in six games. The 6-6 Haucke has canned 53 per cent of his shots and picked off 83 rebounds.

Dayton Dunbar's Gerald McKee has a "can't miss" tag at Ohio University, where he is bagging 23.5 a game in seven starts and leads in rebounds with 71.

Strong Dayton figures Dan Obrovac of Canton and Tom Heckman of Glandorf could deliver next season. Obrovac, a 6-10 center, has been slow developing because of a preseason knee operation.

Miami's top prospect appears to be Bob Carlton, a 6-5 forward from Akron Woodridge. Another Akron product, Central's Dick Rudgers, is doing well at Bowling Green.

Rites To Be Friday For Breeder, Trainer

WILMINGTON, Ohio (AP) — Funeral services will be Friday for Dr. H. K. Bailey, 73, widely known breeder and trainer of standardbred racehorses.

Dr. Bailey, a veterinarian, died Tuesday in a Cincinnati hospital.

He was owner-operator of Fairmeade Greenacres Farm near here, one of the oldest and largest racehorse breeding farms in Ohio.

He was president of the Ohio Colt Racing Association, vice president of the Midwest Standard Breed Horse Sale Co., and a director of the Little Brown Jug.

Signs $50,000 A Year Pact

Graham Promises Redskin Fans A Lot Of Excitement

WASHINGTON (AP) — Otto Graham, new coach of the Washington Redskins, promised the fans plenty of excitement and the players plenty of hard work next season — but he did not predict whether the team would do better than this year's 6-8 record.

"I realize that winning is the most important thing in pro football, but I think you have to put on a good show, too," Graham, 44, said in an interview with the Washington Post.

Graham, who as quarterback led the Cleveland Browns to six straight Eastern Division titles and three National Football League championships, was selected Tuesday for a long-term Redskin contract at a salary reportedly about $50,000 a year.

Graham said he would "rather risk losing some games by say 35-28 and have the fans up off their seats with excitement," than win a dull 3-0 game.

Head coach at the U.S. Coast Guard Academy since 1959, Graham often had said that he did not want to return to pro football — or even college coaching — because of the attendant pressures.

"I had mixed emotions about leaving the Coast Guard Academy, which is the best college coaching job in the country," Graham said. "But Washington is one of the best — if not the best franchise — in pro football and represents a wonderful opportunity and challenge."

Known as a hard-driving, rough disciplinarian, Graham said, "I think hard work wins football games, but I think football can be fun, too. I am not Vince Lombardi, but I am tough, I am firm, but fair." He referred to the strict Green Bay Packer coach.

The Redskin front office, meanwhile, said that while it had put no time limit on Graham, a winning team is expected next year.

Roman Brother, 5-year-old son of Third Brother, made his first start of the season at Hialeah Park Tuesday and was impressive under 123 pounds for seven furlongs.

With his regular rider, Braulio Baeza, in the saddle, Roman Brother ran the distance in a brisk 1:24 1-5 and won ridden out. Near the finish, Selari came at him, but Roman Brother just galloped away.

Six other older horses went postward and Selari, at 114 pounds, finished second, followed by Sunstruck, Prime Minister, Tudor Manor, Judge Morris and Rub Down.

Roman Brother, a Florida-bred owned by Lou Wolfson of Harbor View Farm and trained by Burley Parke, was 3 to 5 favorite and paid $3.40 and $2.40.

Roman Brother, horse of the year in 1965 in some yearend polls, earned $5,260 in the $8,000 event and boosted his lifetime winnings to $949,403. He was bought at the Hialeah sales in 1963 for $23,500.

He is the richest horse ever sold at public auction and the first from a sales ring to be named horse of the year.

Swamp Fever Is Feared In Horse's Death

BOWIE, Md. (AP) — Horsemen and officials of Bowie race course awaited an autopsy report today to see if the uncurable disease swamp fever caused the death of the thoroughbred, East India II.

The horse died late Monday on a farm near Laurel, after having been isolated since Friday with four other horses from the stable of trainer Bryan Webb.

The four still under strict quarantine must undergo a lengthy and expensive inoculation test believed to be the only certain method of determining the existence of the highly contagious swamp fever.

Restrictions were lifted Tuesday for 17 other thoroughbreds trained by Webb after they were cleared by blood tests at a laboratory in College Station, Tex. The horses will be allowed to resume training.

Testing began for 27 other horses from the stables of five other trainers, as the Maryland Racing Commission moved to determine if the dreaded equine disease actually existed.

Federal and state veterinarians met at Bowie again Tuesday to discuss methods of controlling the situation. And J. Newton Brewer Jr., chairman of the Maryland Racing Commission, said Gov. J. Millard Tawes and various racing groups had pledged full support.

Webb said he would await the autopsy report before conceding that swamp fever killed East India II.

Winds, Rains Predicted For Golf Tourney

SAN FRANCISCO (AP) — Whole gale winds and heavy rains were predicted for today's start of the Lucky International Open Golf Tournament in San Francisco.

That's enough weather to dampen the spirits, if not the games, of this year's top money winners — Arnold Palmer who won in Los Angeles, Bill Casper who won in San Diego and Don Massengale who won at the Crosby in Pebble Beach.

They are all in the Lucky. Serious putting starts Thursday and if the weather man is correct, the rains will have diminished to scattered showers.

The golfers teed off today in the pro-am contest, which has prize money of $5,000. Gov. Edmund G. Brown, who has a 16-stroke handicap because that's the tournament limit, was one of the amateurs.

"I'm a 22 handicap," he told the tournament directors, "so I don't want a pro that will be bothered by my game." He was in a foursome with professional Mike Souchak.

They started early on the Harding Park golf course.

The regular tournament will be over 72 holes for $50,000. The winner will receive $7,500.

Along with Palmer, Casper and Massengale are Tony Lema, Ken Venturi, Gene Littler, Chi-Chi Rodriguez and defending champion George Archer.

Keep white pepper on hand to use in pale-colored sauces and similar dishes.

Mantle's Operation Successful

Injuries Force Yankees' Kubek To Quit At Age 29

NEW YORK (AP) — The first chink in what once seemed an impregnable New York Yankee armor has left a deep crack in the Bombers' infield.

Shortstop Tony Kubek, hampered by injuries through most of last year's sixth-place Yankee finish, has decided, at age 29, to retire from baseball.

Kubek, who played on seven pennant winners in his nine years as a Yankee, announced his decision Monday after undergoing a thorough examination at the Mayo Clinic last fall.

Reports from the clinic indicated that pressure on Kubek's spinal cord which apparently is the result of a fracture in the cervical section of the neck could affect his reflexes.

The fracture, previously undiscovered, apparently was suffered several years ago and bone spurs and nerve damage have developed. Doctors at the clinic told Kubek that months of rest might alleviate the condition but the veteran infielder felt there was a possibility of permanent damage if he tried to play.

There was speculation that Kubek might have suffered the original injury in the final game of the 1960 World Series against Pittsburgh when a grounder hit by Bill Virdon struck a pebble, bounced up, hit Kubek in the throat and caused him to snap his head back. The bouncer led to a five-run eighth inning for the Pirates and Pittsburgh went on to win the game and the Series on Bill Mazeroski's lead-off home run in the lest half of the ninth inning.

Kubek, who was Rookie of the Year in 1957, had a career average of .266 in 1,092 games as a Yankee. He batted .218 last year in 109 games.

"Naturally, we are very sorry to lose the services of such a fine shortstop as Kubek," said Yankee General Manager Ralph Houk. "But we heartily concur in Tony's decision to retire. His own future health comes first and we all join in wishing Tony the best of everything in the future and a speedy recovery from his physical difficulties."

But the Kubek cloud had a silver lining for Houk when Tony's keystone partner, Bobby Richardson, notified the club he would be back for 1966.

Richardson said there had been a "good chance" that he would not return for another season were Kubek healthy. "Tony, Ralph Houk and I have had a sort of three-way gentlemen's agreement about this for some time," Richardson explained.

Meanwhile, the Mayo Clinic doctors had another important Yankee patient. Mickey Mantle underwent a two-hour operation for the removal of a bone chip in his right shoulder and was reported in satisfactory condition.

Houk said a hospital spokesman told him Mantle would be ready for the March 1 opening of spring training at Fort Lauderdale, Fla. "We understand now," Houk said, "that Mickey should have no more pain and it is very happy news for us."

OSU, Bearcats, Toledo May Reap Frosh Harvest

COLUMBUS, Ohio (AP) — There's an extraordinary crop of college freshmen basketball talent in Ohio this year.

The fledgling phenoms are likely to make life more enjoyable for a host of Buckeye coaches in the next few years. But Ohio State, Cincinnati and Toledo figure to reap the greatest benefits.

Ohio State, going through its second straight so-so season, has a strong rookie crop coming up that could team with junior Ron Sepic and sophomore Bill Hosket next year to form a potent combination.

Former Lima Shawnee ace Jeff Miller, Columbus Eastmoor's Steve Howell, Dennis Meadors of Dayton Meadowdale; Steve Barnard of Columbus West and Bruce Schabel of Williamstown, W. Va. are the big names on the Buckeye frosh club.

Miller, a 6-4 corner man with good moves, is leading the team with a 24.2 points per game average and 41 rebounds.

Toledo Coach Bobby Nichols can hardly wait to put his freshmen finds on the floor. The first-year Rockets have bomed the baskets at a merry clip, averaging 107.8 points a game in sweeping aside 11 foes.

John Brisker, Bob Miller, Steve Mix, John Rudley, Calvin Lawshe and Jim Hayes are all scoring in double figures with Brisker leading the way on a 24.0 average.

Brisker and Rudley are all-state players from Michigan and Miller, who has connected at a 60 per cent clip in averaging 19.6 a game, is from Upstate New York.

Mix, 6-foot-6 and growing, is the team's leading rebounder.

Cincinnati, bidding for a Missouri Valley Title, should be bolstered considerably by one of its strongest frosh quints in years.

Dick Haucke, an All-Ohio from Cincinnati LaSalle, is the top gun with a 22.5 average in six games. The 6-6 Haucke has canned 53 per cent of his shots and picked off 83 rebounds.

Dayton Dunbar's Gerald McKee has a "can't miss" tag at Ohio University, where he is bagging 23.5 a game in seven starts and leads in rebounds with 71.

Strong Dayton figures Dan Obrovac of Canton and Tom Heckman of Glandorf could deliver next season. Obrovac, a 6-10 center, has been slow developing because of a preseason knee operation.

Miami's top prospect appears to be Bob Carlton, a 6-5 forward from Akron Woodridge. Another Akron product, Central's Dick Rudgers, is doing well at Bowling Green.

Rites To Be Friday For Breeder, Trainer

WILMINGTON, Ohio (AP) — Funeral services will be Friday for Dr. H. K. Bailey, 73, widely known breeder and trainer of standardbred racehorses.

Dr. Bailey, a veterinarian, died Tuesday in a Cincinnati hospital.

He was owner-operator of Fairmeade Greenacres Farm near here, one of the oldest and largest racehorse breeding farms in Ohio.

He was president of the Ohio Colt Racing Association, vice president of the Midwest Standard Breed Horse Sale Co., and a director of the Little Brown Jug.

Signs $50,000 A Year Pact

Graham Promises Redskin Fans A Lot Of Excitement

WASHINGTON (AP) — Otto Graham, new coach of the Washington Redskins, promised the fans plenty of excitement and the players plenty of hard work next season — but he did not predict whether the team would do better than this year's 6-8 record.

"I realize that winning is the most important thing in pro football, but I think you have to put on a good show, too," Graham, 44, said in an interview with the Washington Post.

Graham, who as quarterback led the Cleveland Browns to six straight Eastern Division titles and three National Football League championships, was selected Tuesday for a long-term Redskin contract at a salary reportedly about $50,000 a year.

Graham said he would "rather risk losing some games by say 35-28 and have the fans up off their seats with excitement," than win a dull 3-0 game.

Head coach at the U.S. Coast Guard Academy since 1959, Graham often had said that he did not want to return to pro football — or even college coaching — because of the attendant pressures.

"I had mixed emotions about leaving the Coast Guard Academy, which is the best college coaching job in the country," Graham said. "But Washington is one of the best — if not the best franchise — in pro football and represents a wonderful opportunity and challenge."

Known as a hard-driving, rough disciplinarian, Graham said, "I think hard work wins football games, but I think football can be fun, too. I am not Vince Lombardi, but I am tough, I am firm, but fair." He referred to the strict Green Bay Packer coach.

The Redskin front office, meanwhile, said that while it had put no time limit on Graham, a winning team is expected next year.

Braves Shift South Is Blocked

Judge Rules In Favor Of Keeping Baseball From Leaving Milwaukee

MILWAUKEE, Wis. (AP) — Wisconsin has a legal siege gun in place today after winning another battle in its war to keep baseball from abandoning Milwaukee as a major league city.

A decision by Circuit Court Judge Elmer W. Roller cleared the way for a temporary injunction designed to block the shift of the Braves from Milwaukee to Atlanta.

It also opened the gates to a full - scale judicial review of baseball's unique exemption from antitrust laws.

Roller, who refused Tuesday to dismiss the state's antitrust action against the Braves and the National League, also had been expected to rule on the injunction sought by the state.

He declined, explaining that he first wanted to confer with counsel for both sides "to determine whether there are any further developments."

By developments, Roller was apparently alluding to the possibility of a pretrial settlement that would assure Milwaukee a future as a city with a major league team.

Should there be no settlement the trial is scheduled to open in Roller's court Feb. 1.

Baseball officials had little in the way of comment on the ruling. Warren P. Giles, National League president, said the decision was "not unexpected." He refused to say anything more on the case.

Baseball may challenge the ruling by asking for a review by the State Supreme Court. Such a motion would not necessarilly affect the trial date, a matter which remains in Roller's hands.

Should an injunction be granted pending the outcome of the trial, the Braves would be faced with contradictory court orders in two different states and the National League would be faced with still another legal headache.

A Fulton County, Ga., court has already ordered the Braves to fulfill their contract with Atlanta authorities by playing their 1966 home games in Atlanta Stadium.

Roller referred to that injunction in his ruling Tuesday, saying that Georgia authorities have no direct legal interest in the Wisconsin case.

Thomas A. Reynolds, Jr., Braves' executive vice president, also cited the Fulton County injunction Tuesday in commenting on Roller's ruling. Reynolds predicted the Braves would open the season in Atlanta.

Wisconsin officials were elated by the decision.

"We are moving forward with all possible speed in preparation for trial," Atty. Gen. Bronson C. La Follette said. "By this decision, the court upheld our position that the state of Wisconsin has jurisdiction to enforce its antitrust laws against the business baseball."

Baldwin-Wallace Five Hands Akron 1st Loss

By The Associated Press

Credit Baldwin-Wallace Athletic Director Lee Tressel and Basketball Coach Hugh Thompson with plotting a bumpy road to success for the 1965-66 Yellow Jackets—but one that reached a destination Tuesday night.

B-W sprinted from 14 points behind and spilled Akron 88-85, dealing the Zips their first loss in eight Ohio Conference games and only the second in 13 starts over-all.

Idle Wooster took over first place in the OC with an 8-1 mark.

The Berea school plotted its campaign differently from its fellow conference members. The Jackets got all their nonleague games out of the way first, and the opposition was of the kind to make men out of boys.

B-W was mauled by major foes Toledo, Detroit, St. Bonaventure and De Paul, and by small college powers Central State and Youngstown.

But Thompson's team picked up savvy along the way, and today all those drubbings are forgotten on the suburban Cleveland campus.

The Yellow Jackets, with two freshmen and three sophomores starting, trailed Akron 55-51 with 14:26 left, then put on a full-court press that wrecked the Zips. Dick Scott and Ted Johnson got 26 points each for B-W. Ken Mackovic 32 for Akron.

In other Ohio games, Henry Finkel missed only one of 16 throws at the hoop, going 12 for 13 from the field, 4 for 4 on fouls in leading Dayton over outclassed Loyola of Los Angeles 85-57; Ohio Wesleyan overcame a 41-point job by Kenyon freshman John Dunlap and notched an 80-77 Ohio Conference triumph, and improving Cleveland State shelled Malone 97-77.

Koufax, Mays Honored At Houston Fete

HOUSTON, Tex. (AP) — Sandy Koufax says he hopes everyone who has arthritis "has as little trouble with it as I did with mine."

Koufax was told he had the world's most celebrated case of arthritis Tuesday night when the Los Angeles Dodger pitching great was honored by writers and praised by baseball men at an awards dinner.

Koufax was presented the Dickie Kerr Award by the Houston chapter of the Baseball Writers of America. It is given to the outstanding pitcher in the major leagues.

Willie Mays, San Francisco Giant center fielder who was presented the Tris Speaker Award for his contribution to baseball over the years, called Koufax "just the greatest."

Walter Alston, Koufax's manager, was given the Rogers Hornsby Award for the World Series' outstanding personality.

Harry Walker, manager of the Pittsburgh Pirates, was presented the Eddie Dyer Award as the comebacker of the year. He called Koufax "now the greatest in the game."

"I hear about his bad arm all the time, but it is always well when I come around", Walker said.

Koufax had praise for Mays and said:

"Willie always tells me how tough it is to get a hit off me but every time I look up he is on second base."

Don McMahon Signs Contract With Indians

CLEVELAND (AP)—Don McMahon, right handed relief pitcher who set a team record in 1964 when he appeared in 70 games, signed his 1966 contract with the Cleveland Indians today.

McMahon had a 3-3 record last season and worked in 58 games. He is the 13th player to sign with the Indians for the 1966 season.

Ohio 5-Day Forecast

Temperatures will average 3-5 degrees below normal for the period. Normal highs and lows are Columbus 37-22, Cleveland 35-20, Cincinnati 42-26.

Cold Thursday and Friday, warmer over the weekend but cold again Monday.

Precipitation will average three-tenths of an inch northern third and only about one-tenth remainder of state as snow flurries Thursday, Sunday and Monday.

Royals Defeat Celtics To Take Over Top Spot

By The Associated Press

The Boston Celtics got an Oscar and no longer are leading the National Basketball Association's Eastern Division.

Actually the Celtics didn't get Oscar Robertson, they just got the business from him as the Big O led the Cincinnati Royals over Boston 113-101 Tuesday night.

The victory moved the Royals into first place by a game over the Celtics and 1½ games over the Philadelphia 76ers, who edged Los Angeles 110-106 in the first game of a doubleheader at New York.

In other games, the New York Knicks followed the 76ers' victory with one of their own, 115-100 over Detroit, and St. Louis crushed San Francisco 142-107.

Robertson scored 35 points and contributed 10 assists as the Royals built up a 15-point margin, 84-69, at the end of three periods on their home court.

Adrian Smith added 24 points and Jerry Lucas 18 points and 32 rebounds for the Royals. Boston, hurt by the absence of Willie Naulls, Tom Sanders and John Havlicek because of injuries, was led by Sam Jones with 24 points.

Strampe Adds 300 Game To Torrid Pace

LANSING, Mich. (AP)—Detroit's Bob Strampe and Joy Abel of Lansing, Ill., set a hot pace in leading 32 of the nation's top keglers into the finals of the 25th annual National All-Star Bowling Tournament Tuesday night.

Strampe, rolling the tournament's fourth 300 game, led the field of 16 men finalists.

Miss Abel topped the women's field with a strong 1236 set to take the qualifying crown with a 27-game score of 5436.

Both fields were cut from 72 entrants for the five-day match play finals based on total pinfall.

Strampe's 42-game preliminary total was 9454.

Dave Davis of Phoenix jumped from fifth to second place, and defending champion Dick Weber wound up in fourth place behind Gary Cyrry of Pasco, Wash.

Nancy Rowan of Tucson, Ariz. who led the women's division the first four days, slipped to second place.

WESTBROOK, Maine (AP)—Moe Harnois is still playing with a band at 82.

"When you play with a band," he said in an interview Tuesday, "you have to play the way the director wants you to. When I play alone, I can go as fast or as slow as I like."

A clarinetist, Harnois prefers classical and march compositions.

"That noise isn't music," he says of jazz.

Harnois said he stopped marching when he was 70.

NEW YORK (AP)—A 59-year-old native of Detroit is the new editor in chief of the Communist party newspaper, The Worker.

He is Carl Winter, who served a five-year prison sentence for conspiracy to teach and advocate violent overthrow of the U.S. government.

Winter, who joined the Communist party in 1925, was named to the job Tuesday. He will succeed James E. Jackson, 51, who becomes publisher and president of the firm that publishes the newspaper.

HOLLYWOOD, Calif. (AP) — Singer Kate Smith has been released from Cedars of Lebanon Hospital after treatment for a bad cold.

The 56 - year - old entertainer had to postpone an engagement Tuesday night in suburban West Covina. She'll open the show next weekend.

PEORIA, Ill. (AP)—Thomas Kidde has decided to apply for medicare after all.

He's healthy all right, but it's just that he's getting on in years. Records say he is 114.

Social Security officers said Tuesday that his application for Social Security health payments listed his birth date as Aug. 31, 1851, in Mobile, Ala.

Kidde told newsmen he was born a slave as the youngest of 16 children and fathered 16 himself by five wives.

Election Ordered

CINCINNATI (AP)—A collective bargaining election among plant clerical employes of the Mead Corp. at Chillicothe has been ordered to determine if they want to be represented by the AFL-CIO Office and Professional Employes Union. Chuvalo Upset, Title Hopes Suffer Setback

LONDON (AP) — The hopes of chunky George Chuvalo for a heavyweight title bout with champion Cassius Clay have received another rude setback.

The Canadian champion from Toronto was outpointed by little-known Eduardo Corlietti, a 24-year-old Argentinian, in a 10-rounder at Olympia Hall Tuesday night.

"I guess this has set back my program for a challenge against Clay, but that is still my objective," said the 28-year-old Chuvalo, who last year was defeated by Floyd Patterson and Ernie Terrell in two other bouts.

"If Corletti had stood up and fought like a man, I would have beaten him," Chuvalo added. "But he kept going back, back, back."

Corletti, who competed in the 1960 Tokyo Olympics in boxing for Argentina and turned pro in 1963, was much the faster man in the ring and kept out of any possible trouble by dancing away.

"They don't come any tougher or stronger than Chuvalo," said Corletti, who now lives in Italy and fights out of Rome.

"George rocked me once or twice toward the end, but I think the crowd agreed that I won a good fight on better boxing ability."

Chuvalo weighed 206½ to Corletti's 191½. The Canadian's record now is 37-10-1 in 48 fights. Corletti has won 12 of 19 bouts with two defeats and five draws. He gained attention with a victory over British heavyweight Billy Walker last year.

Henry Cooper, the British heavyweight champ who also has hopes of a title bout with Clay, knocked out Hubert Hilton of Glen Cove, N.Y. in the second round of another fight on the same card. Cooper weighed 192½, Hilton 194½.

Orioles Will Wear Names On Their Shirts

BALTIMORE, Md. (AP) — The Baltimore Orioles will wear names on the backs of their baseball shirts this year.

A model of the shirt was unexpectedly unveiled Tuesday when Frank Robinson, the newest Oriole, posed for pictures on his first visit to Baltimore.

The Orioles also are expected to add an orange peak to their black caps, and change slightly the design of the bird on the cap.

Mike Garrett Receives Pop Warner Award

Power Boat Regatta Set For Lake Tahoe

SOUTH LAKE TAHOE, Calif. (AP) — The South Tahoe Boat Club, which sponsored the World Championship Regatta last year, voted Tuesday night to sponsor a Power Boat Regatta on Lake Tahoe in September.

The club was scheduled to sponsor the World Championship Unlimited Hydroplane Regatta in September, but the race was canceled when the club's financial backer pulled out.

The number of youths reaching college age in this nation reached 3.2 million between 1964-65.

Braves Shift South Is Blocked

Judge Rules In Favor Of Keeping Baseball From Leaving Milwaukee

MILWAUKEE, Wis. (AP) — Wisconsin has a legal siege gun in place today after winning another battle in its war to keep baseball from abandoning Milwaukee as a major league city.

A decision by Circuit Court Judge Elmer W. Roller cleared the way for a temporary injunction designed to block the shift of the Braves from Milwaukee to Atlanta.

It also opened the gates to a full - scale judicial review of baseball's unique exemption from antitrust laws.

Roller, who refused Tuesday to dismiss the state's antitrust action against the Braves and the National League, also had been expected to rule on the injunction sought by the state.

He declined, explaining that he first wanted to confer with counsel for both sides "to determine whether there are any further developments."

By developments, Roller was apparently alluding to the possibility of a pretrial settlement that would assure Milwaukee a future as a city with a major league team.

Should there be no settlement the trial is scheduled to open in Roller's court Feb. 1.

Baseball officials had little in the way of comment on the ruling. Warren P. Giles, National League president, said the decision was "not unexpected." He refused to say anything more on the case.

Baseball may challenge the ruling by asking for a review by the State Supreme Court. Such a motion would not necessarily affect the trial date, a matter which remains in Roller's hands.

Should an injunction be granted pending the outcome of the trial, the Braves would be faced with contradictory court orders in two different states and the National League would be faced with still another legal headache.

A Fulton County, Ga., court has already ordered the Braves to fulfill their contract with Atlanta authorities by playing their 1966 home games in Atlanta Stadium.

Roller referred to that injunction in his ruling Tuesday, saying that Georgia authorities have no direct legal interest in the Wisconsin case.

Thomas A. Reynolds, Jr., Braves' executive vice president, also cited the Fulton County injunction Tuesday in commenting on Roller's ruling. Reynolds predicted the Braves would open the season in Atlanta.

Wisconsin officials were elated by the decision.

"We are moving forward with all possible speed in preparation for trial," Atty. Gen. Bronson C. La Follette said. "By this decision, the court upheld our position that the state of Wisconsin has jurisdiction to enforce its antitrust laws against the business baseball."

Baldwin-Wallace Fire Hands Akron 1st Loss

By The Associated Press

Credit Baldwin-Wallace Athletic Director Lee Tressel and Basketball Coach Hugh Thompson with plotting a bumpy road to success for the 1965-66 Yellow Jackets—but one that reached a destination Tuesday night.

B-W sprinted from 14 points behind and spilled Akron 88-85, dealing the Zips their first loss in eight Ohio Conference games and only the second in 13 starts over-all.

Idle Wooster took over first place in the OC with an 8-1 mark.

The Berea school plotted its campaign differently from its fellow conference members. The Jackets got all their nonleague games out of the way first, and the opposition was of the kind to make men out of boys.

B-W was mauled by major foes Toledo, Detroit, St. Bonaventure and De Paul, and by small college powers Central State and Youngstown.

But Thompson's team picked up savvy along the way, and today all those drubbings are forgotten on the suburban Cleveland campus.

The Yellow Jackets, with two freshmen and three sophomores starting, trailed Akron 55-51 with 14:26 left, then put on a full-court press that wrecked the Zips. Dick Scott and Ted Johnson got 26 points each for B-W, Ken Mackovic 32 for Akron.

In other Ohio games, Henry Finkel missed only one of 16 throws at the hoop, going 12 for 13 from the field, 4 for 4 on fouls in leading Dayton over outclassed Loyola of Los Angeles 85-57; Ohio Wesleyan overcame a 41-point job by Kenyon freshman John Dunlap and notched an 80-77 Ohio Conference triumph, and improving Cleveland State shelled Malone 97-77.

Koufax, Mays Honored At Houston Fete

HOUSTON, Tex. (AP) — Sandy Koufax says he hopes everyone who has arthritis "has as little trouble with it as I did with mine."

Koufax was told he had the world's most celebrated case of arthritis Tuesday night when the Los Angeles Dodger pitching great was honored by writers and praised by baseball men at an awards dinner.

Koufax was presented the Dickie Kerr Award by the Houston chapter of the Baseball Writers of America. It is given to the outstanding pitcher in the major leagues.

Willie Mays, San Francisco Giant center fielder who was presented the Tris Speaker Award for his contribution to baseball over the years, called Koufax "just the greatest."

Walter Alston, Koufax's manager, was given the Rogers Hornsby Award for the World Series' outstanding personality.

Harry Walker, manager of the Pittsburgh Pirates, was presented the Eddie Dyer Award as the comebacker of the year. He called Koufax "now the greatest in the game."

"I hear about his bad arm all the time, but it is always well when I come around", Walker said.

Koufax had praise for Mays and said:

"Willie always tells me how tough it is to get a hit off me but every time I look up he is on second base."

Don McMahon Signs Contract With Indians

CLEVELAND (AP)—Don McMahon, right handed relief pitcher who set a team record in 1964 when he appeared in 70 games, signed his 1966 contract with the Cleveland Indians today.

McMahon had a 3-3 record last season and worked in 58 games. He is the 13th player to sign with the Indians for the 1966 season.

Precipitation will average three-tenths of an inch northern third and only about one-tenth remainder of state as snow flurries Thursday, Sunday and Monday.

Royals Defeat Celtics To Take Over Top Spot

By The Associated Press

The Boston Celtics got an Oscar and no longer are leading the National Basketball Association's Eastern Division.

Actually the Celtics didn't get Oscar Robertson, they just got the business from him as the Big O led the Cincinnati Royals over Boston 113-101 Tuesday night.

The victory moved the Royals into first place by a game over the Celtics and 1½ games over the Philadelphia 76ers, who edged Los Angeles 110-106 in the first game of a doubleheader at New York.

In other games, the New York Knicks followed the 76ers' victory with one of their own, 115-100 over Detroit, and St. Louis crushed San Francisco 142-107.

Robertson scored 35 points and contributed 10 assists as the Royals built up a 15-point margin, 84-69, at the end of three periods on their home court.

Adrian Smith added 24 points and Jerry Lucas 18 points and 32 rebounds for the Royals. Boston, hurt by the absence of Willie Naulls, Tom Sanders and John Havlicek because of injuries, was led by Sam Jones with 24 points.

Strampe Adds 300 Game To Torrid Pace

LANSING, Mich. (AP)—Detroit's Bob Strampe and Joy Abel of Lansing, Ill., set a hot pace in leading 32 of the nation's top keglers into the finals of the 25th annual National All-Star Bowling Tournament Tuesday night.

Strampe, rolling the tournament's fourth 300 game, led the field of 16 men finalists.

Miss Abel topped the women's field with a strong 1236 set to take the qualifying crown with a 27-game score of 5436.

Both fields were cut from 72 entrants for the five-day match play finals based on total pinfall.

Strampe's 42-game preliminary total was 9454.

Dave Davis of Phoenix jumped from fifth to second place, and defending champion Dick Weber wound up in fourth place behind Gary Cyrry of Pasco, Wash.

Nancy Rowan of Tucson, Ariz. who led the women's division the first four days, slipped to second place.

He's healthy all right, but it's just that he's getting on in years. Records say he is 114.

Social Security officers said Tuesday that his application for Social Security health payments listed his birth date as Aug. 31, 1851, in Mobile, Ala.

Kidde told newsmen he was born a slave as the youngest of 16 children and fathered 16 himself by five wives.

Election Ordered

CINCINNATI (AP)—A collective bargaining election among plant clerical employes of the Mead Corp. at Chillicothe has been ordered to determine if they want to be represented by the AFL-CIO Office and Professional Employes Union. The National Labor Relations Board has not set a date for the balloting.

Chuvalo Upset, Title Hopes Suffer Setback

LONDON (AP) — The hopes of chunky George Chuvalo for a heavyweight title bout with champion Cassius Clay have received another rude setback.

The Canadian champion from Toronto was outpointed by little-known Eduardo Corletti, a 24-year-old Argentinian, in a 10-rounder at Olympia Hall Tuesday night.

"I guess this has set back my program for a challenge against Clay, but that is still my objective," said the 28-year-old Chuvalo, who last year was defeated by Floyd Patterson and Ernie Terrell in two other bouts.

"If Corletti had stood up and fought like a man, I would have beaten him," Chuvalo added. "But he kept going back, back, back."

Corletti, who competed in the 1960 Tokyo Olympics in boxing for Argentina and turned pro in 1963, was much the faster man in the ring and kept out of any possible trouble by dancing away.

"They don't come any tougher or stronger than Chuvalo," said Corletti, who now lives in Italy and fights out of Rome.

"George rocked me once or twice toward the end, but I think the crowd agreed that I won a good fight on better boxing ability."

Chuvalo weighed 206½ to Corletti's 191½. The Canadian's record now is 37-10-1 in 48 fights. Corletti has won 12 of 19 bouts with two defeats and five draws. He gained attention with a victory over British heavyweight Billy Walker last year.

Henry Cooper, the British heavyweight champ who also has hopes of a title bout with Clay, knocked out Hubert Hilton of Glen Cove, N.Y. in the second round of another fight on the same card. Cooper weighed 192½, Hilton 194½.

Orioles Will Wear Names On Their Shirts

BALTIMORE, Md. (AP) — The Baltimore Orioles will wear names on the backs of their baseball shirts this year.

A model of the shirt was unexpectedly unveiled Tuesday when Frank Robinson, the newest Oriole, posed for pictures on his first visit to Baltimore.

The Orioles also are expected to add an orange peak to their black caps, and change slightly the design of the bird on the cap.

Power Boat Regatta Set For Lake Tahoe

SOUTH LAKE TAHOE, Calif. (AP) — The South Tahoe Boat Club, which sponsored the World Championship Regatta last year, voted Tuesday night to sponsor a Power Boat Regatta on Lake Tahoe in September.

The club was scheduled to sponsor the World Championship Unlimited Hydroplane Regatta in September, but the race was canceled when the club's financial backer pulled out.

The number of youths reaching college age in this nation reached 3.2 million between 1964-65.

Mike Garrett Receives Pop Warner Award

PALO ALTO, Calif. (AP) — Mike Garrett, Southern California's star halfback, was awarded the Pop Warner Award Tuesday night as the outstanding football player on the Pacific Coast.

Garrett had already been named Heisman Trophy winner as the outstanding college player of the year.

Coterie, Citizens, Rebekahs Conduct Meetings At Lisbon

Current events was the roll call response of 15 members of Coterie during the meeting at the home of Mrs. Frank Adomitis of Pine St. Monday night who also presided during the business meeting. Guests were Mrs. Ronald Adams and Mrs. Shirley Browne.

"Dere Mable" was reviewed by Mrs. H. C. Leonard. It is a humorous account of letters written by a World War I Army private to his girl friend. Mrs. Byron Albright was program leader.

A Valentine program, "Fun night," will feature the meeting Feb. 14 at the home of Mrs. Frank E. Henry of E. Lincoln Way.

Senior Citizens Plan Trip

"Thought of the Day," a prayer given by Mrs. Frank Flugan, opened the Lisbon Senior Citizens Club meeting Monday afternoon at the D. of A. Hall, with 34 members present.

Plans were discussed for a trip to Washington, D. C., April 22-24 to view the cherry blossoms. It was pointed out at least 17 reservations are necesary to make the trip possible.

A report of the craft projects was given by Mrs. Bessie Cullison.

Group singing, cards and games followed the business meeting, with Mrs. Ruth McKee, Mrs. Kathryn Gunn and Mrs. Erma Starkey hostesses.

The next meeting will be Monday afternoon at the D. of A. Hall, with all area residents 60 years and over invited to attend, club officers said.

Lodge Group Meets

The Past Noble Grand Club of Caldwell Rebekah Lodge met Monday night at the home of Miss Helen Gillis and Miss Nellie Gillis of N. Beaver St., with Mrs. Ray Beers, president, presiding.

Entertainment following the meeting was arranged by Mrs. George Everett and Mrs. Beers.

The hostess for the next club meeting, Feb. 28 at the Hotel Wick, will be Mrs. Lloyd Hanna.

Lisbon Personals

George Berdine of E. Washington St. has accepted a position as field representative for the General Motors acceptance Corp of Lakewood. Mr. and Mrs. Berdine and sons will move the last of the week into their new home at 23573 Belmere Dr., North Olmstead.

Chester Legion To Sponsor Four Boys To Annual 'State'

Plans for sponsoring four to the Boys Mountaineer State assembly at Jacksons Mill early next summer were announced during the meeting of Chester American Legion Post 121 Monday night.

The post will purchase small flags for the schoolrooms at Oak Glen High School.

William Maple reported on progress of the Lincoln Gettysburg Address contest to be sponsored by the post in sixth grades of local schools.

Charles W. Morris, adjutant, reported on the progress of the contest to be conducted at Oak Glen.

Harold Lee Rhodes and Alonzo Knox were given the obligation as members by Cmdr. John Fred Morris, assisted by Orris Cundiff, acting chaplain.

Jess Wedgwood was named "Legionnaire of the Month."

Comdr. Morris announced that the Post Everlasting Ceremony will be conducted by the Grant District Burial Group Feb. 28.

Refreshments were served by Ed Huff and Willis Friley.

The next meeting will be Feb. 14 at 7:30 p.m. at the post.

'Snowbound' Couple Released From Jail

LISBON — A Flint (Mich.) couple was released Tuesday from the Lisbon jail by Chief of Police Leon T. Zahrndt after they had been lodged there since Saturday night.

Zahrndt said he agreed to accept a bond from each rather than keep them in jail any longer. The only money that John Adams, 24, and his wife, Nona, 21, could raise was $20 in a wired money order reportedly from Mrs. Adams' grandmother.

Mrs. Adams was charged with operating a motor vehicle without a driver's license, while her husband was charged with permitting an unlicensed person to operate. The citations stemmed from an accident Saturday night at the height of a heavy snowfall in which Mrs. Adams crashed into a telephone pole while attempting to turn onto W. Lincoln Way from Jackson St.

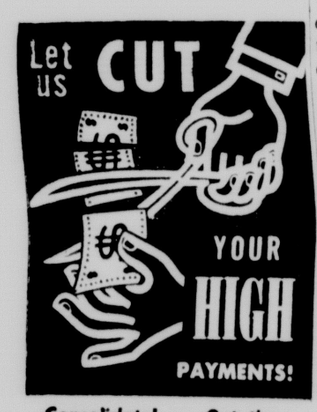

The two now face tow and repair charges to their 1965 convertible from a local service station owner.

President Proclaims February Heart Month

WASHINGTON (AP) — President Johnson, a one-time heart patient, proclaimed February as American Heart Month Tuesday and said "heart disease can be conquered."

Johnson said "continued progress in our nationwide attack on heart disease requires the personal interest and support of all our citizens," not only for government-sponsored programs but for the activities of the American Heart Association.

"I urge everyone to enlist in this heart crusade and to support the vital work that will enable us to reach the goal of healthy hearts for all," he said.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Should I be worried about our 15-year-old daughter? Cathy is a nice girl, no beauty, but wholesome looking and with a nice figure. She is a good student, a better-than-average musician and she loves to read.

Cathy will not wear makeup, not even lipstick. Her skin is fair and she looks awfully pale at times. I have told her a little makeup would improve her looks but she's not interested.

Cathy never has been asked out by a boy and, unless she is play-acting, she couldn't care less. I guess what worries me is that my daughter has no sex appeal.

My friends say I should push her more and not let her retreat into a shell. They also feel I should enroll Cathy in a charm school. My husband says we should leave her alone and be happy she is not out getting pregnant like some girls her age.

What is your advice?—MOTHER OF A SHRINKING VIOLET

Dear Mother: I say you should leave her alone and be happy she is not out getting pregnant like some girls her age.

Bride's Beef

Dear Ann: Who do you think you are, anyway? You set yourself up as "Miss Know-It-All" and half your answers are so out of date they sound like part of the Dead Sea Scrolls.

I read your opinion on sending out wedding announcements two days after I had sent out 200 and I'm furious with you.

You are wrong about a wedding announcement being a pitch for a gift. We could not afford a large wedding but we did want to share our good news with our closest friends.

You owe it to all brides who send out announcements to change your advice. I have checked two etiquette books and they both say a wedding announcement does NOT call for a gift. — NO FRIEND OF YOURS.

Dear No Friend: The person who wrote asked me how I felt about wedding announcements. I said: "Since you are asking me how I feel I will tell you. In my opinion a wedding announcement is a naked pitch for a gift.'

This was a personal opinion and I so described it. Furthermore, I feel the same way about birth announcements, graduation announcements — the whole pestiferous announcement syndrome.

People who want to go by the etiquette books should please go look in the etiquette books and not ask me what I think.

Quote, Unquote

Dear Ann: My brother and I were discussing liquor at dinner tonight with mom and dad. I told them I had read in your column that it is not good to insist that teen-agers not touch a drop because such prohibition may decide them to go hog wild when they get to be 21.

Your advice, as I remember it, was to teach teens to drink in moderation.

Dad says I'm mistaken and that you would not print anything like that. Please say you did, Ann. We have a bet riding on your answer.—JACK

Dear Jack: Pay up, Bub. More people go hog wild because they started drinking "in moderation" than because they didn't touch a drop when they were young.

Alcoholism has reached epidemic proportions in this country and one of the reasons is that people are drinking earlier (and more) than they used to.

The best protection against alcoholism is to drink something else instead.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Repository, enclosing a stamped, self - addressed envelope.

Prosecutor's Pleased With Film Turnout

LISBON — The public response to the showing of the film, "The Child Molester," was described as "the most satisfactory experience" of his first year in office by J. Warren Bettis, county prosecuting attorney.

Bettis said the film has been screened more than 140 times to some 15,000 in the county, mostly school children in the first six grades.

During the year, Bettis said his staff handled 349 juvenile cases, 62 reciprocal cases, 151 county court cases, 19 tax foreclosures and 13 12-point highway traffic cases.

His office received 67 guilty pleas to indictments, had 13 felony trials where the defendant was found not guilty. Two cases were carried over and tried, with guilty verdicts.

Also, four were carried over with guilty pleas and one was carried over, with a not guilty verdict. The prosecutor's office tried 44 probation hearings and 10 probation violations in Common Pleas Court. In addition, the prosecutor and his staff interviewed 2,037 people in his office.

The federal government has budgeted $2.5 billion for Atomic Energy Commission functions in fiscal 1966, a reduction of about $170 million from the preceding year.

Police In Allegheny County Ask Pay Hike

PITTSBURGH (AP) — Allegheny County policemen told the county commissioners Tuesday they want a raise in pay which they say is so low that some officers qualify for poverty and food stamp programs.

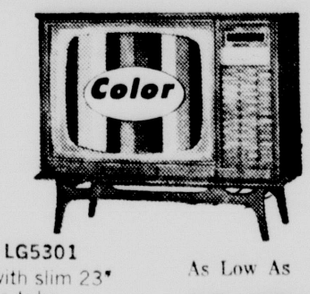

A four-man delegation representing the 100-member force told the commissioners that top pay of $5,784 per year should be raised to the level of Pittsburgh policemen, who now get $6,515.

"We can't get or hold men under our pay scale," said Sgt. Robert T. Rooney, head of the delegation.

"We have 16 men eligible for retraining under the President's antipoverty program because of their low pay and large number of dependents. We also have four patrolmen who are eligible to get food under the stamp plan," he added.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Should I be worried about our 15-year old daughter? Cathy is a nice girl, no beauty, but wholesome looking and with a nice figure. She is a good student, a better-than-average musician and she loves to read.

Cathy will not wear makeup, not even lipstick. Her skin is fair and she looks awfully pale at times. I have told her a little makeup would improve her looks but she's not interested.

Cathy never has been asked out by a boy and, unless she is play-acting, she couldn't care less. I guess what worries me is that my daughter has no sex appeal.

My friends say I should push her more and not let her retreat into a shell. They also feel I should enroll Cathy in a charm school. My husband says we should leave her alone and be happy she is not out getting pregnant like some girls her age.

What is your advice?—MOTHER OF A SHRINKING VIOLET

Dear Mother: I say you should leave her alone and be happy she is not out getting pregnant like some girls her age.

Bride's Beef

Dear Ann: Who do you think you are, anyway? You set yourself up as "Miss Know-It-All" and half your answers are so out of date they sound like part of the Dead Sea Scrolls.

I read your opinion on sending out wedding announcements two days after I had sent out 200 and I'm furious with you.

You are wrong about a wedding announcement being a pitch for a gift. We could not afford a large wedding but we did want to share our good news with our closest friends.

You owe it to all brides who send out announcements to change your advice. I have checked two etiquette books and they both say a wedding announcement does NOT call for a gift. — NO FRIEND OF YOURS.

Dear No Friend: The person who wrote asked me how I felt about wedding announcements. I said: "Since you are asking me how I feel I will tell you. In my opinion a wedding announcement is a naked pitch for a gift.'

This was a personal opinion and I so described it. Furthermore, I feel the same way about birth announcements, graduation announcements — the whole pestiferous announcement syndrome.

People who want to go by the etiquette books should please go look in the etiquette books and not ask me what I think.

Quote, Unquote

Dear Ann: My brother and I were discussing liquor at dinner tonight with mom and dad. I told them I had read in your column that it is not good to insist that teen-agers not touch a drop because such prohibition may decide them to go hog wild when they get to be 21.

Your advice, as I remember it, was to teach teens to drink in moderation.

Dad says I'm mistaken and that you would not print anything like that. Please say you did, Ann. We have a bet riding on your answer.—JACK

Dear Jack: Pay up, Bub. More people go hog wild because they started drinking "in moderation" than because they didn't touch a drop when they were young.

Alcoholism has reached epidemic proportions in this country and one of the reasons is that people are drinking earlier (and more) than they used to.

The best protection against alcoholism is to drink something else instead.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Repository, enclosing a stamped, self - addressed envelope.

How Can I?

ANNE ASHLEY

Q. — How can I cope with that pet annoyance of window washing — leaving streaks and not knowing which side of the pane I must wipe again in order to remove them?

A. — Make a practice of rubbing one side of the pane with vertical strokes and the other side horizontally. Then when streaks appear, you'll know instantly which side of the glass needs your attention.

Q. — Is there any way to remove scorch stains from garments?

A. — If not burned too deeply, and if the material is white cotton or linen, moisten it and expose to direct sunlight — which may bleach out the stain if it's light enough. Unfortunately, scorch stains can seldom be handled successfully on colored fabrics.

Q. — How can I speed up the screening of sand that is damp or lumpy?

A. — Try placing a length of chain in your sifting screen before pouring a load of sand. The weight of the chain breaks up the lumps and forces the sand through the screen.

Q. — How can I prevent a cloth shower curtain from mildewing?

A. — By soaking it in a strong solution of salt water before hanging it up. The salt keeps the mildew from growing.

Q. — How can I remove discolorations from the insides of aluminum cooking vessels?

A. — Boil a piece of rhubarb or apple peelings in the utensil until clean. Other methods are to boil tomato skins and bits of other vegetables, or vinegar diluted with water, in the vessel.

Army Medal Received By Ex-Local Resident

A native of East Liverpool and a graduate of high school here has been presented the Army Commendation Medal in ceremonies at the Presidio in San Francisco.

He is Maj. Harold T. Watson of Sausalito, Calif., the son of Mr. and Mrs. Harold E. Watson of 1074 Pennsylvania Ave., East Liverpool.

The major is shown being congratulated by Col. John R. Bailey Jr.

Maj. Watson was awarded the decoration for "meritorious service" while assigned with the 6th Army Office of the deputy chief of staff for logistics from January to August 1965 and as acting chief of the 6th Army management control branch until January of this month.

A veteran of more than 17 years of active service, Maj. Watson served as a navigator with the 65th Bomb Squadron in the Southwest Pacific Theater during World War II.

He attended California Institute of Technology in Pasadena.

During a break in military service, Maj. Watson was employed as an electrician with the Midland Works of the Crucible Steel Co. from 1947-50.

In addition to the Army Commendation Medal, he wears the Bronze Star and numerous overseas ribbons. He will depart his present assignment at the Presidio shortly for a tour of duty with the 2nd Battalion, 7th Infantry in Germany.

Virginia Says Poll Tax Is 'Nondiscriminatory'

WASHINGTON (AP) — Virginia has told the Supreme Court its poll tax is "rational, reasonable and nondiscriminatory" and therefore wholly constitutional.

"It is administered in Virginia without racial discrimination," attorney George D. Gibson of Richmond said Tuesday in defending the poll tax against joint attack by the federal government, the American Civil Liberties Union and five Virginia Negroes.

Gibson carried Virginia's argument to the court after Solicitor General Thurgood Marshall described the tax as "the one weapon remaining" to keep thousands of newly registered Southern Negroes from voting.

Gibson, a private attorney, contended that the poll tax is a proper exercise of the state's "sovereign right" to determine voter qualifications in local elections.

The purpose of the tax, he said, is "to eliminate the illiterates." Unless constitutional privileges are infringed, he said, "the determination of voter qualifications is the state's alone."

Gibson concludes his argument today. The court then takes the case under advisement for decision later this term.

Marshall, a Negro, said the government decided to support the five Virginia Negroes' appeal "because of the grave importance it attaches to this problem." A three-judge U.S. District Court in Alexandria upheld the Virginia tax in November 1964.

In Alabama and Mississippi, Marshall said, thousands of Negroes who registered for the first time under the 1965 Voting Rights Act have not paid their poll tax. If the poll tax is not declared unconstitutional as a voter qualification, he said, they still will be unable to vote in primaries and in the general election.

Virginia, Alabama, Texas, Mississippi and Vermont use the poll tax in local elections. It is barred as a voter qualification in federal elections by the 24th Amendment to the U.S. Constitution, adopted in 1964.

District Group Greets New State Patrol Head

An East Liverpool area delegation attended a reception at Warren Tuesday to welcome Col. Robert M. Chiaramonte, new superintendent of the Ohio Highway Patrol.

It included Police Chief A. J. Radeschi and H. J. English, assistant manager of the Columbiana County Motor Club, both of East Liverpool, and Chief John Hephner and Patrolman Ed James, both of Wellsville.

The reception was held at the district patrol headquarters in Warren. Col. Chiaramonte presented a citation to Patrolman Charles L. Toth of the Hiram post for "exceptional alertness and devotion" in apprehending a larceny suspect Nov. 14 on the Ohio Turnpike.

When your family get tired of snap beans served hot, try using the beans in a salad and see how popular they are this way! Just marinate the cooked beans (fresh or canned) in a highly seasoned French dressing and serve on salad greens. Garnish with paper-thin onion rings.

Scranton Has No Plans For Special Session Now

HARRISBURG (AP) — Gov. Scranton apparently has no intention of calling a special session of the General Assembly in 1966 unless legislative leaders get together beforehand and reach a tentative agreement on whatever subject is to be legislated.

A top administration official said Tuesday the governor had made no decision on whether to call a special session to consider making the University of Pittsburgh state-related.

"Only when a plan has been advanced agreeable both to the state Board of Education and the Pitt trustees will the governor seriously consider calling the special session," added A. James Reichley, a special assistant to Scranton.

Reichley's statement followed adoption of a resolution in the Democratic - controlled House urging Scranton to call a special session on Pitt.

Scranton also has been urged by Rep. Thomas J. Foerster, D-Allegheny, to call a special session to expand the mine subsidence laws to cover home owners in the bituminous region. Efforts along this line failed in the 1965 legislature because House Democrats and Senate majority Republicans were unable to agree.

Again, the administration has said no special session will be called on the subsidence legislation until lawmakers reach a tentative agreement.

The Harrisburg Patriot reported today Scranton has proposed seven other subjects for a special session: an increase in the state police manpower, highway beautification, interstate mine compact, community colleges, consumer credit, congressional reapportionment and mental health.

The Patriot said the governor gave the list of subjects on Monday to the Republican minority leader of the House, Rep. Kenneth B. Lee, who in turn presented them to the Democratic leader, Rep. Joshua Eilberg.

Are We More Efficient Germ Spreaders?

In the past, people caught a relatively small number of illnesses. But many were more apt to last longer, or even be fatal. Today, due to the automobile and larger urban areas, we expose ourselves to strangers' germs more often. Fortunately, new drugs and medications make us better equipped to fight these ailments than those in the past. For prompt, dependable service, bring your prescriptions to us.

'Dog Dealing' Practices Reviewed

By BOB HARING
Associated Press Writer

COLUMBUS, Ohio (AP) — Hundreds of dogs are shipped each year from Ohio dog pounds to medical research laboratories, some through commercial "dog dealers" who buy in wholesale lots.

Nearly all are mongrel strays which otherwise would be destroyed by county dog pounds. Thousands of other dogs are killed each year by dog pounds or humane societies.

—:—

MANY OF those which wind up as research animals live for years while doctors study them in experiments seeking clues to improved human medicine.

Only a fraction of the thousands of dogs picked up as strays wind up in medical research and many reach laboratories through legitimate avenues.

But "dog dealers" do exist in Ohio. They contract with counties to get dogs, which they sell —at a profit—to research institutions.

Such contracts for sale of dogs by county pounds to commercial dealers are legally questionable. State law does not provide for county pounds to dispose of unwanted dogs through sales to commercial dealers. But the law does not specifically prohibit such contracts, either.

The law says dogs picked up as strays may be redeemed or bought by persons willing to pay necessary license fees, sold for $3 each to certified non-profit research institutions or destroyed.

—:—

"DOG DEALING" in other states has led to introduction of a proposed federal law to regulate sale and shipment of research animals. It has led to a raid in Baltimore, Md.

One Ohio organization, Animal Charity League, Inc., of Youngstown says the same undercover agent whose work led to the Baltimore raid has been investigating what the league calls "extensive" illegal dog dealing in Ohio.

This organization has no estimate of how much illegal business might be done in such animals in Ohio. The president of another humane society organization, Thomas E. Justice of Ohio Federated Humane Societies, has heard reports of sales by commercial dealers to research institutions, but has no proof of it.

At least three dealers are known to operate in the state. One says he does not send dogs outside Ohio. Another, an Indiana kennel, makes regular pickups of unwanted dogs in several central and western counties. A third ships dogs to a firm in Pennsylvania which sells them to research laboratories across the country.

—:—

One dog warden in a small county says the Indiana kennel pays $1 a dog, although state law provides a $3 payment and limits sales for research purposes to Ohio organizations certified by the Ohio Public Health Council.

Licking County commissioners recently ended a practice of giving dogs from its pound to a dealer who shipped them to Pennsylvania. They acted after a pet German Shepherd, picked up by the pound, vanished through a commercial dealer into the research dog market.

Licking County now has its unwanted dogs killed.

Most contracts with commercial dealers are in small counties. Larger counties generally contract with humane societies or similar organizations to pick up, shelter and dispose of stray dogs.

Most of the dogs picked up in larger counties are destroyed. In Cleveland 7,186 of the 11,287 strays collected last year were destroyed. Only 1,703 went for medical research. In Columbus, 5,000 of the 25,000 dogs picked up last year were destroyed. Almost none went for research.

Some of the 44 Ohio research organizations certified to get dogs from county pounds maintain their own collection staffs.

Others, including Ohio State University, buy research dogs from private dealers who have contracts with counties.

Ohio State pays $9 a dog, but says that is cheaper than maintaining a special force to collect dogs at $3 each from county pounds. Buying dogs also insures better animals for research, an Ohio State spokesman said.

Pennsylvania's Motorists Due License Forms

HARRISBURG (AP) — The state Revenue Department says all Pennsylvania motorists should receive their registration license renewal applications by mail by Feb. 10.

Those who do not should notify the Bureau of Motor Vehicles Department of Revenue in Harrisburg, said a spokesman.

The department plans to mail 4.5 million applications before Feb. 1. Since a new plate was issued last year, the renewal applications will be for a 1966 sticker only. The stickers are to be displayed on all cars, motorcycles and farm tractors by March 31.

Owners who purchased a special license tag last year will only pay the normal renewal fee $10 or $12, this year.

Pennsylvania Offers College Scholarships

HARRISBURG (AP) — Pennsylvania is offering $4 million in college scholarships to students who qualify under the program signed into law Tuesday by Gov. Scranton.

The program is expected to provide some 5,000 to 6,000 scholarships annually, ranging in size from $200 to $1,200. Scranton originally had asked for $2 million, but the legislature doubled the amount.

The first $1 million is to go to the most able freshmen, the second $2.5 million to the most needy freshmen and $500,000 to upper classmen. An additional $500,000 is to be placed in the state's college loan fund reserve to guarantee an additional $5 million in loans.

Hamilton Man Suing B & O For $225,000

CINCINNATI (AP)—Alvin F. Flaig of Hamilton is suing the Baltimore & Ohio Railroad for $225,000 damages for a back injury he allegedly suffered in an accident Jan. 27, 1963.

In his suit filed Tuesday in U. S. District Court here, Flaig said he was a brakeman for the railroad when he disembarked from a slow-moving car and he slipped and fell on a loading dock at Fairfield.

He claims the railroad should have known the dock was unsafe because of an accumulation of oil and other debris.

Burns Given As Cause In Death Of Widow

CLEVELAND (AP) — A 70-year-old widow found dead in her apartment in Shaker Heights Tuesday apparently burned to death, police reported.

The body of Mrs. Moses B. Horwitz was found lying near the electric range in the kitchen by police who were called by a neighbor when Mrs. Horwitz failed to answer her telephone. Police said Mrs. Horwitz may have fallen against a glowing element of the range, igniting her clothing.

Ex-Resident Injured Badly As Car Wrecks

Dr. Lucille Dimmerling, former local veterinarian, is in critical condition at Somerset (Pa.) Community Hospital suffering from injuries received Sunday night when the car she was driving hit a patch of ice on the Pennsylvania Turnpike and skidded into the medial strip.

She received a fractured skull, broken leg and cracked collarbone and still is unconscious.

She was returning to her work as meat inspector for the government at New Castle. She is the wife of Dr. Derwin Dimmerling.

Sleds Injure 3 In District

Three youngsters injured in separate sled - riding mishaps were treated Tuesday at City Hospital, along with four other district residents.

Deborah McCune, daughter of Charles McCune of 725 Main St., Wellsville, suffered a laceration of the scalp while sledding.

Robert Richards, son of Robert Richards of 515 Putnam St., was treated for a cut on the forehead after his sled was bumped by another.

Terry Joe Wolfe, son of Joseph Wolfe of 808 Avondale St., received an injury to the right shoulder in a sledding mishap.

Mrs. Evelyn G. Thomas of Hookstown R.D. 1, a clerk for the Calgon Corp. of Pittsburgh, suffered a puncture wound of the left hand on a pencil.

Jerry Lovejoy, son of Darrell Lovejoy of 1052 Pennsylvania Ave., received a bruised eye when bumped by another basketball player.

Joanne Edgell, daughter of Paul Edgell of Andrews Ave., suffered a back injury in a fall.

Lori Ann Smith, daughter of Mrs. Sherry Smith of 242 W. 4th St., was treated for an injury to the back of the head after a fall against a wall strip.

Auto Hits Guard Rails, Driver, 36, Uninjured

A Beaver County man escaped injury when his auto skidded out of control at 2 a. m. today and struck guard rails along the Pennsylvania Ave. "Hill Rd.," police reported.

William Douds, 36, of Rochester told Patrolman Jack Strobel he was driving east when the 1958 sedan skidded on icy pavement, turned around completely and then nosed into the guard rails, damaging the right front fender of the auto.

Man's Hearing Slated As Mishap Aftermath

Municipal Judge Samuel M. Chertoff has set a hearing Tuesday at 9 a. m. for William Johnson of Irondale, cited by police on an intoxication charge as an aftermath of a Christmas Eve traffic mishap on W. 8th St.

Johnson was hospitalized for weeks with injuries suffered when a car driven by another Irondale man crashed into a utility pole on W. 8th St. The driver, also hurt in the crash, was penalized by Judge Chertoff earlier following his release from the hospital.

HARRISBURG (AP) — Pennsylvania is offering $4 million in college scholarships to students who qualify under the program signed into law Tuesday by Gov. Scranton.

The program is expected to provide some 5,000 to 6,000 scholarships annually, ranging in size from $200 to $1,200. Scranton originally had asked for $2 million, but the legislature doubled the amount.

The first $1 million is to go to the most able freshmen, the second $2.5 million to the most needy freshmen and $500,000 to upper classmen. An additional $500,000 is to be placed in the state's college loan fund reserve to guarantee an additional $5 million in loans.

Hamilton Man Suing B & O For $225,000

CINCINNATI (AP)—Alvin F. Flaig of Hamilton is suing the Baltimore & Ohio Railroad for $225,000 damages for a back injury he allegedly suffered in an accident Jan. 27, 1963.

In his suit filed Tuesday in U. S. District Court here, Flaig said he was a brakeman for the railroad when he disembarked from a slow-moving car and he slipped and fell on a loading dock at Fairfield.

He claims the railroad should have known the dock was unsafe because of an accumulation of oil and other debris.

She received a fractured skull, broken leg and cracked collarbone and still is unconscious.

She was returning to her work as meat inspector for the government at New Castle. She is the wife of Dr. Derwin Dimmerling.

Sleds Injure 3 In District

Three youngsters injured in separate sled - riding mishaps were treated Tuesday at City Hospital, along with four other district residents.

Deborah McCune, daughter of Charles McCune of 725 Main St., Wellsville, suffered a laceration of the scalp while sledding.

Robert Richards, son of Robert Richards of 515 Putnam St., was treated for a cut on the forehead after his sled was bumped by another.

Terry Joe Wolfe, son of Joseph Wolfe of 808 Avondale St., received an injury to the right shoulder in a sledding mishap.

Mrs. Evelyn G. Thomas of Hookstown R.D. 1, a clerk for the Calgon Corp. of Pittsburgh, suffered a puncture wound of the left hand on a pencil.

Jerry Lovejoy, son of Darrell Lovejoy of 1052 Pennsylvania Ave., received a bruised eye when bumped by another basketball player.

Joanne Edgell, daughter of Paul Edgell of Andrews Ave., suffered a back injury in a fall.

Lori Ann Smith, daughter of Mrs. Sherry Smith of 242 W. 4th St., was treated for an injury to the back of the head after a fall against a wall strip.

Auto Hits Guard Rails, Driver, 36, Uninjured

A Beaver County man escaped injury when his auto skidded out of control at 2 a. m. today and struck guard rails along the Pennsylvania Ave. "Hill Rd.," police reported.

William Douds, 36, of Rochester told Patrolman Jack Strobel he was driving east when the 1958 sedan skidded on icy pavement, turned around completely and then nosed into the guard rails, damaging the right front fender of the auto.

Man's Hearing Slated As Mishap Aftermath

Municipal Judge Samuel M. Chertoff has set a hearing Tuesday at 9 a. m. for William Johnson of Irondale, cited by police on an intoxication charge as an aftermath of a Christmas Eve traffic mishap on W. 8th St.

Johnson was hospitalized for weeks with injuries suffered when a car driven by another Irondale man crashed into a utility pole on W. 8th St. The driver, also hurt in the crash, was penalized by Judge Chertoff earlier following his release from the hospital.

Ohio Office Opens

NEW YORK (AP)—The Ohio Development Office in New York's Biltmore Hotel opened Tuesday, with high Buckeye officialdom including Gov. James A. Rhodes on hand. State Development Director Fred P. Neuenschwander, Finance Director Richard Krabach and the Ohio Society of New York president, Donald C. Powell, were others present.

Crews Begin Alley Cleanup

Part of the cleanup effort after the weekend's 17-inch snowfall shifted today to the task of removing thick accumulations of ice which built up in major downtown alleys, impeding pedestrians and delivery trucks, Safety-Service Director Robert E. Vodrey reported.

Equipment hired from the Pusateri Excavating Co. was at work this morning in the downtown section. One crew was assigned to Jackson St., W. 4th St., Peach Alley, Dry Alley and Summit Ln.

Another was working on Walnut St., the area on E. 4th St. near the high school and an alley at the rear of the post office. The director said postal authorities reported drivers of out-of-town mail trucks refused to enter the alley because of the ice accumulation.

All city street department crews also were assigned to snow and ice control work today. Some crews were scattering ashes on spots of icy pavements and others were continuing to plow streets to remove thick snow accumulations.

The plowing work generally is welcomed by some householders and condemned by others whose parked cars are "buried" as a result, Vodrey commented.

The director and W. M. Laughlin, street superintendent, made a 90-minute inspection tour of the city this morning to determine which areas needed work most urgently.

Midland Sportsmen Set Meeting Tonight

The Midland Sportsmen's Club will meet tonight at 8 at the farm hall.

There will be a Beaver County Conservation Pistol League match at 7 preceding the meeting.

Mike Hornick will preside.

Driver Will Face Hit-Skip Hearing

An East Liverpool motorist was cited on a hit-skip charge following an accident on Wells Ave., Wellsville, Tuesday at 8:55 p. m.

William R. Jenrett of Chaffin St. was arrested after his car struck another operated by Clyde Bonam of 505 Commerce St., Wellsville.

Police said Jenrett continued on and was halted at 3rd and Broadway by Bonam.

Jenrett is scheduled to receive a hearing Saturday before Mayor William Daugherty.

Police said a car operated by Robert J. Welling of 142 W. 6th St., East Liverpool, skidded into a utility pole on Commerce St. at 7:10 a. m. today.

Another operated by Richard G. Maylone of 219½ 2nd St., Wellsville, struck a pole on Wells Ave. at 12:05 a. m. today. Maylone told officers he was forced over by an oncoming car.

Cars operated by David Clark of 555 Lisbon St., Wellsville, and Paul Dawson of 1948 Dresden Ave., East Liverpool, were involved in a collision Tuesday at 11:30 p. m. in the 500 block of Broadway.

Clark opened his car door into the path of the Dawson auto, police reported.

Dear Seamstresses: Nothing makes me madder than to line a dress or skirt — and especially shorts — with expensive lining material and then, after it's been cleaned or washed, to find the lining or outer material has shrunk so that puckers appear in the material! Then it's a futile mess to try to iron.

Sometimes we line only the top of housedresses. Naturally, these dresses have to be washed

I have found it far cheaper to buy enough of the self material to line what I'm making, than to use expensive, regular linings Materials for everyday clothing are usually inexpensive

If you line something with the same material — and it shrinks — at least the inside and outside will shrink the SAME amount. Ever thought about that?

This is especially true of cottons, "lons," and mixtures of synthetics and cottons, linens, pique, waffle weaves, etc.

So . . . next time you find you must line the top of a garment — think (as I did), and see if the self material isn't as cheap, or cheaper, than regular lining materials would be for it.

Sure saves wear and tear on nerves, when ironing time comes.

HELOISE

DEAR HELOISE: A real **rubber plate scraper or spatula is much more useful than a plastic one, and a wooden handled one is worth the few cents difference.**

When the spatula begins to wear on the edges, or grow a "fringe," simply cut it down with your scissors — and it's then much easier to fit into small salad dressing jars, etc.

READER.

DEAR HELOISE: I make my bath salts do double duty when I travel!

I fill several envelopes with my favorite kind, and place them between layers of clothing in the suitcase

They not only serve as a sachet, but are handy for my bath.

MRS. W. C. H.

DEAR HELOISE: When I wash my dresses, I do not put the belt in the washer, but wash it by hand.

Then, when I starch my dresses, I starch the belts a little heavier, and just hang them up without wringing.

I let them hang dripping, and I find the belt will be very stiff when dry.

I don't sprinkle it with the clothes — I just press over it as is.

It works for me.

MRS. PETER COSEMANO.

DEAR HELOISE: How about parents furnishing children with whistles, and teaching them to whistle when they are lost?

Many children might have been saved if they had had a whistle. Not only at community gatherings but on picnics where there is a forest or water nearby.

E. M. LOWE.

-:-

I think this a wonderful idea. Just put the whistle on a ribbon or heavy cord and let the child wear it like a necklace around his neck. Let's try to save a child's life any way we can. Whistles can be bought for a dime.

HELOISE

DEAR HELOISE: I finally solved the problem of covers for the pillows I use in my den.

I have some small-size bed pillows, so I just made some pillow slips for them out of bath and hand towels.

With all the colors and designs in towels, there is never a dull pillow in the den!

They are so easy to launder, and no ironing is necessary, especially if you have a dryer. They fluff beautifully this way. If not, you brush them out well when you hang them up to dry, and that's all there is to it.

Ohioville Gets New Highway Speed Signs

New speed limit signs have been posted on Route 168 in Ohioville and Mayor Elmer R. Gifford has urged drivers to acquaint themselves with the varying limits.

The mayor said applications for the control measures were filed some time ago, and about six months ago the Pennsylvania Department of Highways approved the signs which were erected recently.

He said many drivers have been traveling at excessive speeds through the borough and "it is hoped the signs will help curb the practice and reduce accidents."

From Midland Heights to Highland Acres, there is a 35-mile-and-hour limit and to the junction with the Tuscarawas Rd. the limit is 40 miles, he said.

Along Tuscarawas Rd. east through Fairview to Pillar's Corner, there is a 45-mile limit and for the remainder of the highway through the borough the limit is 50 miles.

Speed limits of 25 miles are posted at various sites through the borough.

The mayor said Route 168 is being extended from Ohioville to Sand Church and the new section is officially closed except to those residents living in that area.

Temple Choir Program Set Friday Night

Reports on forthcoming events were presented during a meeting of the ELHS Choir Parents Association Tuesday night in the choir room at Memorial Auditorium. William Savage, president, presided.

Robert Shankovich, choir director, reported that plans are complete for the visit of the Temple University Concert Choir Friday at 8 p. m. at Westgate auditorium. Tickets for the event have been distributed to the choir students, he said.

Mrs. Berdina Rice and Mrs. Helen Christen, chairmen, announced that plans for the housing of students while in East Liverpool are complete.

Mrs. Andrew Myers was named to make arrangements for the location of the choir formal April 29.

Reports were given by Mrs. John W. Hopper, secretary, Robert Kidd, treasurer, and William Cunningham, basketball program sales.

Film Reviews Steel Role In U.S. Growth

A Walt Disney film, "Steel and America," highlighted the program at the Rotary luncheon meeting Tuesday in the Travelers Hotel.

The film was screened by Earl Rankin of the public relations department at the Crucible Steel Co.'s Midland Works in the absence of A. L. Breakiron. Rankin was assisted by Jim Morrison, community relations staff assistant.

The movie, which starred Donald Duck, illustrated how molten material mixed with rock millions of years ago to form iron ore. Basic steps in processing, such as digging, hauling and smelting were described.

The importance of steel in American wars also was emphasized, beginning with the use of the alloy in small weapons, swords, cannonballs, pots and kettles during the Revolution.

Following the Civil War, factories developed extensively and the invention of the Bessemer converter enabled steel to be produced in large quantities.

The film pointed out that constant experimentation is under way with various alloys to develop maximum strength in metals. The use of modern devices such as electric furnaces for making tool steel also was shown.

Visiting Rotarians were Ed Richards of Midland and R. F. Peterson of Boardman.

Guests were Larry Woodward and Paul Munger.

32 Children Unhurt When Bus, Auto Hit

Thirty - two children escaped injury when a Southern Beaver County school bus and a car collided head-on Tuesday afternoon on snow - covered Township Rd. 370, a mile north of Hookstown, in Greene Township.

The accident occurred at 4:20 p. m. The bus was operated by Harry McDowell of Aliquippa R.D. 1 and the car by Imogene Reed of Georgetown R. D. 1.

Pennsylvania state police at the Chippewa Township barracks said "both operators were driving down the center of the 14-foot-wide dirt road because of the snow banks on each side."

Total damage to the two vehicles was estimated at $700, police said.

The average American home contains about 22 light bulbs.

'Roadblock' Set By Post 374 For March Of Dimes

Plans were outlined for a roadblock in conjunction with the March of Dimes campaign during a meeting of American Legion Post 374 Monday night at the post home. Thirty - five attended.

The roadblock will be set up on Pennsylvania Ave., Saturday, Feb. 5.

Vincent McGeehan reported the post has two teams entered in the state bowling tournament Feb. 19 at Massillon.

James Wallover, service officer, reported that Francis Owens is a patient at Rochester General Hospital.

John Long, commander, presided and Densil McKinney offered prayers. Paul Beck gave the financial report.

The next meeting will be Monday night.

Your Income Tax Return

Filing Tips For Husbands, Wives

EDITOR'S NOTE—If a couple files a joint income tax return, the lowest rate applies. Also, individuals who qualify as heads of households get a lower rate than if they file as single persons. This article, third of a series of five, goes into such matters.

By JAMES MARLOW

WASHINGTON (AP) — Here are a few rules on the 1965 income tax returns of married couples and those individuals who get a tax break if they qualify as head of household or surviving spouse.

A husband and wife almost always save by filing a joint return, rather than separately. To be joint, a return must be signed by both. A wife is not a dependent for income tax purposes. The rules on wives and dependents are not the same.

—:—

YOU WERE considered married or divorced for all of 1965 if you were married or divorced as late as last Dec. 31. You get no exemption for a wife divorced in 1965 even though you paid more than half her support.

Anyone under 65 filing a return gets a $600 exemption for himself — $1,200 if 65 or older — plus $600 if blind. The same exemptions apply to a wife if she files jointly with you, whether or not she had income, or, if she had none, fails to file jointly.

A couple filing jointly gets the lowest tax rate. A husband filing separately, because his wife failed to sign with him, gets the exemption for her but is hit with a higher tax rate.

If your wife had 1965 income, no matter how small, you cannot claim her exemption unless she files jointly with you and reports the income. If it was $600 or more, she would, like everyone else, have to file a return.

—:—

SHE COULD do it jointly with you or separately. If separately, she'd take her own exemption. But if her income was less than $600, which wouldn't require a return and she failed to file jointly with you, you'd be wasting part of the $600 exemption you could have had.

Everyone filing a return gets a standard deduction for personal expenses without itemizing to prove them. If your expenses exceeded the standard, you can claim them fully but only by itemizing.

There are two standard deductions: the 10 per cent standard and the minimum standard. The two standards, along with the tax tables and the tax-rate schedules for determining your tax, were explained in No. 2 in this series.

But, when a married couple files separate returns, if one uses the 10 per cent standard deduction, both must; if one uses the minimum standard, both must; if one itemizes, both must.

—:—

CERTAIN widows and widowers get a lower tax rate if they can qualify as surviving spouse.

If your husband or wife died in 1965, you can generally claim a $600 exemption for him or her on your return, if you did not remarry in 1965. You file it as a joint return reporting any 1965 income the deceased had, and using tax table B or tax rate schedule No. 2, both of which have the lowest tax rate.

Further, if you meet the following conditions, you can still use table B or schedule No. 2 even though your wife or husband died in 1964 or 1963:

You must have been entitled to file a joint return with him or her for the year of death; you have not remarried; you have a child or stepchild who qualifies as your dependent; and you furnish over half the cost of your home which is the principal residence of your child or stepchild.

If you meet those conditions you can use table B or schedule No. 2, listing your own income, exemptions and deductions. But — you cannot claim an exemption for a husband or wife who died in 1964 or 1963.

Individuals who can qualify as head of household get a lower tax rate than allowed if they had to file as single persons. You qualify if:

—:—

YOU WERE unmarried or legally separated at the end of 1965 or were married by the end of the year to someone who for part of the year was a nonresident alien; you must have furnished over half the cost of your home which was the main residence for the year for yourself and your unmarried child, stepchild or grandchild, even though not a dependent of yours, or of any relative you can claim as a dependent or, if you paid more than half the cost of maintaining a home for your mother or father, if either can qualify as your dependent.

You cannot claim you maintained a home for a parent if you were paying for him or her in a home for the aged. But, if you meet qualifications listed above, you can use tax table B or tax rate schedule No. 3.

3 More Pay Fine In 'Chain' Crash

Three more drivers involved in a five - way "chain reaction" crash Monday morning on the California Hollow section of the Freeway paid a fine of $10 and costs today in Municipal Court.

They were listed as Hazel Melissa Torrence, 46, of Carroll Rd., Kenneth Lionel Myers, 55, of R. D. 2 and Gerald Dean Felton, 28, of Lisbon R. D. 1. All entered "no contest" pleas before Judge Samuel M. Chertoff on charges of failure to stop within the assured clear distance.

Four of five drivers involved in the pileup were cited by the patrol, all on the same charge. A 19-year-old Bell School Rd. driver was fined on the same charge Tuesday morning.

Judge Chertoff warned each of the drivers that a car must be kept under control at all times, even on an icy road. He commented that a speed of 30 miles an hour on slippery pavement "is just dangerous as 70 on a dry road."

Officers Are Installed By Wellsville Kiwanis

New officers, headed by Supt. Lowell Myers, president, were seated during the annual installation banquet of the Wellsville Kiwanis Club Tuesday night at the SOI Hotel.

Also installed was William Bush as secretary. He was elected by the Board of Directors.

Perfect attendance awards were presented Tom Piatt for 11 years, Bush for five years, Cedric Stanway for four years and George Wilson for two years.

Bruce Cox of Steubenville, district lieutenant governor, was installing officers. He was accompanied by his wife.

Ladies Night was observed, with 34 present. A social period followed the dinner.

Myers distributed tickets for the movie "Operation Crossbow" to be shown Feb. 14 at 7:30 p.m. at the Liberty Theater under sponsorship of Kiwanis.

The movie concerns espionage during World War II and features Sophia Loren and George Peppard.

Myers said all seats are 75 cents and termed the picture "suitable for children."

Tickets may be obtained from any club member.

Your Income Tax Return

Filing Tips For Husbands, Wives

EDITOR'S NOTE—If a couple files a joint income tax return, the lowest rate applies. Also, individuals who qualify as heads of households get a lower rate than if they file as single persons. This article, third of a series of five, goes into such matters.

By JAMES MARLOW

WASHINGTON (AP) — Here are a few rules on the 1965 income tax returns of married couples and those individuals who get a tax break if they qualify as head of household or surviving spouse.

A husband and wife almost always save by filing a joint return, rather than separately. To be joint, a return must be signed by both. A wife is not a dependent for income tax purposes. The rules on wives and dependents are not the same.

—:—

YOU WERE considered married or divorced for all of 1965 if you were married or divorced as late as last Dec. 31. You get no exemption for a wife divorced in 1965 even though you paid more than half her support.

Anyone under 65 filing a return gets a $600 exemption for himself — $1,200 if 65 or older — plus $600 if blind. The same exemptions apply to a wife if she files jointly with you, whether or not she had income, or, if she had none, fails to file jointly.

A couple filing jointly gets the lowest tax rate. A husband filing separately, because his wife failed to sign with him, gets the exemption for her but is hit with a higher tax rate.

If your wife had 1965 income, no matter how small, you cannot claim her exemption unless she files jointly with you and reports the income. If it was $600 or more, she would, like everyone else, have to file a return.

—:—

SHE COULD do it jointly with you or separately. If separately, she'd take her own exemption. But if her income was less than $600, which wouldn't require a return and she failed to file jointly with you, you'd be wasting part of the $600 exemption you could have had.

Everyone filing a return gets a standard deduction for personal expenses without itemizing to prove them. If your expenses exceeded the standard, you can claim them fully but only by itemizing.

There are two standard deductions: the 10 per cent standard and the minimum standard. The two standards, along with the tax tables and the tax-rate schedules for determining your tax, were explained in No. 2 in this series.

But, when a married couple files separate returns, if one uses the 10 per cent standard deduction, both must; if one uses the minimum standard, both must; if one itemizes, both must.

—:—

CERTAIN widows and widowers get a lower tax rate if they can qualify as surviving spouse.

If your husband or wife died in 1965, you can generally claim a $600 exemption for him or her on your return, if you did not remarry in 1965. You file it as a joint return reporting any 1965 income the deceased had, and using tax table B or tax rate schedule No. 2, both of which have the lowest tax rate.

Further, if you meet the following conditions, you can still use table B or schedule No. 2 even though your wife or husband died in 1964 or 1963:

You must have been entitled to file a joint return with him or her for the year of death; you have not remarried; you have a child or stepchild who qualifies as your dependent; and you furnish over half the cost of your home which is the principal residence of your child or stepchild.

If you meet those conditions you can use table B or schedule No. 2, listing your own income, exemptions and deductions. But — you cannot claim an exemption for a husband or wife who died in 1964 or 1963.

Individuals who can qualify as head of household get a lower tax rate than allowed if they had to file as single persons. You qualify if:

—:—

YOU WERE unmarried or legally separated at the end of 1965 or were married by the end of the year to someone who for part of the year was a nonresident alien; you must have furnished over half the cost of your home which was the main residence for the year for yourself and your unmarried child, stepchild or grandchild, even though not a dependent of yours, or of any relative you can claim as a dependent or, if you paid more than half the cost of maintaining a home for your mother or father, if either can qualify as your dependent.

You cannot claim you maintained a home for a parent if you were paying for him or her in a home for the aged. But, if you meet qualifications listed above, you can use tax table B or tax rate schedule No. 3.

3 More Pay Fine In 'Chain' Crash

Three more drivers involved in a five - way "chain reaction" crash Monday morning on the California Hollow section of the Freeway paid a fine of $10 and costs today in Municipal Court.

They were listed as Hazel Melissa Torrence, 46, of Carroll Rd., Kenneth Lionel Myers, 55, of R. D. 2 and Gerald Dean Felton, 28, of Lisbon R. D. 1. All entered "no contest" pleas before Judge Samuel M. Chertoff on charges of failure to stop within the assured clear distance.

Four of five drivers involved in the pileup were cited by the patrol, all on the same charge. A 19-year-old Bell School Rd. driver was fined on the same charge Tuesday morning.

Judge Chertoff warned each of the drivers that a car must be kept under control at all times, even on an icy road. He commented that a speed of 30 miles an hour on slippery pavement "is just dangerous as 70 on a dry road."

Out Of The Air

By HAL HUMPHREY

TV Relies On Others' Creations

Television continues to be mostly a transmission belt for other art forms. It has yet to exercise the right to create its own art, and the way things are going now it never will.

Hal Humphrey

The fear of running out of old movies, which now occupy eight hours a week of network prime time and next season expand to 10 hours, has not driven TV executives to the drawing boards. Instead they are entering into partnership with movie studios to make new features for TV and theaters.

-:-

THIS IS an unholy alliance as far as the public is concerned, because if the new partners decide a picture they have produced is better than they anticipated, then they release it to movie houses first. Those who don't pay to see it can see it at home later—between commercials.

An example of this now-you-see-it-now-you-don't game was demonstrated last week by CBS and Universal City Studios, which had partnered to remake a two-hour TV version of "The Plainsman," a 1936 original shot at Paramount with Gary Cooper and Jean Arthur.

The new "telefilm" picture with Don Murray, Guy Stockwell and Abby Dalton was scheduled to air Feb. 10 in CBS-TV's Thursday Night Movie time period. However, so pleased with the new film was Lew Wasserman, Universal's shrewd chief, that he suggested it be shown in theaters first.

-:-

IF CBS' conscience was disturbed over already having grabbed millions of dollars in advance publicity space for the TV showing of "The Plainsman," it was eased by Wasserman's offering CBS the old movie "Harvey" starring Jimmy Stewart (for a later relese) plus a cut-down hour version of "The Plainsman" which the network could consider as a pilot film for a TV series.

CBS, of course, also is understood to be participating in any profits from the theatrical release of "The Plainsman" (new version).

The same network is negotiating similar telefilm development deals with Columbia Pictures and Warner Bros. Also, Universal has contracted with NBC to produce a minimum of six two-hour telefilms for that network's 1966-67 season, ostensibly under the same double release arrangement for theaters and TV.

-:-

"MOVIES have proved to be as consistently strong as any TV programming except runaway hits like a 'Lucy' or 'Beverly Hillbillies'," says Michael Dann, head of TV programming at CBS, who defends this movie studio alliance on grounds of quality.

"From $2.5 million to $8 million movies are difficult to compete against," Dann adds, referring to the original cost of some of the newer old movies now seen on TV.

According to reports, the cost of "The Plainsman" telefilm was $1 million, which is considerably more than the usual TV budget, but then there is the take from the theater box office receipts in which TV will share.

When Dann is asked if the entertainment side of TV is likely to ever return to a policy of drama series written for and tailored to TV, he is evasive and talks about doing "specials" on the occasional basis now reserved for such programs.

-:-

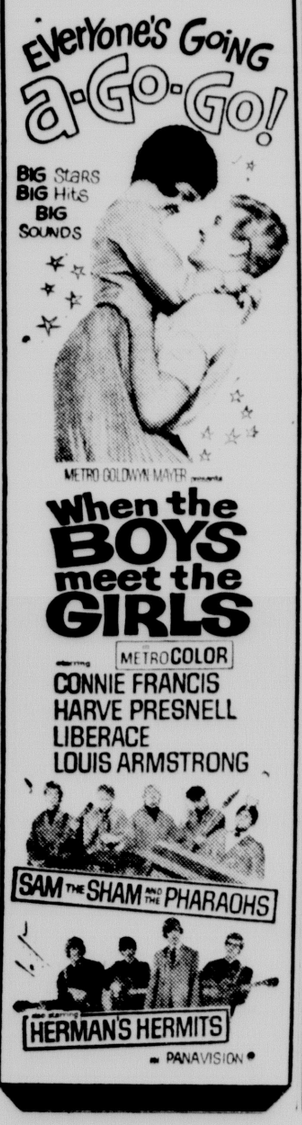

IT HAS BEEN reported that CBS is talking to Lee Cobb about revising his stage role in "Death of a Salesman" as one of these drama specials.

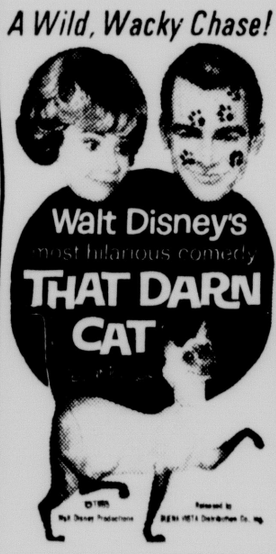

Even those things which TV would like to claim as its own, like situation comedy, game shows, etc., actually were all parented by radio. Perhaps it is true "live" TV for drama can't compete in slickness and flexibility with film techniques, but perhaps it also is true that TV has preferred to take a path of least resistance—relying on borrowing as safer than creating.

CBS-TV's recent National Health Test certainly is an example of what the medium can do when it applies its own ingenuity. It was important and educational, and although it certainly isn't going to rate as high an audience as an old Clark Gable movie, it gave TV a reason for being beyond that of just a purveyor of retreaded movies and rejuvenated radio formats.

The ingenuity trend in TV, though, does not seem to be a flourishing one.

WE REGRET TO MAKE THIS ANNOUNCEMENT
We tried to give the movie going public of East Liverpool and surrounding communities movie entertainment at the lowest admission prices possible.
We established a Wednesday ten cents admission night. Hoping it would give families a chance to see a movie at very little cost.
But now due to circumstances beyond our control, we are forced to discontinue these ten cent nights to the children and teenagers only, due to their bad behavior in the theater, and also causing hundreds of dollars in damage to the theatre property.
Adults will still be admitted for 10c but, everyone under 18 years, the admission will be 25c. Children under 12 years accompanied by an adult will be admitted for 10c.

Cincinnati CAC Plan To Hike Public Image Due Resistance

CINCINNATI (AP) — A plan by the Community Action Commission here to boost its public image has met with resistance from at least two commission members and others.

The Cincinnati CAC, local arm of the federal antipoverty program, announced plans Monday to spend $36,000 a year to improve public relations.

Tuesday, Willis D. Gradison Jr., an unpaid commission member, said he resigned because he could not be a party "to wasteful expenditure of public funds."

"There is no evidence that this ($36,000) will directly or indirectly be of assistance to the poor in our community," Gradison, a city councilman, said in a letter to Dr. Henry Ryder, CAC president.

"I believe that the needs of the poor should come first—before self-serving public relations activities, and I certainly would hope that the commission would see fit to reconsider its vote," Gradison added.

The CAC voted 11-7 to spend $10,000-$12,000 a year for a community information director; $6,000-$7,000 for a staff writer; $7.50 an hour for 100 hours' work for a photographer, and $5,000-$6,000 for an office secretary.

Thomas A. Luken, also a councilman and commission member, said he would ask the CAC to reconsider its decision. The program still has to be approved by the U. S. Office of Economic Opportunity.

"The whole idea of a governmental unit having a high paid PR person to dish out handfuls is dangerous," Luken said.

Ryder said he knew initial reaction was not good. But he said he felt it would help in the long run because "the more people know about us, the more it will increase their understanding of what we are trying to do."

Ryder said the $36,000 is partly needed to tell the poor that services are available to them. "If we didn't have communications we wouldn't get to first base."

Pennsylvania's Probe Of State Police In Recess

HARRISBURG (AP)—Public hearings in a House investigation of the State Police are in recess until Feb. 7.

Chairman Ronald G. Lench, D-Beaver, said at the conclusion of Tuesday's interrogation of Commissioner E. Wilson Purdy that the morale phase of the probe will be laid aside temporarily while the committee goes into the administration's request for 300 additional troopers.

Lench said an interim report would be made by the committee of its finding on the manpower request.

The 10-member committee was created to look into reports of low morale among troopers resulting from Purdy's promotion and transfer policies.

Purdy, the only witness Tuesday, denied that he had downgraded Maj. Rocco P. Urella, chief of staff inspections, for testifying last Dec. 2 that morale in seven state police troops was found to be "generally not too good" during inspections in 1964 and 1965.

Fall Claims Woman: Was Helpless 2 Days

CINCINNATI (AP)—Mrs. Cecilia Heyl, 61, fell in her basement and was helpless for two days. She died Tuesday apparently of injuries suffered in the fall, police said.

She was found Monday night by police after her daughter, Mrs. B. J. Peckskamp, said she couldn't gain entrance to the house.

Specialist Criticizes Wiggle Of Women When They Walk

LONDON (AP) — Doing what comes naturally puts the wiggle in a woman's walk, says blonde actress Diane Cilento. But others in the movie glamor set agree with an American surgeon's theory that the girls do it deliberately.

Dr. Louis H. Paradies, a bone specialist who teaches at the University of Texas Southwestern Medical School in Dallas, told a medical meeting in Chicago that there is no physiological reason for a woman to wiggle while walking.

"The female walk can be put on," he said.

"Oh I don't believe it," declared Miss Cilento, blonde wife of actor Sean Connery. "Women wiggle naturally. They are more flexible creatures than men and more mobile. That's why they wiggle."

In Hollywood, Ann-Margret, one of the prettiest wigglers in the American film colony, said: "I've never been conscious of how I walk from the waist down. I do try to keep my shoulders straight.

"I would never walk like a man. What fun would there be in that?"

Paradies said movies made of women walking showed that those who wiggle take short steps and keep their knees stiff. High heels have nothing to do with the female gait, he added.

"It's obvious the professor has never worn high heels," sniffed Marlo Thomas, actress daughter of American comedian Danny Thomas. She is currently starring in the London company of "Barefoot in the Park."

Ursula Andress, once described as the finest sample of Swiss landscape after the Alps, went along with the professor's views.

"Wiggling is very pretty if you do it right," she said, "but it's not necessary."

German-born Lava Raki also agreed with Paradies: "The wiggle is just as deliberate and seductive as Eve producing the apple. But it mustn't be overdone — after all, even a little wiggle can be a dangerous thing."

Ash-blonde Sharon Tate, an American making a film in England, summed up both arguments.

"Even if a girl's wiggle is an affected trait — and I'm not convinced it is — as long as it's attractive, well, who cares?"

Gulf Corp. Reports Record In Net Income

PITTSBURGH (AP) — Record net income of $427 million has been reported by Gulf Oil Corp. for 1965.

Gulf said Tuesday that this was an eight per cent increase over the previous record of $395 million for 1964.

The 1965 earnings were equal to $4.12 a share, compared to $3.81 cents in the previous year.

Chairman E. D. Brockett said higher levels of crude oil and natural gas production and chemical and product sales contributed to the record.

Sales figures were not disclosed in the preliminary report.

Widow Testifies In Murder Trial

MARION, Ohio (AP) — The widow of a Marion factory worker testified Tuesday in Marion County Common Pleas Court that she had gone out with Roy W. Debo several times in the months before the death of her husband, whom Debo is accused of slaying.

The widow, Mrs. Kramer H. Bowden, was one of 18 witnesses called by the state in the first two days of the trial. The state rested its case Tuesday, and Debo was scheduled to take the stand today.

Debo, a 43-year-old army veteran and former auto repair shop owner, has pleaded innocent by reasons of self defense to the first degree murder charges. Defense attorney Thomas C. Fetter said in opening statements Monday that Bowden had pursued Debo in an auto chase before the slaying.

Bowden was shot to death last June 29 at a rural intersection near Larue, 17 miles southwest of here.

Boy Sought For Setting Fatal Blaze

YONKERS, N.Y. (AP) — A boy who was being helped by the city's antipoverty program was sought today on a charge of setting a fire in the Yonkers Jewish Community Center that killed 12 persons.

Nine children and three adults died Dec. 20 in the fire that police said was set by Thomas Ruppert, 17, a high school student who worked part-time at the center.

A warrant was issued Tuesday for Ruppert's arrest on a charge of first-degree arson.

A Yonkers police officer said today that Ruppert had not been located.

Police Chief William Polsen said Ruppert worked at the center as a part-time maintenance helper on assignment from the Yonkers Neighborhood Youth Corps and was on duty at the time of the fire. The corps is part of the city's antipoverty program.

Polsen said Tuesday night his department had "obtained evidence that the fire was deliberately set and originated in the southeast wing of the building in the vicinity of the third and fourth floors."

Police Capt. Frank Vescio said he knew the motive but declined to make it public.

The victims were trapped in a music room on the top floor of the four-story building.

Ruppert is one of eight children. His father operates a truck for a diaper service and his mother is critically ill in a hospital.

Out Of The Air

By HAL HUMPHREY

TV Relies On Others' Creations

Television continues to be mostly a transmission belt for other art forms. It has yet to exercise the right to create its own art, and the way things are going now it never will.

Hal Humphrey

The fear of running out of old movies, which now occupy eight hours a week of network prime time and next season expand to 10 hours, has not driven TV executives to the drawing boards. Instead they are entering into partnership with movie studios to make new features for TV and theaters.

THIS IS an unholy alliance as far as the public is concerned, because if the new partners decide a picture they have produced is better than they anticipated, then they release it to movie houses first. Those who don't pay to see it can see it at home later—between commercials.

An example of this now-you-see-it-now-you-don't game was demonstrated last week by CBS and Universal City Studios, which had partnered to remake a two-hour TV version of "The Plainsman," a 1936 original shot at Paramount with Gary Cooper and Jean Arthur.

The new "telefilm" picture with Don Murray, Guy Stockwell and Abby Dalton was scheduled to air Feb. 10 in CBS-TV's Thursday Night Movie time period. However, so pleased with the new film was Lew Wasserman, Universal's shrewd chief, that he suggested it be shown in theaters first.

-:-

IF CBS' conscience was disturbed over already having grabbed millions of dollars in advance publicity space for the TV showing of "The Plainsman," it was eased by Wasserman's offering CBS the old movie "Harvey" starring Jimmy Stewart (for a later relese) plus a cut-down hour version of "The Plainsman" which the network could consider as a pilot film for a TV series.

CBS, of course, also is understood to be participating in any profits from the theatrical release of "The Plainsman" (new version).

The same network is negotiating similar telefilm development deals with Columbia Pictures and Warner Bros. Also, Universal has contracted with NBC to produce a minimum of six two-hour telefilms for that network's 1966-67 season, ostensibly under the same double release arrangement for theaters and TV.

-:-

"MOVIES have proved to be as consistently strong as any TV programming except runaway hits like a 'Lucy' or 'Beverly Hillbillies'," says Michael Dann, head of TV programming at CBS, who defends this movie studio alliance on grounds of quality.

"From $2.5 million to $8 million movies are difficult to compete against," Dann adds, referring to the original cost of some of the newer old movies now seen on TV.

According to reports, the cost of "The Plainsman" telefilm was $1 million, which is considerably more than the usual TV budget, but then there is the take from the theater box office receipts in which TV will share.

When Dann is asked if the entertainment side of TV is likely to ever return to a policy of drama series written for and tailored to TV, he is evasive and talks about doing "specials" on the occasional basis now reserved for such programs.

-:-

IT HAS BEEN reported that CBS is talking to Lee Cobb about revising his stage role in "Death of a Salesman" as one of these drama specials.

Even those things which TV would like to claim as its own, like situation comedy, game shows, etc., actually were all parented by radio. Perhaps it is true "live" TV for drama can't compete in slickness and flexibility with film techniques, but perhaps it also is true that TV has preferred to take a path of least resistance—relying on borrowing as safer than creating.

CBS-TV's recent National Health Test certainly is an example of what the medium can do when it applies its own ingenuity. It was important and educational, and although it certainly isn't going to rate as high an audience as an old Clark Gable movie, it gave TV a reason for being beyond that of just a purveyor of retreaded movies and rejuvenated radio formats.

The ingenuity trend in TV, though, does not seem to be a flourishing one.

WE REGRET TO MAKE THIS ANNOUNCEMENT

We tried to give the movie going public of East Liverpool and surrounding communities movie entertainment at the lowest admission prices possible.

We established a Wednesday ten cents admission night. Hoping it would give families a chance to see a movie at very little cost.

But now due to circumstances beyond our control, we are forced to discontinue these ten cent nights to the children and teenagers only, due to their bad behavior in the theater, and also causing hundreds of dollars in damage to the theatre property.

Adults will still be admitted for 10c but, everyone under 18 years, the admission will be 25c. Children under 12 years accompanied by an adult will be admitted for 10c.

Cincinnati CAC Plan To Hike Public Image Due Resistance

CINCINNATI (AP) — A plan by the Community Action Commission here to boost its public image has met with resistance from at least two commission members and others.

The Cincinnati CAC, local arm of the federal antipoverty program, announced plans Monday to spend $36,000 a year to improve public relations.

Tuesday, Willis D. Gradison Jr., an unpaid commission member, said he resigned because he could not be a party "to wasteful expenditure of public funds."

"There is no evidence that this ($36,000) will directly or indirectly be of assistance to the poor in our community," Gradison, a city councilman, said in a letter to Dr. Henry Ryder, CAC president.

"I believe that the needs of the poor should come first—before self-serving public relations activities, and I certainly would hope that the commission would see fit to reconsider its vote," Gradison added.

The CAC voted 11-7 to spend $10,000-$12,000 a year for a community information director; $6,000-$7,000 for a staff writer; $7.50 an hour for 100 hours' work for a photographer, and $5,000-$6,000 for an office secretary.

Thomas A. Luken, also a councilman and commission member, said he would ask the CAC to reconsider its decision. The program still has to be approved by the U. S. Office of Economic Opportunity.

"The whole idea of a governmental unit having a high paid PR person to dish out handfuls is dangerous," Luken said.

Ryder said he knew initial reaction was not good. But he said he felt it would help in the long run because "the more people know about us, the more it will increase their understanding of what we are trying to do."

Ryder said the $36,000 is partly needed to tell the poor that services are available to them. "If we didn't have communications we wouldn't get to first base."

Specialist Criticizes Wiggle Of Women When They Walk

LONDON (AP) — Doing what comes naturally puts the wiggle in a woman's walk, says blonde actress Diane Cilento. But others in the movie glamor set agree with an American surgeon's theory that the girls do it deliberately.

Dr. Louis H. Paradies, a bone specialist who teaches at the University of Texas Southwestern Medical School in Dallas, told a medical meeting in Chicago that there is no physiological reason for a woman to wiggle while walking.

"The female walk can be put on," he said.

"Oh I don't believe it," declared Miss Cilento, blonde wife of actor Sean Connery. "Women wiggle naturally. They are more flexible creatures than men and more mobile. That's why they wiggle."

In Hollywood, Ann-Margret, one of the prettiest wigglers in the American film colony, said: "I've never been conscious of how I walk from the waist down. I do try to keep my shoulders straight.

"I would never walk like a man. What fun would there be in that?"

Paradies said movies made of women walking showed that those who wiggle take short steps and keep their knees stiff. High heels have nothing to do with the female gait, he added.

"It's obvious the professor has never worn high heels," sniffed Marlo Thomas, actress daughter of American comedian Danny Thomas. She is currently starring in the London company of "Barefoot in the Park."

Ursula Andress, once described as the finest sample of Swiss landscape after the Alps, went along with the professor's views.

"Wiggling is very pretty if you do it right," she said, "but it's not necessary."

German-born Lava Raki also agreed with Paradies: "The wiggle is just as deliberate and seductive as Eve producing the apple. But it mustn't be overdone — after all, even a little wiggle can be a dangerous thing."

Ash-blonde Sharon Tate, an American making a film in England, summed up both arguments.

"Even if a girl's wiggle is an affected trait — and I'm not convinced it is — as long as it's attractive, well, who cares?"

Gulf Corp. Reports Record In Net Income

PITTSBURGH (AP) — Record net income of $427 million has been reported by Gulf Oil Corp. for 1965.

Gulf said Tuesday that this was an eight per cent increase over the previous record of $395 million for 1964.

The 1965 earnings were equal to $4.12 a share, compared to $3.81 cents in the previous year.

Chairman E. D. Brockett said higher levels of crude oil and natural gas production and chemical and product sales contributed to the record.

Sales figures were not disclosed in the preliminary report.

New York City has built 265 new public elementary and secondary schools in the last 12 years.

Widow Testifies In Murder Trial

MARION, Ohio (AP) — The widow of a Marion factory worker testified Tuesday in Marion County Common Pleas Court that she had gone out with Roy W. Debo several times in the months before the death of her husband, whom Debo is accused of slaying.

The widow, Mrs. Kramer H. Bowden, was one of 18 witnesses called by the state in the first two days of the trial. The state rested its case Tuesday, and Debo was scheduled to take the stand today.

Debo, a 43-year-old army veteran and former auto repair shop owner, has pleaded innocent by reasons of self defense to the first degree murder charges. Defense attorney Thomas C. Fetter said in opening statements Monday that Bowden had pursued Debo in an auto chase before the slaying.

Bowden was shot to death last June 29 at a rural intersection near Larue, 17 miles southwest of here.

Boy Sought For Setting Fatal Blaze

YONKERS, N.Y. (AP) — A boy who was being helped by the city's antipoverty program was sought today on a charge of setting a fire in the Yonkers Jewish Community Center that killed 12 persons.

Nine children and three adults died Dec. 20 in the fire that police said was set by Thomas Ruppert, 17, a high school student who worked part-time at the center.

A warrant was issued Tuesday for Ruppert's arrest on a charge of first-degree arson.

A Yonkers police officer said today that Ruppert had not been located.

Police Chief William Polsen said Ruppert worked at the center as a part-time maintenance helper on assignment from the Yonkers Neighborhood Youth Corps and was on duty at the time of the fire. The corps is part of the city's antipoverty program.

Polsen said Tuesday night his department had "obtained evidence that the fire was deliberately set and originated in the southeast wing of the building in the vicinity of the third and fourth floors."

Police Capt. Frank Vescio said he knew the motive but declined to make it public.

The victims were trapped in a music room on the top floor of the four-story building.

Ruppert is one of eight children. His father operates a truck for a diaper service and his mother is critically ill in a hospital.

Junior Editors Quiz on NEWSPAPERS

QUESTION: Did newspapers start printing, or was it the other way around?

★ ★ ★

ANSWER: It is said that the first newspaper—or publication regularly giving news—was the Chinese court journal, "Tsing Pao," which began in the 500's and ran until 1935. Before this, the Chinese had been printing from carved blocks, so it may be said that printing came first. Movable type (2) with single carved type letters which could be put together into words, was introduced by Gutenberg in the 1550's. Here again, printing came first, for it was not until the 1600's that regularly issued papers appeared in Germany and England.

The first American newspaper, "Publick Occurances Both Forreign and Domestick," began publication in 1690, but was suppressed by the English authorities. However, by the time of the Revolution, there were at least 35 newspapers publishing. Their importance was recognized by such leaders as Washington and Jefferson. In printing most newspapers these days, lines of type are set up by operators of linotype machines, who work from typed scripts. Impressions of the pages are stamped into paper mats, and hot metal poured into these, producing plates which are curved into rollers. The rollers are inked, newsprint paper passes over them, and newspaper pages appear in rapid succession.

★ ★ ★

FOR YOU TO DO: If you have an idea that newspapers are for grownups only, look carefully through the pages of your local paper. You'll be delighted to find many things that appeal to the interest of your own age group.

How Can I?

By ANNE ASHLEY

Q. — How can I keep the drain pipes in my kitchen sink and laundry tubs free of grease and disagreeable odors?

A. — By making a practice of rinsing these pipes out at least once every week with strong, hot, salt water.

Q. — Can you suggest a good "emergency" underarm deodorant?

A. — Dry bicarbonate of soda is quite effective. While this doesn't check the perspiration itself, it does check the odor.

Q.—How can I remove black scuff marks, dabs of crayon and pencil marks from a waxed floor?

A. — Rub with a little self-polishing floor wax. The wax dissolves these marks and blends with the rest of the floor without leaving a bare spot. You can use this treatment on asphalt tile floors, too.

Q. — How can I make my own copper polish?

A. — A jar of paste made by blending flour, salt, and vinegar can be kept near your soap and cleanser. Rub this on your copper pans after washing, then rinse. Dry with a soft towel or paper toweling.

Strabley Chosen Salineville Red Cross Group Chairman

SALINEVILLE — Freeman A. Strabley of Salineville will serve as chairman of a Salineville and Washington Township Red Cross committee, officials of the Area Red Cross Chapter announced today.

Strabley, a member of the chapter board of directors, is an aide for the Columbiana County commissioners.

His selection was announced during an organizational meeting of the committee Tuesday night at the Village Hall.

The committee's responsibilities in disaster emergencies and for service to military families were discussed. Mrs. Georgia Beckwith, who has been a chapter volunteer the last 10 years, will serve again this year as chairman for the 1966 Red Cross Fund campaign here. She also will continue her assistance as the contact for the chapter's services to military families program.

Mrs. Beckwith will recruit a group of volunteers from the township to assist with these services.

Attending the meeting were Chris Pallis, the disaster services chairman, and Miss Mary Catherine Brady, executive director for the area chapter, from East Liverpool; Strabley, Mayor Stanley Fitch, Fire Chief Tony Brandonisio, Mrs. Beckwith and James Coughen from Salineville. Philip Ray Maher is also a member of the township Red Cross Committee.

Ohio Girl Wins Pillsbury's Bake-Off Prize Of $2,000

SAN FRANCISCO (AP) — Kathy Lunsford, a 16-year-old Ohio girl who won the Pillsbury Co. Bake-Off's $2,000 junior division prize, says she'll use the money for college.

Kathy won first place with her recipe for "Mandarin Dream Pie," which takes only about 10 minutes to prepare. She says she first served it to her family in their Bolivar, Ohio, home.

"They thought it was delicious and I should enter the bake-off with it," she said. She had entered the baking contest twice before.

Kathy is a freshman at Tuscarawas Valley High School in Bolivar. She is active in the school band, chorus, 4-H club and school dramatics. Her curriculum does not include home economics.

She says she hopes to study history in college and become a history teacher.

Mandarin Dream Pie

½ cup butter
1 cup flour
¼ cup firmly packed brown sugar
⅛ teaspoon ginger
½ cup finely chopped walnuts
¾ cup milk
1 cup dairy sour cream
1 tablespoon prepared grated orange peel
3¾ ounce package instant vanilla pudding six
½ cup orange marmalade
1 to 2 tablespoons water
½ cup well-drained mandarin orange segments

Melt butter in 11 x 7 inch pan. Add flour, sugar, ginger, and walnuts. Mix well. Bake at 350 for 10 to 12 minutes, sirring occasionally. Reserve ¼ cup of crumb mixture for garnish; press remainder onto bottom and sides of 8-inch pie pan.

In small mixer bowl, combine milk, sour cream, orange peel and pudding mix. Mix at high speed of mixer about 30 seconds or until very thick. Pour into crumb crust. Chill.

Heat orange marmalade with water, stirring constantly, until marmalade melts. Arrange orange segments on filling. Spoon marmalade glaze over top. Sprinkle with reserve crumbs. Chill.

Tip: Vanilla filling may be prepared in a blender.

The number of passenger cars increased by nearly 15.5 million in the last six years to more than 75 million at the end of 1965.

Ashbrook Says Rhodesia Won't Give Up Easily

SALISBURY, Rhodesia (AP) —Ohio Congressman John M. Ashbrook's initial reaction to talking with Rhodesian officials Tuesday was that "these people are not going to be ground down easily."

Ashbrook, Licking County Republican, met Prime Minister Ian Smith for the first time and commented that he is a "very formidable gentleman."

"This is an independent nation whether anyone likes it or not," Ashbrook said of the country that recently broke away from the British Commonwealth.

Ashbrook is here for several days with Dr. Max Yergan and Ralph De Toledano of the American African Affairs Association.

On what he calls a fact-finding tour, Ashbrook also talked to several African opposition members of parliament. He said they disagreed on when control of the government would be vested in the African majority of the population.

Have First Grandson

COLUMBUS, Ohio (AP)—Gov. and Mrs. James A. Rhodes' first grandson weighed in at 9 pounds 13 ounces on arrival at Riverside Hospital Tuesday night. The parents are Mr. and Mrs. Richard Moore, who also have a small daughter. Mrs. Moore, who is the governor's daughter, and the infant boy were in good condition.

Rhodes To Hang 'Gone Fishing' Sign Thursday

COLUMBUS, Ohio (AP)—Gov. James A. Rhodes will put up the "gone fishing" sign in his office Thursday.

He's taking a trip to Port Clinton that will include a sampling of one of the Buckeye State's biggest recreation activities—Lake Erie ice fishing.

The governor said he is taking the trip to further the industrial economic development of northern Ohio and to call attention "to the greatest ice fishing recreation opportunity in North America."

Accompanying the governor will be a number of state officials and some newmen. They will have breakfast at the Island House Hotel at 8:30 a.m. where industrial development of the area will be discussed with Mayor Gordon Cooper and civic leaders.

4-H Club Congress To Break Tradition

COLUMBUS, Ohio (AP)—The Ohio 4-H Club Congress will break a long-standing tradition this year by shifting the date of the annual event to July 6-9 instead of in September. It will be held on the Ohio State University campus.

Albert F. Gehres, assistant director of the Ohio Cooperative Extension Service and state 4-H leader, said the shift was made to avoid school conflicts for many of the 900 young delegates who attend the Congress.

Strabley Chosen Salineville Red Cross Group Chairman

SALINEVILLE — Freeman A. Strabley of Salineville will serve as chairman of a Salineville and Washington Township Red Cross committee, officials of the Area Red Cross Chapter announced today.

Strabley, a member of the chapter board of directors, is an aide for the Columbiana County commissioners.

His selection was announced during an organizational meeting of the committee Tuesday night at the Village Hall.

The committee's responsibilities in disaster emergencies and for service to military families were discussed. Mrs. Georgia Beckwith, who has been a chapter volunteer the last 10 years, will serve again this year as chairman for the 1966 Red Cross Fund campaign here. She also will continue her assistance as the contact for the chapter's services to military families program.

Mrs. Beckwith will recruit a group of volunteers from the township to assist with these services.

Attending the meeting were Chris Pallis, the disaster services chairman, and Miss Mary Catherine Brady, executive director for the area chapter, from East Liverpool; Strabley, Mayor Stanley Fitch, Fire Chief Tony Brandonisio, Mrs. Beckwith and James Coughen from Salineville. Philip Ray Maher is also a member of the township Red Cross Committee.

Ohio Girl Wins Pillsbury's Bake-Off Prize Of $2,000

SAN FRANCISCO (AP) — Kathy Lunsford, a 16-year-old Ohio girl who won the Pillsbury Co. Bake-Off's $2,000 junior division prize, says she'll use the money for college.

Kathy won first place with her recipe for "Mandarin Dream Pie," which takes only about 10 minutes to prepare. She says she first served it to her family in their Bolivar, Ohio, home.

"They thought it was delicious and I should enter the bake-off with it," she said. She had entered the baking contest twice before.

Kathy is a freshman at Tuscarawas Valley High School in Bolivar. She is active in the school band, chorus, 4-H club and school dramatics. Her curriculum does not include home economics.

She says she hopes to study history in college and become a history teacher.

Mandarin Dream Pie

½ cup butter
1 cup flour
¼ cup firmly packed brown sugar
⅛ teaspoon ginger
½ cup finely chopped walnuts
¾ cup milk
1 cup dairy sour cream
1 tablespoon prepared grated orange peel
3¾ ounce package instant vanilla pudding six
½ cup orange marmalade
1 to 2 tablespoons water
½ cup well-drained mandarin orange segments

Melt butter in 11 x 7 inch pan. Add flour, sugar, ginger, and walnuts. Mix well. Bake at 350 for 10 to 12 minutes, sirring occasionally. Reserve ¼ cup of crumb mixture for garnish; press remainder onto bottom and sides of 8-inch pie pan.

In small mixer bowl, combine milk, sour cream, orange peel and pudding mix. Mix at high speed of mixer about 30 seconds or until very thick. Pour into crumb crust. Chill.

Heat orange marmalade with water, stirring constantly, until marmalade melts. Arrange orange segments on filling. Spoon marmalade glaze over top. Sprinkle with reserve crumbs. Chill.

Tip: Vanilla filling may be prepared in a blender.

The number of passenger cars increased by nearly 15.5 million in the last six years to more than 75 million at the end of 1965.

Ashbrook Says Rhodesia Won't Give Up Easily

SALISBURY, Rhodesia (AP) —Ohio Congressman John M. Ashbrook's initial reaction to talking with Rhodesian officials Tuesday was that "these people are not going to be ground down easily."

Ashbrook, Licking County Republican, met Prime Minister Ian Smith for the first time and commented that he is a "very formidable gentleman."

"This is an independent nation whether anyone likes it or not," Ashbrook said of the country that recently broke away from the British Commonwealth.

Ashbrook is here for several days with Dr. Max Yergan and Ralph De Toledano of the American African Affairs Association.

On what he calls a fact-finding tour, Ashbrook also talked to several African opposition members of parliament. He said they disagreed on when control of the government would be vested in the African majority of the population.

Have First Grandson

COLUMBUS, Ohio (AP)—Gov. and Mrs. James A. Rhodes' first grandson weighed in at 9 pounds 13 ounces on arrival at Riverside Hospital Tuesday night. The parents are Mr. and Mrs. Richard Moore, who also have a small daughter. Mrs. Moore, who is the governor's daughter, and the infant boy were in good condition.

Rhodes To Hang 'Gone Fishing' Sign Thursday

COLUMBUS, Ohio (AP)—Gov. James A. Rhodes will put up the "gone fishing" sign in his office Thursday.

He's taking a trip to Port Clinton that will include a sampling of one of the Buckeye State's biggest recreation activities—Lake Erie ice fishing.

The governor said he is taking the trip to further the industrial economic development of northern Ohio and to call attention "to the greatest ice fishing recreation opportunity in North America."

Accompanying the governor will be a number of state officials and some newmen. They will have breakfast at the Island House Hotel at 8:30 a.m. where industrial development of the area will be discussed with Mayor Gordon Cooper and civic leaders.

4-H Club Congress To Break Tradition

COLUMBUS, Ohio (AP)—The Ohio 4-H Club Congress will break a long-standing tradition this year by shifting the date of the annual event to July 6-9 instead of in September. It will be held on the Ohio State University campus.

Albert F. Gehres, assistant director of the Ohio Cooperative Extension Service and state 4-H leader, said the shift was made to avoid school conflicts for many of the 900 young delegates who attend the Congress.

GOP Meeting Set

EAST PALESTINE — Officers will be installed at a dinner meeting of the Republican Women's Club tonight at 6:30 at Mackall's Restaurant. Mrs. Russell Harrold is president.
